Mary Bergen, Director
Bill Hicks, Director

Pete Kaiser, Director
James Word, Director

CASITAS MUNICIPAL WATER DISTRICT
February 23, 2011
3:00 P.M. – DISTRICT OFFICE

Right to be heard: Members of the public have a right to address the Board directly on any item of interest to the public which is within the subject matter jurisdiction of the Board. The request to be heard should be made immediately before the Board's consideration of the item. No action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of ¶54954.2 of the Government Code and except that members of a legislative body or its staff may briefly respond to statements made or questions posed by persons exercising their public testimony rights under section 54954.3 of the Government Code.

1. Public comments.
2. General Manager comments.
3. Board of Director comments.
4. Consent Agenda
 - a. Minutes of the February 9, 2011 Board Meeting.

RECOMMENDED ACTION: Adopt Consent Agenda

5. Bills
6. Committee/Manager Reports
 - a. Recreation Committee Minutes
 - b. Personnel Committee Minutes
 - c. Finance Committee Minutes

Recess Casitas Board Meeting

7. Lake Casitas Improvement Foundation Meeting
 - a. Request for funding in the amount of \$8,000 from LCIF to support a 2011 Kids Fishing Day.

RECOMMENDED ACTION: Motion approving request.

Reconvene Casitas Board Meeting

8. Recommend approval of the modification terms to the Bait & Tackle Concession Agreement to include Park Store Operations.

RECOMMENDED ACTION: Motion approving recommendation

9. Information Items:
 - a. Recreation Area Report for December 2010 and January 2011.
 - b. Investment Report
10. Adjournment

If you require special accommodations for attendance at or participation in this meeting, please notify our office 24 hours in advance at (805) 649-2251, ext. 113. (Govt. Code Section 54954.1 and 54954.2(a).

Minutes of the Casitas Municipal Water District
Board Meeting Held
February 9, 2011

A meeting of the Board of Directors was held February 9, 2011 at Casitas' Office, Oak View, California. Directors Kaiser, Word, Baggerly, and Bergen were present. Director Hicks was absent. Also present were Steve Wickstrum, General Manager, Rebekah Vieira, Clerk of the Board, and Attorney, John Mathews. There was one staff member and three members of the public in attendance. President Kaiser led the group in the flag salute.

1. Public comments.

Suza Francina, residing at 1006 Padre in Ojai spoke to the Board regarding the Recreation Fence. Ms. Francina stated I am a founding member of the Ojai Wildlife League, former Mayor of Ojai, and a health and environmental writer. I have concerns for the new fence. Construction of new fence began the day after the Ojai Wildlife League and other members of the public spoke. The fence has been up for two months. We would like to know how many of you have walked the fence line and looked at the places where the open existing fence was left and if you think of the ten openings do you think deer can cross. Has any board member or hosts seen if deer can access the lake. I have walked the fence a few times. I have heard you have installed cameras to view wildlife. I have had conversations with the Bureau of Reclamation. They think you have left legitimate access points. The public wants assurance this is true. The openings are limited as maybe an animal can get through and they were not ever designed for openings for animals but they are difficult for a boat to access. I went through every opening. Most of these openings are uphill or they have drops. It is clear we feel misled, maybe that was not your intention. Our concern is animals can not use the access points. I have heard comments from the public. I go to the lake frequently and have not seen a deer, fox or coyote. I just see birds. A former board member wrote I fully agree with the article on the Casitas prison fence. Is this the proper way for Casitas to manage these lands? The metal barrier is a waste of public funds. Our concerns are for when the drop in water comes. I have seen big herds of deer. What happens when water dries up. Will they go into town? The public would like assurance on what is going on with the fence. You tried making it brown but it still looks like a prison fence. If the Berlin wall can come down so can this. I would like a response to my questions. President Kaiser stated there is no response at this time.

Shalom Joshua asked that if you have plans to modify the fence and make it animal friendly it would make things easier and I would appreciate hearing from you if those plans are imminent. If there are no such plans then I would like to go back to the last time I spoke at this board in November and at that time we had a number of questions about the pending fence. Your board recommended that some of our questions about a biologist on the fence, your recommendation was that one our more of us access the file that exists here and the answers to questions are in the file. I came here and tried to get access to the file. I was

unable to. Mr. Wickstrum and Ms. Vieira were not here. Ms. Vieira called me that evening and we arranged for the file to be made available. It took a month before I saw the file. In mid December I saw the file. Ms Vieira was there with me. I explained appreciating seeing the file but there seemed to be some things missing from it. That is my concern to this day. I am unable to understand how this project got off the ground. I didn't see the beginning documents or discussions. What was in the file consisted of comments and contracts once the project was underway. Something I was strongly convinced existed before. To this day I have not seen any such documents. I seem to be having more difficulty in getting cooperation. I can't get copies of the flagged papers that were in the file. Ms. Vieira sent me an e-mail Jan. 12th asking if still interested in the copies. I responded to her stating of course. I still do not have the copies. She asked do you want me to mail them. I have not received them. It is wrong that a citizen with a concern about a community issue has to fight upstream to get the minimum that is a public agency. I have not run into this before. I would like your help in seeing the entire file and not have to go through this. I have copies of communications and need to know if you want to see those copies.

Director Baggerly responded we will discuss the file and the access you request and see that it gets done. President Kaiser asked if there was a specific request that was asked for. Mr. Joshua explained he wanted to see the entire file. Ms. Vieira stated she would be happy to forward the copies again. President Kaiser asked Mr. Joshua to state his address for the record. Mr. Joshua stated his address is 1205 N. Signal Street in Ojai.

Director Baggerly explained the file is what it is. The work starts with a design and initial study checklist. You may be thinking there is something in the file but that does not presuppose that it is in there.

Mr. Joshua explained I don't know your policy on documents that go in a file. In my experience looking at files there is an evolution of information. What I was aware of was of documents that were not in there. When the eight members of the Ojai Wildlife league spoke to the Board, those minutes were not in there. Director Baggerly explained that the minutes are in the agenda packets and can be accessed on the web site. Mr. Joshua responded that there was a copy of minutes from May but the November minutes were not there. President Kaiser added they are available on our website.

Director Baggerly suggested a brief description of how projects get started may be in order. The project gets started because of a need. They do the design work and bring it to the board and then the board approves or denies the project.

Ms. Francina stated I will e-mail you my questions and ask for a response. President Kaiser encouraged her to share any photos or study she is doing with staff.

2. General Manager comments.

Mr. Wickstrum reported that he and Director Baggerly attended the Matilija Dam Study Group meeting and they are discussing the BRDA site again. There was a discussion of notching the dam in the way they have done in Northern California and it was comforting to hear from the Representative from the State Water Quality Control Board that they fear those sediments have unusual nutrients and the flow would likely kick up algae events in the Ventura River. There is another meeting on February 24th and then one more meeting after that. This group was promised that there would only be four meeting held. Another reality is that now is not the time to get appropriations for this project.

Mr. Wickstrum then explained that he would be meeting with Sr. Canyon Mutual Water Company as they are looking at a merger scenario again. Director Word asked if Mr. Wickstrum could clarify if we have leaking lines up there. Mr. Wickstrum explained that staff checked and there were two backflows that were identified as potentially leaking. Both property owners have been contacted.

Mr. Wickstrum then informed the Board that the Bureau of Reclamation would be meeting with us next Wednesday.

3. Board of Director comments.

President Kaiser mentioned viewing the refurbishment of the Oak View tank and encouraged others to see it. Staff is doing a fantastic job up there.

4. Consent Agenda APPROVED

- a. Minutes of the January 26, 2010 Board Meeting.
- b. Recommend approval of a purchase order to USA Bluebook in the amount of \$22,125.48 for the purchase of ten GLI Accu 4 turbidimeters.

On the motion of Director Word, seconded by Director Baggerly and passed, the Consent Agenda was approved.

5. Bills APPROVED

On the motion of Director Baggerly, seconded by Director Word and passed, the bills were approved.

6. Committee/Manager Reports APPROVED FOR FILING

- a. Executive Committee Minutes

On the motion of Director Word, seconded by Director Baggerly and passed, the Committee/Manager Reports were approved for filing.

7. Resolution approving the Notice of Completion for the Rincon 2(m) Pipeline Replacement Project and adopting the Notice of Exemption.
ADOPTED

Director Baggerly explained that the original meaning of the statute that was passed to allow for this exemption was for oil pipelines. It was gutted in the legislature and all new language was put in. I fundamentally disagree with the statutory exemption. It somehow got expanded to any pipeline and I don't agree with that. I have a problem with the exemption and will probably vote against it on principle.

Mr. Wickstrum explained that this came from the engineers we hired to do the job. Mr. Mathews added this exemption is used all the time by water and sewer companies.

The resolution was offered by Director Word, seconded by Director Bergen and adopted by the following roll call vote:

AYES:	Directors:	Bergen, Word, Kaiser
NOES:	Directors:	Baggerly
ABSENT:	Directors:	Hicks

Resolution is numbered 11-05.

8. Recommend reconsideration of auditing services and contracting with Charles Z. Fedak & Co. for fiscal years 2011 through 2015.
APPROVED

Director Word explained that he was a proponent of switching auditors and thinks that is a good practice. Our experience with our current auditor was all right but they were not as forthcoming as our previous auditor. Our previous auditor has maintained their helpfulness and contact with the district. They have continued to provide us with information to save us money and other things. Even though the bids from Charles Z. Fedak are slightly higher maybe we are getting what we are paying for. Fedak asked more searching questions than our recent auditor and I would recommend we switch auditors.

Director Bergen agreed adding that according to Denise, Fedak would call with changes in legislation and rules and the other auditor did not do that. That is a valuable service. Director Bergen agreed with the premise of switching auditors from time to time.

Director Baggerly explained that he has no problem with the contractor but has a problem with the five year period. Director Word explained it is a five year offer but it is renewed every year. Mr. Wickstrum added that it comes to the board every year.

On the motion of Director Word, seconded by Director Baggerly and passed, the above recommendation was approved.

9. Information Items:

RECEIVED AND FILED

- a. Monthly Cost Analysis for operation of Robles, fisheries and fish passage.
- b. News Articles
- c. Investment Report

Director Bergen mentioned that it appears the fisheries costs have increased over time. Mr. Wickstrum explained that in 2003-2004 we only had one full time and one part time employee and we did not have the fish ladder in place. Now we are doing a lot more monitoring and the department is comprised of Scott Lewis, our Fisheries Biologist, Mike Gibson our local fish biologist and two seasonal part time fish techs who assist with field work. Director Word added that probably will not change or go down in the future. That is the cost of operating and managing the fisheries which does not include the fisheries plan at the lake. Director Bergen questioned the use of an out of town employee. Mr. Wickstrum explained that was the arrangement at the time of hiring. President Kaiser added he was the most qualified individual available at that time.

On the motion of Director Word, seconded by Director Baggerly and passed, the information items were received and filed.

President Kaiser moved the meeting to closed session at 3:46 p.m.

10. Closed session

Conference with Legal Counsel -- Existing Litigation (Subdivision (a) of Section 54956.9, Government Code). Name of Case: Klein v. Casitas Municipal Water District.

President Kaiser reconvened the regular session at 3:52 p.m. stating the board received an update on the case and no action was taken.

11. Adjournment

President Kaiser adjourned the meeting at 3:52 p.m.

CASITAS MUNICIPAL WATER DISTRICT
Inter-Office Memorandum

DATE: February 7, 2011
TO: Board of Directors
FROM: General Manager, Steve Wickstrum
Re: Recreation Committee Meeting of February 7, 2011

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this report.

BACKGROUND AND OVERVIEW:

1. **Roll Call.** Directors Kaiser and Hicks
Staff – PSM Carol Belser
Public – Gary Wolfe
2. **Public comments.** None.
3. **Board/Management comments.**
Director Kaiser asked Director Hicks to chair the committee.

Park Services Manager Carol Belser shared with the Committee the initial results of efforts to monitor wildlife migration along the north fence boundary. Staff are coordinating with a wildlife biologist and have installed two camera monitoring locations. The cameras are capable to monitor wildlife based on motion sensors and night vision. PSM Belser shared a few pictures taken by the cameras, primarily of visitors walking along the trail.

4. **Discuss options for the Recreation Monthly Report to the Board.**
PSM Belser led the discussion on the recreation monthly report. The recent comparison of data does not seem to follow common wisdom and may reconsideration on how data is gathered, developed and presented. Director Hicks asked for quarterly information, perhaps graphically presented, illustrating the trend of revenues and attendance. Director Kaiser asked for a definition of a visitor day. Carol Isle explained the formula used to develop the visitor day number, based on a survey conducted in 1990. It was suggested that the method used for visitor day be reviewed and reconsidered, perhaps looking to standards that others (i.e., federal parks) may apply to develop the attendance numbers.

In regard to revenues, PSM Belser suggested using the monthly numbers from the financial report. It must be realized that reservations may be paid six months in advance of the attendance, providing a lag of the revenue-attendance relationship.

PSM Belser will develop a quarterly report in a manner that will differ from past reports.

5. **Update on the Fisheries Management Plan.**

PSM Belser reported that creel and Opinion surveys are continuing and that a report to the Board will be presented in late February (approximate). Staff are working with District fisheries biologist to consider an update to the current fisheries management plan. There is no new information from the Department of Fish and Game regarding the District's planting in the future, the exclusion still allows the District to plant specific fish.

Staff will proceed on March 1 with the closure of the Indian Mesa area of Lake Casitas. Director Hicks suggested further assessment of existing habitat placed in Lake Casitas.

6. **Discussion regarding the options for operation of the Park Store for 2011 season.**

Staff is waiting for an acknowledgment from Michael Jackson, Bureau of Reclamation, on moving forward with an interim arrangement to operate the park store during the next year. A letter has been sent to Mr. Jackson and it is anticipated that an answer will be received by the District prior to February 16th. Staff are considering two options to expedite the re-opening of the park store. The first option is for the District to run the store with part-time staff. The second option is to have a concessionaire operate the store, either through an amendment of a current concession agreement or the development of a new concession agreement. The development of a new concession agreement and solicitation for proposals will not likely meet the time schedule constraints that are facing the District.

Once the acknowledgement is received from Mr. Jackson, the action to operate the park store on an interim basis will be brought to the Board for consideration.

7. **Discuss options for Kid's Fishing Day 2011.**

PSM Belser shared with the Committee that the Kid's Fishing Day event was not scheduled to occur in 2011, in light of the direction from the Department Fish and Game on planting limitations. Instead, the District spent the fish plant budget on two plantings prior to January 1, 2011, and no fish planting budget remains for FY 2010-11 unless the Board provides a budget amendment.

Director Kaiser suggested that sponsors for the event may be sought. Director Hicks suggested that a different type of event may be considered, such as a shoreline cleanup event. PSM Belser will investigate possible deliveries of trout, smaller trout and cost for delivery, to determine the feasibility to conduct the event in 2011 and the amount of the budget amendment.

8. **Incidents and Comments.** None.

CASITAS MUNICIPAL WATER DISTRICT
Inter-Office Memorandum

DATE: February 15, 2011
TO: Board of Directors
FROM: Assistant to General Manager, Rebekah Vieira
Re: Personnel Committee Meeting of February 15, 2011

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this report.

BACKGROUND AND OVERVIEW:

1. **Roll Call.** Directors Word and Bergen
Staff – Steve Wickstrum, Rebekah Vieira, Michael Shields
Public – Danny Carrillo, SEIU
2. **Public comments.** None.
3. **Board/Management comments.** None.
4. **Upcoming Contract Negotiations.**
Danny Carrillo, SEIU expressed the desire of the members to start the negotiation process early. They have been meeting and have elected a bargaining committee and have put together a survey to prioritize what they want to see. They would like to get negotiations going in the next few months. Director Word expressed that was the district's desire as well. Mr. Carrillo added that a successor agreement will be sent to the district to begin the process. Michael Shields reported that the five member bargaining committee will consist of Dorothy Fortner, Michael Shields, Lisa Kolar, Suzi Taylor and Todd Evans.

Director Word explained that the District will be exploring the option of hiring a negotiator. It was asked that all requests from the union for information be provided to Rebekah Vieira.
5. **Update on Recruitments.**
The Committee was informed that we were going to be making an offer on the open Treatment Plant Operator position.
6. **Discussion regarding the addition of a full time Water Conservation Specialist**
Mr. Wickstrum explained the need for an additional employee for Water Conservation due to the increased regulatory demands and higher industry standards in water conservation. This would be a full time position and represented by the General Unit. Mr. Carrillo asked for a couple of weeks to review the position. Upon the union's approval the position will be forwarded to the Board for consideration.

7. **Updates to the Conflict of Interest Codes and new process for completion of the Form 700's.**

Rebekah Vieira explained that there were some new category codes provided by the County which would be added to our conflict of interest lists. Additionally, the County is implementing eDisclosure which will enable the Board and General Manager to input their Form 700's online. Training will be provided once we are given access to the system.

8. **Closed Session – Conference with Labor Negotiators.** Information was shared and no action was taken.

CASITAS MUNICIPAL WATER DISTRICT
Inter-Office Memorandum

DATE: February 18, 2011
TO: Board of Directors
FROM: General Manager, Steve Wickstrum
Re: Finance Committee Meeting of February 18, 2011

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this report.

BACKGROUND AND OVERVIEW:

1. **Roll Call.**
Director Bergen and Director Word
Staff – Steve Wickstrum and Denise Collin
2. **Public comments.**
None.
3. **Board/Management comments.**
The General Manager informed the Committee on the following items:
 - a) Meeting with the City of Ventura and consultant on options for the State Water entitlement;
 - b) Meeting with representatives of Senior Canyon Mutual Water Company concerning merger options and contact a bond administrator to review bonding process;
 - c) A Casitas meter to the City of Ventura customer has been downsized, reducing revenue from standby charges by approximately \$160,000 annually;
 - d) Recreation staff has received acknowledgement from Mr. Gary Wolfe on his interest to extend his current concessionaire contract to operating the park store.
4. **Review of the Financial Statement for January 2011.**
The Committee reviewed the December 2010 financial statement. While water sales are keeping pace with budget projections, sales are lagging from last year's pace, an indication of a cool summer and wet fall. There were no unusual or unexplained items during the review. The Committee discussed projections and basis for development of the 2011-12 budget revenue.
5. **Review of the Water Consumption Report for January 2011.**
It was noted that water use has dropped in the agricultural and resale pumped classifications. Denise Collin reviewed the water use of the top ten water users and it

appears that most of the reduction is weather related for the top agricultural water users (15-20% reduction in water use). The key drop to water demand by Resale pumped is Golden State Water Company. From casual conversations between a GSWC employee and Ron Merckling indicates that GSWC has experienced an overall reduction in water demand that is primarily due to the water rates. Note that GSWC has recently requested a water conservation surcharge to make up for the decline in revenues caused by conservation.

CASITAS MUNICIPAL WATER DISTRICT

LAKE CASITAS RECREATION AREA

DATE: February 17, 2011

TO: Steve Wickstrum, General Manager

FROM: Carol Belser, Park Services Manager

SUBJECT: Budget Request for the Lake Casitas Improvement Foundation (LCIF) for a 2011 Kids Fishing Day

Recommendation:

It is recommended that the LCIF consider allocating \$8,000 of their fund balance toward a 2011 Kids Fishing Day

Background and Overview:

Kids Fishing Day has become an annual event at Lake Casitas that gives youth an opportunity to fish for rainbow trout with virtually a 100% chance of catching one. The fish used are corralled in a specific area, planted by the Department of Fish and Game (DFG) or purchased by the District.

In 2010 the DFG ceased to plant rainbow trout in Lake Casitas due to legal action challenging their hatchery and stocking operations and from a subsequent Environmental Impact Report/Environmental Impact Statement (EIR/EIS) that considers species and habitats affected by hatchery-raised rainbow trout. Additionally, about a year ago, the DFG informed Casitas that no fish planting would be allowed after the 2010 calendar year under private stocking protocol. This meant that after the 2010 year no fish could be planted in Lake Casitas under any circumstances until the EIR/EIS is resolved.

Due to the direction provided by DFG, funds were not budgeted for a spring 2011 Kids Fishing Day, and staff purchased and planted the budgeted rainbow trout prior to the December 31, 2010 deadline.

In early December, Dr. Dwayne Maxwell informed staff that the December deadline for private stocking was lifted with no certain date to be imposed. This means that there is now opportunity to hold a Kids Fishing Day if alternate funding sources, volunteer support (Christian Anglers Association) and a fish purchase and delivery before the lake water becomes too warm can be finessed.

Analysis

The Recreation Committee discussed this issue at their February 7, 2011 meeting concluding that a Kids Fishing Day is desirable provided the funding can be obtained. The LCIF currently has a balance of \$13,702.90. It is recommended to utilize \$8,000 of the funds to support a 2011 Kids Fishing Day. As previously mentioned other variables need to be finessed, but it appears highly possible that a 2011 Kids Fishing Day can happen once funds for the event are secured.

CASITAS MUNICIPAL WATER DISTRICT
Interdepartmental Memo

DATE: February 17, 2011

TO: Steve Wickstrum, General Manager

FROM: Carol Belser, Park Services Manager

SUBJECT: Bait & Tackle Concession Agreement – Modification of Terms to include Park Store Operations

RECOMMENDATION

It is recommended that the Board authorize the General Manager to sign the attached letter agreement modifying the Bait & Tackle Concession Agreement to include the operation of the Park Store with the current Concessionaire, Gary Wolfe.

BACKGROUND

In May 2010 the District dismissed the Park Store concessionaire. Since then the Park Store has been unoccupied because the Bureau of Reclamation instructed the District not to enter into a new concession agreement, or allow a temporary concession until a Recreation Management Agreement had been signed by the parties.

The District and the Bureau are moving forward with negotiations in drafting a recreation management document through meetings held January 20 and February 16, 2011. On February 16, the District received authorization (copy attached) to allow a month-to-month agreement for Park Store operations.

Gary Wolfe is interested in operating the Park Store under the terms and conditions contained in the attached letter agreement.

United States Department of the Interior

BUREAU OF RECLAMATION
South-Central California Area Office
1243 N Street
Fresno, California 93721-1813

IN REPLY REFER TO:
SCC-100
LND-6.00

FEB 15 2011

VIA ELECTRONIC MAIL AND HAND DELIVERY

Mr. Steven E. Wickstrum
General Manager
Casitas Municipal Water District
1055 Ventura Avenue
Oak View, CA 93022

Subject: Interim Operation of the Lake Casitas Park Store (Your Letter Dated January 31, 2010)

Dear Mr. Wickstrum:

Steve

Thank you for your subject letter in which the Casitas Municipal Water District (District) requests our consideration "...for the District to operate the park store, effective immediately, either on the interim basis by the District operating the store or through a month-to-month agreement with a third party. ...".

Given that our negotiation meeting on an interim recreation management agreement (IRMA) held on January 20, 2011, in the South-Central California Area Office, Fresno was very productive, and as long as we continue to make progress towards finalizing the IRMA, we can approve your request subject to the following:

- 1) Until IRMA is finalized, the District will advise us whom is operating the store.
- 2) No ground disturbing activities are associated with the operation of the store.
- 3) All terms and conditions of any other contract we have with the District are complied with.

Please do not hesitate to Ms. Sheryl Carter, Supervisory Land Management Specialist at 559-487-5299, or I at 559-487-5116, should you need to discuss this matter further.

Sincerely,

Michael Paul Jackson

Michael Paul Jackson, P.E.
Area Manager

February 23, 2011

Mr. Gary Wolfe
Lake Casitas Marina, Inc.
11311 Santa Ana Road
Ventura, CA 93002

Re: Bait & Tackle Concession Agreement – Modification of Terms

Dear Mr. Wolfe:

Reference is hereby made to the Bait & Tackle Concession Agreement dated March 24, 1999 between the Lake Casitas Marina, Inc. (Concessionaire) and Casitas Municipal Water District (District) and letter agreements dated December 22, 2008, January 7, 2009, December 18, 2009, December 15 2010, modifying the term of the Concession Agreement to expire on December 31, 2011 and reduce the amount of percentage rent payable to District to thirteen percent (13%) of monthly gross receipts. The modifications also applied to the subleased Cycles 4 Rent and Snack Bar concessions.

As directed and approved by the District Board of Directors, District desires to modify the term of the Concession Agreement to include the Park Store operation commencing February 23, 2011 as follows:

Section 1 – Use Granted, subparagraph A, “Concessionaire is hereby authorized and granted non-exclusive use of the demised premises as shown on Exhibits A and A-1. Except as specifically provided for in paragraph 8.I.b , to operate and maintain a non exclusive concession including authority to design and operate park services, activities and food supplies, but not limited to, the following services at Lake Casitas, herein as defined as Boat Rental and Related Activities Concession which includes a Snack Bar Operations, Park Store Operations, and Bike Rental Activities, herein referred to as Concession. This concession will provide various services and supplies for the benefit of the visiting public and conduct related activities in the setting of a large, regional water oriented recreation area and to conduct events or other functions on the land and/or the waters under jurisdiction of Casitas. Concessionaire hereby acknowledges the following exclusive rights and privileges for the various concessions are as follows....”

Section 1 – Use Granted, subparagraph A is further modified to add:

“j. Operate the Park Store for the general public.”

Section 1 – Use Granted, Limitation on Concessions: This section shall include the Park Store operations as applicable.

Section 2 – Demised Premises A, “The areas of the Concession are as follows: The operation for the Concession shall be conducted on the real property and facilities shown on Exhibits A and A-1 attached hereto and incorporated herein by reference which may include as near as possible other areas adjacent to the Santa Ana Launch Ramp and the Park Store. The Concessionaire’s facilities and services may include boat or boats, mooring, docks, walkways, storage, propulsion, maintenance, Park Store goods, maintenance and sale as mutually agreed upon.”

Section 4 – Payment, is hereby modified to add:

“d. Rent for Park Store Operation. Concessionaire shall pay Casitas, upon commencement of operation of the Park Store, an amount equal to five percent (5%) of calendar monthly gross sales up to and including fifty thousand dollars (\$50,000.00) and eight percent (8%) of calendar monthly gross sales exceeding fifty thousand dollars (\$50,000.00).”

Section 11 – Insurance, shall be modified to include coverage for the Park Store operation as applicable. The following shall be added as Section 30 – “Addition of Park Store Operation. Any reference to the Boat Rental and Related Activities Concession shall include the Park Store operation as applicable.”

Section 30 – Entire Agreement, shall be renumber as Section 31.

All other terms and conditions of the Concession Agreement dated March 24, 1999, as amended, shall remain in full force and effect.

If you are in agreement with the foregoing, please sign and date this Letter Agreement as indicated below and return the original to the undersigned. A duplicate original is enclosed for your files.

If you have any questions, please call me at extension 112.

Sincerely,

STEVEN E. WICKSTRUM
General Manager

I have read, understand and agree to the above.

Gary Wolfe

CASITAS MUNICIPAL WATER DISTRICT
LAKE CASITAS RECREATION AREA

DATE: February 10, 2011
 TO: Steve Wickstrum, General Manager
 FROM: Carol Belser, Park Services Manager
 SUBJECT: Recreation Area Monthly Report December 2010 & January 2011

Visitation Comparison

The visitation numbers are derived from a formula created about 20 years ago that takes into consideration the number of people traveling in a vehicle. For example, one vehicle day entry pass purchased equates to 4 visitors because it was once determined that an average of four people travel in one vehicle. This methodology is due to be revisited and updated. Staff will survey other agencies that report visitation numbers such as State Parks and recreation areas of similar nature. Future recommended changes to the reporting method will be reviewed by the Recreation Committee prior to changes to this Board report. In the mean time, the same reporting procedure will continue.

The following is a comparison of visitations for December 2010:

	2009	2010	Nov. 2010
Visitor Days	17,936	31,908	29,620
Camps	1,676	5,324	3,512
Cars	4,377	7,977	7,405
Boats	169	343	216
Kayaks & Canoes	25	128	4

Fiscal Year to Date Visitation	
2009/2010	340,740
2010/2011	361,120
% Change	5.981

The following is a comparison of visitations for January 2011:

	2010	2011	Dec 2010
Visitor Days	21,864	28,980	31,908
Camps	1,717	3,701	5,324
Cars	5,466	7,245	7,977
Boats	245	367	343
Kayaks & Canoes	7	12	128

Fiscal Year to Date Visitation	
2009/2010	362,604
2010/2011	390,100
% Change	7.583

Revenue Reporting

At the Feb 7, 2011 Recreation Committee meeting, revenue reporting was discussed and a new format is now presented. The figures below illustrate all Lake Casitas Recreation Area’s revenue collected in the respective month (operations, concessions, Water Adventure, etc.) per the District’s Financial Summary generated by the Finance Manager.

LCRA TOTAL REVENUE

Boating/Fishing December

There were 15 cables sold for new inspections, 18 vessel re-inspections, and 575 boats were retagged. Eight boats failed the first inspection. Shoreline fishing at night was held December 9 and 10.

The second half (approx 9,000 pounds) of the Chaulk Mound Trout Ranch trout purchase was delivered in December. This delivery included several trophy size trout and a new lake record was caught by Ventura resident Mike Jones. The trout weighed in at 11 lb 13 oz on the certified scale at the Corner Market. Additionally, four other catches surpassed the old 1985 record.

PSO and APSO staff are continuing to collect data for the creel survey and an opinion survey. The District’s Biologist, Scott Lewis, will analyze the data to incorporate into a report that will be presented to the Board this spring.

Boating/Fishing January 2011

There were 25 cables sold for new inspections, 26 vessel re-inspections, and 900 boats were retagged. Seventeen boats failed the first inspection. Shoreline fishing at night was held January 15 and 16.
