

Board of Directors

Brian Brennan, Director Richard Hajas, Director Neil Cole, Director Mary Bergen, Director Pete Kaiser, Director

CASITAS MUNICIPAL WATER DISTRICT Meeting to be held at the

District Office 1055 Ventura Ave. Oak View, CA 93022 www.casitaswater.org

Join Zoom Meeting https://us06web.zoom.us/j/91094478837?pwd=VnNOQTZyQVk4K2pnaWpjYVl1TkpRdz09 Meeting ID: 910 9447 8837 Passcode: 736519

To participate via telephone please call (888) 788-0099 or (877) 853-5247 Enter Meeting ID: 910 9447 8837# Passcode: 736519#

January 10, 2024 @ 5:00 PM

Right to be heard: Members of the public have a right to address the Board directly on any item of interest to the public which is within the subject matter jurisdiction of the Board. The request to be heard should be made immediately before the Board's consideration of the item. No action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of ¶54954.2 of the Government Code and except that members of a legislative body or its staff may briefly respond to statements made or questions posed by persons exercising their public testimony rights under section 54954.3 of the Government Code.

<u>Special Accommodations</u>: If you require special accommodations for attendance at or participation in this meeting, please notify our office 24 hours in advance at (805) 649-2251, ext. 113. (Govt. Code Section 54954.1 and 54954.2(a)).

- 1. CALL TO ORDER
- ROLL CALL
- PLEDGE OF ALLEGIANCE

AGENDA CONFIRMATION

 PUBLIC COMMENTS - Presentation on District related items that are not on the agenda three minute limit.

CONSENT AGENDA

6.a. Accounts Payable Report.
Accounts Payable Report.pdf

6.b. Minutes of the December 13, 2023 Board Meeting. 12 13 2023 Min.pdf

ACTION ITEMS

7.a. Presentation and Approval of the Casitas MWD Fiscal Year 2023 and 2022 Audit Report.

Governance Letter from Auditors.pdf Casitas 22-23 ACFR w-GAS Ltr Final 011024 ATT1.pdf

Minutes of the Board of Directors December 13, 2023, Board Meeting

1. CALL TO ORDER

President Hajas called the meeting to order at 5:00 p.m.

2. ROLL CALL

Directors Cole, Bergen, Kaiser and Hajas are present. Director Brennan is absent. Also present are GM Flood, AGM Dyer, EA Vieira and Counsel McNulty.

3. PLEDGE OF ALLEGIANCE

President Hajas led the Pledge of Allegiance.

4. AGENDA CONFIRMATION

Agenda is confirmed as submitted.

 PUBLIC COMMENTS - Presentation on District-related items that are not on the agenda three-minute limit.

None

6. <u>CONSENT AGENDA</u>

- 6.a. Accounts Payable Report.
 Accounts Payable.pdf
- 6.b. Minutes of the November 8, 2023 Board Meeting. 11 08 2023 Min.pdf
- 6.c. Minutes of the November 29, 2023 Special Board Meeting. 11 29 2023 Special Meeting Min.pdf

The consent agenda was offered by Director Cole, seconded by Director Kaiser, and adopted by the following roll call vote:

AYES: Directors: Cole, Bergen, Kaiser, Hajas

NOES: Directors: None ABSENT: Directors: Brennan

7. <u>PUBLIC HEARING REGARDING PROPOSED WATER RATE INCREASES FOR CALENDAR YEARS 2024, 2025, AND 2026</u>.

Written protests must be received by Casitas prior to the close of the public hearing.

The President of the Board may restrict the length of time for each public comment to three minutes to address the board.

7.a. <u>Conduct a Public Hearing regarding proposed water rates.</u>

- 1. Open Public Hearing.
- 2. Receive staff report and recommendations.
- 3. Report of written communications.
- 4. Public Comment.
- 5. Close the Public Hearing.
- 6. Discussion by Board of Directors.

Board Memo Proposed Water Rates 12.13.2023

Final.pdf ATT1_Ordinance_23-XXX_12-01-2023.pdf

ATT2. Water Rate Notice 09-18-2023 FINAL.pdf

ATT3. Casitas Water Rate Study 10.16.2023.pdf

President Hajas opened the public hearing at 5:01p.m with AGM Dyer provided a presentation on the rate study results. COB Vieira reported that prior to the beginning of the public hearing Casitas received five valid protests. Communications were received from Ventura River Water District and Meiners Oaks Water District which were provided to the board and the public. There was communication with the Ag community and the front office fielded seven calls.

Public Comments were made by the following people:

Bruce Kuebler with Ventura River Water District understands the need to maintain infrastructure and that they are not eligible for voting under the 218 process. They will be re-evaluating the number and size of their meters and hope a workable solution can be found with perhaps an amended water service agreement.

Burt Rapp speaking as a customer of the district thanked the board for lowering the base rate for residential customers by about ten dollars. With inflation at 14% on construction you have to increase rates to keep things repaired.

Mary Shore who farms at the end of Reeves Road expressed concern that you will see orchards being taken out and, in our case, in three years it will be a 40% increase in water rates and we will be considering taking some trees out.

Scott VanDerKar whose family farms in the west end of the valley near Carpinteria added that we have no way to pass costs on. Safe, sufficient and high-quality water is important for Ag production and the Ag sector is vital for the community but Ag water must be affordable. Mr. VanDerKar provided his protest letter.

Dale Wharton, a lifetime resident of the valley expressed concern as he has a two inch line up a hill to his homesite and was required to install fire sprinklers. He expressed concern about the standby charge. He also suggested that the board meetings should be at a later time when more can attend.

Anthony Brown provided three protest letters and expressed concerns with the rates increases not affecting the majority of customers who have a less than a two-inch meter. He added that in 2026 he will be paying over 300% more for fixed charges.

Ben VanDerKar mentioned he had a difficult time finding information on the website and saw nothing on the Casitas Facebook page. He suggested that three years of rate increases seems drastic and suggested postponing the decision.

President Hajas asked if there were any additional comments or written protests from the public. As there were no additional public comments, President Hajas closed the public hearing at 5:37 p.m. President Hajas asked if there is enough response that it could be considered a majority protest. COB Vieira responded we have 11 protests which do not make a majority protest.

President Hajas asked for any discussion from the board or a motion to adopt the ordinance.

7.b. Ordinance amending the Rates and Regulations for Water Service Appendix A

"Monthly Water Rates and Service Charges".

ATT1_Ordinance_23-XXX_12-01-2023.pdf

Director Cole expressed that we do need a rate increase, he is in favor of working on separate agreements with other resale agencies, but he cannot support the methodology used to support the fixed costs. We have to begin replacing 60 plus year old pipelines. Most importantly I cannot support it for people on the Avenue paying for part of Ojai valley and beach communities.

Director Bergen explained that she has been a farmer and understands how hard it is. A lot of work went into this study, and we have done what we can to cut it back. We reduced it from five years to three, reduced capital projects and are getting into our reserves.

Director Kaiser added that taxes and inflation are going up, we understand and appreciate that. I agree with my colleagues regarding mutually beneficial agreements with resale customers. To the Ag community, I hear you. That is one of the reasons why this board, maybe 15 years ago, decided to honor what the Ag customers are doing and to make sure we took into account the cost of untreated water versus treated water. We have stayed true to that. Director Kaiser added he supports this increase and hopes we can work with resale agencies for mutually beneficial agreements.

GM Flood explained that the standby charge covers a certain portion of fixed costs. Last fiscal year the water sales consumption was 8,200 AF and has not been that low since 1967. We still have to maintain the system in order for folks to have potential demands of 19,000 AF. The Board set a policy that bases our water rates on the volumetric side and encourages conservation.

Director Kaiser added regarding the comment about postponing this rate increase, we have done so to the tune of a half million dollars that we could have received in that time.

President Hajas stated this board and organization is and has been sympathetic to Ag's position. We are bound by regulations on how we allocate costs. We have done what we can legally to keep Ag rates low. The draft audit shows our revenue over \$2 million dollars below. We can't keep hitting our reserves. We reduced the rate increase, reduced the capital improvement plan delaying some projects. We are trying desperately to be as low impact as possible. The Ojai property owners paid \$60 million dollars for the work that has been done. They account for a huge amount of the revenue we receive. We doubled the number of residential customers with the Golden State system.

The ordinance was offered by Director Bergen, seconded by Director Kaiser and adopted by the following roll call vote:

AYES: Directors: Bergen, Kaiser, Hajas

NOES: Directors: Cole
ABSENT: Directors: Brennan

Ordinance is numbered 2023-04

8. GENERAL MANAGER COMMENTS

GM Flood reported that Burns Pacific is demobilizing Ojai Avenue. There is a delay in paving and Rasmussen is making a mess. There is a lot of pedestrian traffic downtown with curbs ripped up and putting in ramps. Sam Hill & Sons is working on the Fox tie-in. 18 canal panels are scheduled with five already installed. We have had numerous FEMA tours and since staff told me I have too much vacation time on the books I will be out December 20 – Jan 2.

9. BOARD OF DIRECTOR REPORTS ON MEETINGS ATTENDED

Directors Bergen and Kaiser attended the UVGSA meeting at Foster Park.

10. BOARD OF DIRECTOR COMMENTS PER GOVERNMENT CODE SECTION 54954.2(a).

None.

Board of Directors
Casitas Municipal Water District
Oak View, California

We have audited the financial statements of Casitas Municipal Water District (the District) as of and for the year ended June 30, 2023, and have issued our report thereon dated November 9, 2023. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit in our engagement agreement dated May 8, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings or issues Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Casitas Municipal Water District are described in Note 1 to the financial statements.

As described in Note 1, the District changed accounting policies related to leases by adopting Statement of Governmental Accounting Standards Board (GASB Statement) No. 96, Subscription-Based Information Technology Arrangements, in fiscal year 2022-2023. The impact resulting from the accounting change were restatements to net position previously reported by \$26,326 and \$23,308 for the years ended June 30, 2023 and 2022, respectively.

We noted no transactions entered into by the entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the water-in-storage inventory is based on the District's engineer's
estimate of water in the lake and the District's diversion facility costs, general and administrative
costs, and depreciation of state water project assets. The annual required contributions, pension
expense, net pension liability, and corresponding deferred outflows of resources and deferred
inflows of resources for the District's public defined benefit plans with CalPERS are based on an
actuarial valuation provided by CalPERS.

- The OPEB actuarially determined contribution, OPEB expense, net OPEB liability, and corresponding deferred outflows of resources and deferred inflows of resources for the District's defined benefit OPEB plan are based upon several key assumptions that are set by management with the assistance of an independent third-party actuary. These key assumptions include anticipated investment rate of return, health-care cost trends, mortality, and certain amortization periods.
- The claims liability is based on claims registers provided by the claim's administrator.

We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were reported in Note 11 regarding the other post-employment benefits plan and Note 12 regarding the defined benefit pension plan.

The financial statement disclosures are neutral, consistent, and clear.

Significant unusual transactions

We identified no significant unusual transactions.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

Corrected misstatements

Management did not identify, and we did not notify them of any financial statement misstatements detected as a result of audit procedures.

Disagreements with management

For purposes of this communication, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

Circumstances that affect the form and content of the auditors' report

As previously communicated to you, the report was modified to describe the District's implementation of GASB 96, Subscription-Based Information Technology Arrangements.

Board of Directors Casitas Municipal Water District Page 3

Management representations

We have requested certain representations from management that are included in the management representation letter dated November 9, 2023.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the entity's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Other audit findings or issues

We have provided a separate communication to you dated November 9, 2023, communicating internal control related matters identified during the audit.

Required supplementary information

With respect to the required supplementary information (RSI) accompanying the financial statements, we made certain inquiries of management about the methods of preparing the RSI, including whether the RSI has been measured and presented in accordance with prescribed guidelines, whether the methods of measurement and preparation have been changed from the prior period and the reasons for any such changes, and whether there were any significant assumptions or interpretations underlying the measurement or presentation of the RSI. We compared the RSI for consistency with management's responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we did not express an opinion or provide any assurance on the RSI.

Supplementary information in relation to the financial statements as a whole

With respect to the schedule of revenues, expenses and changes in net position – budget to actual, combining balance sheets, combining schedule of revenues and expenses, detail schedule of operating expenses – utility department, detail schedule of operating revenues and expenses – recreation department, and detail schedule of operating revenues and expense – adjudication (collectively, the supplementary information) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated November 9, 2023.

Board of Directors Casitas Municipal Water District Page 4

Other information included in annual reports

Other information (financial or nonfinancial information other than the financial statements and our auditors' report thereon) is being included in your annual report and is comprised of the introductory and statistical sections. Our responsibility for other information included in your annual report does not extend beyond the financial information identified in our opinion on the financial statements. We have no responsibility for determining whether such other information is properly stated and do not have an obligation to perform any procedures to corroborate other information contained in your annual report. We are required by professional standards to read the other information included in your annual report and consider whether a material inconsistency exists between the other information and the financial statements because the credibility of the financial statements and our auditors' report thereon may be undermined by material inconsistencies between the audited financial statements and other information. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report. Our auditors' report on the financial statements includes a separate section, "Other Information," which states we do not express an opinion or any form of assurance on the other information included in the annual report. We did not identify any material inconsistencies between the other information and the audited financial statements.

Board of Directors Casitas Municipal Water District

Introduction

It is our pleasure to submit the Annual Comprehensive Financial Report for the Casitas Municipal Water District (District) for the years ended June 30, 2023 and 2022, following guidelines set forth by the Governmental Accounting Standards Board. District staff prepared this financial report. The District is ultimately responsible for both the accuracy of the data and completeness and the fairness of presentation, including all disclosure in this financial report. We believe that the data presented is accurate in all material respects. This report is designed in a manner that we believe necessary to enhance your understanding of the District's financial position and activities.

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview and analysis to accompany the financial statements in the form of the Management's Discussion and Analysis (MD&A) section. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately after the Independent Auditor's Report.

District Structure and Leadership

The Casitas Municipal Water District is a special district of the State of California that provides domestic and agricultural water services to the western portion of Ventura County. The District's Board of Directors is composed of five members who are elected in specified election divisions. The Directors serve terms of four years with an election held every two years for alternating divisions. The District also provides recreational activities at Lake Casitas. The Water District and the lake activities are accounted for as an enterprise fund.

Formed in 1952, the District was the inspiration of area civic leaders, cattlemen, and citrus ranchers who were frustrated by a severe drought and subsequent water rationing. Between 1952 and 1956, when ground was broken for Casitas Dam, the District sought and obtained commitments for 50-year federal loans to construct Casitas Dam and the Robles-Casitas Diversion Canal. Engineers drilled through 1,800 feet of rock for the outlet tunnel, and built an earthen dam with 9.2 million cubic yards of earth. Final cost of the reservoir, dam and Lake Casitas Recreation Area was \$20 million.

Drawing from the 105-square mile watershed, Lake Casitas began to form in the Santa Ana Valley. In 1978, 19 years after the dam's completion, the lake overflowed for the first time. With a capacity of 237,761-acre feet (Updated 2017), the reservoir has a shoreline of 35 miles and provides water to over 65,000 people.

Water quality is strictly controlled in the surrounding 3,200-acre Charles M. Teague Memorial Watershed. Since 1974, the federal government has spent more than \$25 million to purchase lands in the watershed to preserve water quality from the pollution of over development.

Casitas Municipal Water District has been a strong proponent of watershed protection and lake management. The efforts to protect the Lake Casitas watershed and lake management practices developed by the District provide an excellent quality of water to the customers. Regulatory changes affecting surface waters had moved the District through considerations for filtration avoidance to the conclusion that construction of a water filtration plant was necessary to meet regulatory requirements. The Marion R. Walker Pressure Filtration Plant was designed and constructed to meet those requirements and became fully operational on November 6, 1997. Casitas was

proud to receive a water supply permit from the Department of Health Services granting the District permission to supply water for domestic purposes after completion of the treatment plant.

In 2017, Casitas acquired the Ojai Water System from Golden State Water Company (GSWC). Prior to this, GSWC had been a wholesale customer of Casitas. Ojai Water System customers are now direct customers of Casitas. The Ojai Water System includes the Ojai Wellfield on the east end of Ojai with six groundwater wells. These wells are located in the Ojai Groundwater Basin and currently provide approximately 1,800 AFY of supply.

Economic Condition and Outlook

This past year was historic for Casitas in many ways. Casitas experienced a record low lake level, a record high in the amount annual water inflows to Lake Casitas resulting from precipitation, and a record low annual water use by customers. Rainfall totals in the watershed reached levels not seen in two decades. More than 93,000 acre-feet of water supply was added to Lake Casitas. The intensity of the rainfall during the January 2023 storms resulted in extensive erosion and heavy debris, causing damages to Casitas water facilities.

Although California had a record setting water year that brought major drought relief, water supply continues to be a concern due to projected population increases and extreme drought conditions. This concern has increased interest in conservation and in irrigation methods and systems. The District has led the area in its conservation efforts and will continue to make strides in this area.

Internal Control Structure

District management is responsible for the establishment and maintenance of the internal control structure that ensures the assets of the District are protected from loss, theft or misuse. The internal control structure also ensures adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The District's internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits require estimates and judgments by management.

Budgetary Control

The District's Board of Directors annually adopts an operating and capital budget prior to the new fiscal year. The budget authorizes and provides the basis for reporting and control of financial operations and accountability for the District's enterprise operations and capital projects.

The budget and reporting treatment applied to the District is consistent with the accrual basis of accounting and financial statement basis.

Investment Policy

The Board of Directors have adopted an investment policy that conforms to state law, District ordinance and resolutions, prudent money management, and the "prudent person" standards. The objective of the Investment Policy is safety, liquidity and yield. District funds are invested in the State Treasurer's Local Agency Investment Fund, County of Ventura Pooled Money Investment Fund, U.S. Treasury Bills, Notes and Bonds, and institutional savings and checking accounts.

Water Rate and District Revenues

District policy direction ensures that all revenues from user charges and surcharges generated from District customers must support all District operations including capital project funding. Accordingly, water rates are reviewed periodically. Water rates are user charges imposed on customers for services and are the primary component of the District's revenue. Water rates are composed of a commodity (usage) charge and a fixed (readiness-to-serve) charge.

The City of Ventura initiated a water rights adjudication of four groundwater basins within the Ventura River watershed. The basins named in the lawsuit include: Upper Ventura River Groundwater Basin, Lower Ventura River Groundwater Basin, Ojai Valley Groundwater Basin, and Upper Ojai Valley Groundwater Basin. The outcome of the adjudication is currently unknown and Casitas continues to actively defend and protect its water rights. As a result of the water right adjudication, a pass-through fee for the expected costs associated with the lawsuit, was added as an additional fixed charge. The pass through fee was passed through a proposition 218 process and became effective July 1, 2020.

Audit and Financial Reporting

State Law and Bond covenants require the District to obtain an annual audit of its financial statements by an independent certified public accountant. The accounting firm of Clifton Larson Allen, LLP has conducted the audit of the District's financial statements. Their unmodified Independent Auditor's Report appears in the Financial Section.

Awards and Acknowledgements

For the year ended June 30, 2022, the District received for the 29th year the Government Finance Officers Association of the United States and Canada's (GFOA) *Certificate of Achievement for Excellence in Financial Reporting.* To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of this report was accomplished by the combined efforts of District staff. We appreciate the dedicated efforts and professionalism that our staff members bring to the District. We would also like to thank the members of the Board of Directors for their continued support in the planning and implementation of the Casitas Municipal Water District's fiscal policies.

Respectfully submitted,

Michael Flood General Manager Janyne Brown Chief Financial Officer

INDEPENDENT AUDITORS' REPORT

Board of Directors Casitas Municipal Water District Oak View, California

Report on the Audit of the Financial Statements Opinion

We have audited the accompanying financial statements of Casitas Municipal Water District (the District), as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the District, as of June 30, 2023 and 2022, and the respective changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Change in Accounting Principle

As described in Note 1 to the financial statements, in 2023, the District adopted new accounting guidance, GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, which resulted in restatements as described in Note 18. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the proportionate share of the net pension liability, schedule of the contributions to the pension plan, schedule of changes in the net OPEB liability and related ratios, and schedule of contributions to the OPEB plan be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The schedule of revenues, expenses, and changes in net position – budget to actual, combining balance sheets, combining schedule of revenues and expenses and changes in net position, detail schedule of operating expenses – utility department, detail schedule of operating revenues and expenses – recreation department, and detail schedule of operating revenues and expenses – adjudication fund (the supplementary information) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinion on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Clifton Larson Allen LLP

Irvine California November 9, 2023

Management's Discussion and Analysis (MD&A) offers readers of Casitas Municipal Water District's financial statements a narrative overview of the District's financial activities for the year ended June 30, 2023 and 2022. This MD&A presents financial highlights, an overview of the accompanying financial statements, an analysis of net position and results of operation, a current-to prior year analysis for the past three years, a discussion on restrictions, commitments and limitations, and a discussion of significant activity involving capital assets and long-term debt. Please read in conjunction with the financial statements which follow this section.

FINANCIAL HIGHLIGHTS

- In fiscal year 2023, the District's net position decreased 7.6%, or \$3,486,316 from the prior year's net position of \$46,075,849 to \$42,589,533, as a result of this year's operations.
- In fiscal year 2022, the District's net position decreased 6.9%, or \$3,427,148 from the prior year's net position of \$49,502,997 to \$46,075,849, as a result of this year's operations.
- In fiscal year 2023, operating revenues decreased by 15.9% or \$3,363,451 from \$21,098,844 to \$17,735,393 from the prior year, primarily due to historically low water consumption.
- In fiscal year 2022, operating revenues increased by 2.8%, or \$568,570 from \$20,530,274 to \$21,098,844 from the prior year, primarily due to an increase in the fixed monthly charges and recreation revenue.
- In fiscal year 2023, operating expenses before depreciation and change in water-in-storage inventory, increased by 3.62% or \$847,151 from \$23,390,600 to \$24,237,751, from the prior year, primarily due to expenses related to the damages sustained from the January 2023 storms.
- In fiscal year 2022, operating expenses before depreciation and change in water-in-storage increased by 5.35% or \$1,187,883 from \$22,202,717 to \$23,390,600, from the prior year, primarily due to increased operational costs.

REQUIRED FINANCIAL STATEMENTS

This annual report consists of a series of financial statements. The Balance Sheets, Statements of Revenues, Expenses and Changes in Net Position, and Statements of Cash Flows provide information about the activities and performance of the District using accounting methods similar to those used by private sector companies.

The Balance Sheets includes all of the District's investments in resources (assets), deferred outflows of resources, the obligations to creditors (liabilities), and deferred inflows of resources. It also provides the basis for computing a rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District. All of the current year's revenue and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Position. This statement measures the success of the District's operations over the past two years and can be used to determine if the District has successfully recovered all of its costs through it rates and other charges. This statement can also be used to evaluate profitability and creditworthiness. The final required financial statement is the Statement of Cash Flows, which provides information about the District's cash receipts and cash payments during the reporting periods. The Statements of Cash Flows reports cash receipts, cash payments and net changes in cash resulting from operations, investing, non-capital financing, and capital and related financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

FINANCIAL ANALYSIS OF THE DISTRICT

One of the most important questions about the District's finances is, "Is the District better off or worse as a result of this year's activities?" The Balance Sheets and Statements of Revenues, Expenses, and Changes in Net Position report information about the District in a way that helps answer this question.

These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting method used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the District's net position and changes in them. You can think of the District's net position – the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider other non-financial factors such as changes in economic conditions, population growth, zoning, and new or changed government legislation.

| Total liabilities | 87,986,245 | 88,768,119 | (781,874) | 93,086,336 | (4,318,217) |
| Deferred inflows of resources | 11,871,549 | 7,071,215 | 4,800,334 | 2,591,992 | 4,479,223 |
| Net position: | | | | | |
| Net Investment in capital assets | 39,209,965 | 39,891,569 | (681,604) | 37,569,004 | 2,322,565 |
| Restricted | 685,776 | 258,093 | 427,683 | 290,903 | (32,810) |
| Unrestricted | 2,693,792 | 5,926,187 | (3,232,395) | 11,643,090 | (5,716,903) |
| Total net position | 42,589,533 | 46,075,849 | (3,486,316) | 49,502,997 | (3,427,148) |
| Total liabilities, deferred inflows of | | | | | |
| resources, and net position | \$142,447,327 | \$141,915,183 | \$532,144 | \$145,181,325 | (\$3,266,142) |

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources of the District exceeded liabilities and deferred inflows of resources by \$42,589,533, \$46,075,849, and \$49,502,997 as of June 30, 2023, 2022, and 2021, respectively.

By far the largest portion of the District's net position (92% as of June 30, 2023, 87% as of June 30, 2022, and 76% as of June 30, 2021) reflects the District's net investment in capital assets (net depreciation) less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its customers; consequently, these assets are not available for future spending.

At the end of years 2023, 2022, and 2021, the District showed a positive balance in its unrestricted net position of \$2,693,792, \$5,926,187, and \$11,643,090 respectively, which may be utilized in future years.

Condensed Statements of Revenues, Expenses, and Changes in Net Position

| | June 30, 2023 | June 30, 2022 | Change | June 30, 2021 | Change |
|--|---------------|---------------|---------------|---------------|-------------|
| Operating revenues | \$17,735,393 | \$21,098,844 | (\$3,363,451) | \$20,530,274 | \$568,570 |
| Operating expenses | (22,238,226) | (23,814,713) | 1,576,487 | (23,065,487) | (749,226) |
| Operating income before depreciation | (4,502,833) | (2,715,869) | (1,786,964) | (2,535,213) | (180,656) |
| Depreciation expense | (4,143,938) | (4,409,404) | 265,466 | (4,673,866) | 264,462 |
| Operating income (loss) | (8,646,771) | (7,125,273) | (1,521,498) | (7,209,079) | 83,806 |
| Non-operating revenues (expenses), net | 4,970,292 | 3,140,605 | 1,829,687 | 4,742,078 | (1,601,473) |
| Net loss before capital contributions | (3,676,479) | (3,984,668) | 308,189 | (2,467,001) | (1,517,667) |
| Capital contributions | 190,163 | 534,212 | (344,049) | 69,082 | 465,130 |
| Change in net position | (3,486,316) | (3,450,456) | (35,860) | (2,397,919) | (1,052,537) |
| Net position: | | | | | |
| Beginning of year | 46,075,849 | 49,526,305 | (3,450,456) | 51,900,916 | (2,374,611) |
| Prior period adjustment | | | - | | |
| End of year | \$42,589,533 | \$46,075,849 | (\$3,486,316) | \$49,502,997 | (3,427,148) |

The statement of revenues, expenses and changes in net position shows how the District's net position changed during the fiscal years. In the case of the District, the District's net position decreased by \$3,486,316, \$3,427,148, and \$2,374,611 for the years ended June 30, 2023, 2022, and 2021 respectively.

| Adjudication | 576,003 | 580,960 | (4,957) | 584,095 | (3,135) |
| Other non-operating revenues/ (expenses), net | 176,270 | 181,073 | (4,803) | 241,447 | (60,374) |
| Total non-operating | 8,848,648 | 7,086,545 | 1,762,103 | 8,215,732 | (1,129,187) |
| Total revenues | \$26,584,041 | \$28,185,389 | (\$1,601,348) | \$28,746,006 | (560,617) |

In fiscal year 2023, operating revenues decreased by 15.9% or \$3,363,451 from \$21,098,844 to \$17,735,393 from the prior year. The decrease in revenues is primarily due to historically low water consumption as a result of the winter storms.

In fiscal year 2022, operating revenue increased by 2.8% or \$568,570 from \$20,530,274 to \$21,098,844 from the prior year. The increase is primarily due to the fixed monthly charges of \$650,222 and \$465,324 in recreation revenue that is offset with a decrease in water consumption penalties of \$679,118 due to conservation efforts.

In fiscal year 2021, operating revenues increased by 48%, or \$6,661,452 from \$13,868,822 to \$20,530,274, from the prior year, primarily due to an increase in water consumption of \$3,849,701 and an increase in recreation revenue of \$1,138,155.

A water rate increase in the amount of 12% was last instituted by the District on July 1st, 2021 for both the retail water consumption and monthly water service charge.

| | | | | | |

In fiscal year 2023, operating expenses before depreciation and change in water-in-storage inventory, increased by 3.62% or \$847,151 from \$23,390,600 to \$24,237,751, from the prior year, primarily due to expenses related to the damages sustained from the January 2023 storms.

In fiscal year 2022, operating expenses before depreciation and change in water-in-storage inventory, increased by 5.35% or \$1,187,883 from \$22,202,717 to \$23,390,600, from the prior year, primarily due to operational cost in every area other than pipeline and general and administrative.

In fiscal year 2021, operating expenses before depreciation and change in water-in-storage inventory, decreased by 5.79% or \$1,365,712 from \$23,568,429 to \$22,202,717, from the prior year, primarily due to a decrease in engineering expenses of \$2,055,166 offset with increases within electrical mechanical and general and administrative expenses. The \$2 million decrease relates to outside contracts and supplies and materials within the engineering department that is offset with an increase of approximately \$882,791 in power purchased, OPEB costs, and repairs and maintenance for the District fleet.

Capital Assets

| | Balance | Balance | Balance |
|---------------------------|---------------|---------------|---------------|
| | June 30, 2023 | June 30, 2022 | June 30, 2021 |
| Capital assets: | | | |
| Non-depreciable assets | \$17,878,979 | \$16,189,634 | \$17,180,822 |
| Depreciable assets | 165,651,742 | 158,109,023 | 151,219,140 |
| Accumulated depreciation | (88,454,753) | (84,755,778) | (81,410,612) |
| Leased Asset | 520,882 | 27,418 | - |
| Deprecation Leased Asset | (76,073) | (2,635) | - |
| SBITA | 758,670 | 344,360 | - |
| Depreciation SBITA | (229,433) | (76,721) | |
| Total capital assets, net | 96,050,014 | 89,835,301 | 86,989,350 |

At the end of year 2023, 2022, and 2021 the District's investment in capital assets amounted to \$96,050,014, \$89,835,301, and \$86,989,350 (net of accumulated depreciation), respectively. Capital asset additions amounted to \$10,358,651 and \$7,286,966 for various projects primarily related to Ojai water facilities within the Community Facilities District 2013-1 (CFD 2013-1), the Ventura County-Santa Barbara Intertie projects, and the Aquatic Play Structure at Lake Casitas for the years ended June 30, 2023 and 2022, respectively. See Note 6 for further information.

Debt Administration

The long-term debt of the District is summarized below:

| | Balance | Balance | Balance |
|--------------------------|---------------|---------------|---------------|
| | June 30, 2023 | June 30, 2022 | June 30, 2021 |
| Long-term debt: | | | |
| Reimbursement agreement | \$2,239,616 | \$2,316,845 | \$2,394,073 |
| Assessment bonds payable | - | - | - |
| Loans payable | 2,636,911 | - | 297,863 |
| Notes Payable | 251,255 | 97,670 | 144,021 |
| Lease Payable | 381,659 | 25,078 | - |
| SBITA | 468,132 | 241,313 | |
| Special tax bonds | 55,332,818 | 55,999,245 | 56,595,673 |
| Total Long Term Debt | 61,310,391 | 58,680,151 | 59,431,630 |

Long term debt increased by \$2,630,240 for the year ended June 30, 2023, due to the replacement of the aquatic play structure at Lake Casitas. See Notes 8, and 10 for further information.

NOTES TO THE BASIC FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

CONDITIONS AFFECTING CURRENT FINANCIAL POSITION

This past year was historic for Casitas in many ways. Casitas experienced a record low lake level, a record high in the amount annual water inflows to Lake Casitas resulting from precipitation, and a record low annual water use by customers. Rainfall totals in the watershed reached levels not seen in two decades. More than 93,000 acre-feet of water supply was added to Lake Casitas. The intensity of the rainfall during the January 2023 storms resulted in extensive erosion and heavy debris, causing damages to Casitas water facilities.

District customers have done an exceptional job in conversation efforts which has resulted in lower water consumption. Balancing operational expenses with decreased demand will be challenging for the District. The full magnitude decreased demand will have on the Districts financial condition, liquidity and future remains uncertain.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's funding sources, customers, stakeholders, and other interested parties with an overview of the District's financial operations and financial condition. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the District's Chief Financial Officer at 1055 Ventura Avenue, Oak View, California 93022 or (805) 649-2251 x 103.

CASITAS MUNICIPAL WATER DISTRICT NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Organization

Established in 1952, the Casitas Municipal Water District (the District) provides domestic and agricultural water to the western portion of Ventura County. The District is governed by a five-member board of directors who serves overlapping four-year terms.

The District is the primary governmental unit based on the foundation of a separately elected governing board that is elected by the citizens in a general popular election. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The District is financially accountable if it appoints a voting majority of the organization's governing body and: 1) it is able to impose its will on that organization, or 2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, or 3) the primary government holds a majority equity interest of an organization. The District has no component units.

B. Basis of Presentation, Measurement Focus, and Basis of Accounting

The District reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the District is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied. The accompanying financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the economic measurement focus all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with these activities are included in the statement of net position. The statement of revenues, expenses, and changes in net position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied.

CASITAS MUNICIPAL WATER DISTRICT NOTES TO BASIC FINANCIAL STATEMENTS JUNE 30, 2023 AND 2022

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Basis of Presentation, Measurement Focus, and Basis of Accounting (Continued)

Operating revenues are those revenues that are generated from the primary operations of the District. The District reports a measure of operations by presenting the change in net position from operations as operating income in the statement of revenues, expenses, and changes in net position. Operating activities are defined by the District as all activities other than property taxes, financing, and investing activities (interest expense and investment income), grants and subsidies, and other infrequently occurring transactions of a nonoperating nature. Operating expenses are those expenses that are essential to the primary operations of the District. All other expenses are reported as nonoperating expenses.

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position

1. Cash and Cash Equivalents

For purposes of the statement of cash flows, the District considers all highly liquid investments with a maturity of 90 days or less, when purchased, to be cash equivalents.

2. Investments

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in governmental investment pools are reported at fair value based on the fair value per share of the pool's underlying portfolio (in relation to the amortized cost of that portfolio). Changes in fair value that occur during a fiscal year are recognized as investment earnings reported for that fiscal year. Investment earnings includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

In accordance with fair value measurements, the District categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement.

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)

2. Investments (Continued)

Financial assets and liabilities recorded on the balance sheet are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical investments, such as stocks, corporate and government bonds. The District has the ability to access the holding and quoted prices as of the measurement date.

Level 2 – Inputs, other than quoted prices, that are observable for the asset or liability, either directly or indirectly, including inputs from markets that are not considered to be active.

Level 3 – Inputs that are unobservable. Unobservable inputs reflect the District's own assumptions about the factors market participants would use in pricing an investment and is based on the best information available in the circumstances.

3. Receivables and Allowance for Doubtful Accounts

Customer accounts receivable consist of amounts owed by private individuals and organizations for services rendered in the regular course of business operations. Receivables are shown net of allowances for doubtful accounts. Uncollectable accounts are based on prior experience and management's assessment of the collectability of existing accounts. If balances are determined to be uncollectible, they are written off as bad debt expense. Management has evaluated the accounts and has established an allowance in the amounts of \$154,220 and \$146,204 as of June 30, 2023 and June 30, 2022, respectively.

4. Prepaids

Certain payments of vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

5. Customer Deposits

Based on a customer's creditworthiness, the District may require a deposit deemed reasonable by the District. These deposits are held to pay-off close out bills or to cover delinquent payments.

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)

6. Materials and Supplies Inventory

Inventory consists primarily of materials and supplies used in the construction and maintenance of the water system and is stated at cost on a first-in, first-out basis.

7. Water-in-Storage Inventory

Water-in-storage inventory consists of the water in Lake Casitas that flows from streams, rainfall, and diverted water. The value of water inventory is determined based upon the quantity of water in storage in Lake Casitas and the costs to divert the water into the lake on a first-in, first-out basis using the consumption method. A base year of June 30, 2011 was determined to have lake levels that equaled full capacity. In years when the lake level decreases, a reduction is made to inventory equal to the acre-foot reduction as a pro-rata portion of the base year inventory balance. In years when the lake level increases, the diversion costs are capitalized into inventory and tracked as additional values that can be used to relieve inventory once the base year costs have been exhausted.

8. Capital Assets

Capital assets acquired and/or constructed are capitalized at historical cost. Contributed assets are recorded at acquisition value at date of donation. It is the District's policy to capitalize assets costing over \$5,000 and a useful life of more than one year. The District also records the value of the intangible right-to-use assets and subscription-based information technology arrangements (SBITA) based on the underlying leased asset and SBITA guidance in accordance with GASB Statements No. 87, *Leases*, and No. 96, *SBITAs*. The right to use the intangible asset and SBITA are amortized each year for the term of the contract. The provision for depreciation is computed using the straight-line method over the estimated service lives of the capital assets. Estimated service lives for the District's classes of assets are as follows:

| Description | Estimated Lives |
|--------------------------------------|-----------------|
| State Water Project Entitlement | 72 Years |
| Transmission and Distribution System | 50 to 100 Years |
| Pumping Plant | 10 to 30 Years |
| Water Treatment Plant | 10 to 30 Years |
| Buildings and Structures | 10 to 30 Years |
| Equipment | 5 to 20 Years |
| Fish Ladder | 25 to 50 Years |
| Recreation Assets | 25 to 50 Years |
| Alternate Swimming Facility | 25 Years |

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until that time. The category of deferred outflow of resources reported in the statement of net position is related to a loss on refunding, pension, and other postemployment benefits. A deferred loss on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows on other postemployment benefits and pension are more fully discussed in Notes 11 and 12, respectively.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The District's deferred inflows of resources reported on the statement of net position relate to other postemployment benefits and pension, which are more fully discussed in Notes 11 and 12, respectively.

10. Compensated Absences

The District's personnel policies provide for accumulation of vacation and sick leave (employee benefits). Liabilities for vacation leave are recorded when benefits are earned. Full cash payment for all unused vacation leave is available to employees upon retirement or termination. Partial cash payment for accrued sick leave is available upon retirement or termination if certain criteria are met (eight years of employment and upon retirement or termination will receive 50% of accrued benefits).

11. Leases

A lessee should recognize a lease liability and a lease asset at the commencement of the lease term, unless the lease is a short-term lease, or it transfers ownership of the underlying asset. The lease liability should be measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease asset should be measured at the amount of the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs.

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)

12. Subscription-Based Information Technology Arrangements (SBITAs)

The District recognizes a SBITA liability and a SBITA asset at the commencement of the SBITA term, unless the SBITA is a short-term agreement, or it transfers ownership of the underlying asset. The SBITA liability should be measured at the present value of payments expected to be made during the contract term (less any incentives). The SBITA asset should be measured at the amount of the initial measurement of the SBITA liability, plus any payments made to the vendor at or before the commencement of the contract term and certain direct costs.

13. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plans and addition to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

14. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's OPEB plan and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, the plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)

15. Net Position

Net position is classified into three components: net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets, net of accumulated depreciation, capital assets, intangible assets right to use leased assets and intangible assets SBITAs, net of accumulated amortization and reduced by the outstanding balances of any bonds, mortgages, notes, leases payable or other borrowings or payables that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- Restricted This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted".

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Operating Revenues and Expenses

Operating revenues, such as charges for services (retail water sales, wholesale water sales, monthly water charge, recreation revenue, and other water charges and services), result from exchange transactions associated with the principal activity of the District. Nonoperating revenues, such as property taxes, assessments, investment earnings, adjudication charges, and other such items, result from nonexchange activities in which the District receives value without directly giving equal value in exchange.

Operating expenses include the costs of providing water and related services (fisheries, engineering, water treatment, water quality, utilities maintenance, electrical mechanical, pipeline, operations maintenance and management, and change in water-in-storage inventory), general and administrative expenses, recreation expenses, depreciation on capital assets and amortization on right-to-use leased assets and SBITAs. All expenses not meeting this definition are reported as nonoperating expenses.

NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Property Taxes and Assessments

Property taxes are levied based on a fiscal year (July 1 - June 30) each year. The property tax assessments are formally due on November 1 and February 1, and become delinquent after December 10 and April 10, respectively. Taxes become a lien on the property effective January 1 of the preceding year.

F. Capital Contributions

Capital contributions represent federal, state, and local grants received for the construction of capital projects.

G. Adoption of New Accounting Standards

In May 2020, the GASB issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements. This standard defines a subscription-based information technology arrangement (SBITA); establishes that a SBITA results in a right-to-use subscription asset (an intangible asset) and a corresponding subscription liability; provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and requires note disclosures regarding a SBITA.

The District adopted the requirements of the guidance effective July 1, 2021 and has applied the provisions of this standard to the beginning of the earliest comparative period presented. See Note 18 for the restatement as a result of this implementation. The implementation of this standard resulted in the District reporting a SBITA asset and a SBITA liability as disclosed in Note 6 and Note 9.

H. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

I. State Water Project Participation Rights

The District participates in the State Water Project (Project) entitling it to certain water rights. The District's participation in the Project is through cash payments. Monies used for the construction of capital assets, such as pipelines, pumping facilities, storage facilities, etc., are recorded as State Water Project entitlement rights and amortized over the life of the agreements within capital assets. Certain projects also require payments for on-going maintenance; those payments are charged to expenses as incurred.

NOTE 2 CASH AND INVESTMENTS

Cash and investments were classified in the accompanying financial statements as follows:

| | June 30, | | | |
|--|------------------|----|------------|--|
| Description | 2023 | | 2022 | |
| Cash and Cash Equivalents | \$ 4,882,722 | \$ | 9,106,058 | |
| Investments | 10,626,150 | | 9,912,550 | |
| Restricted - Cash and Cash Equivalents | 2,307,581 | | 6,819,669 | |
| Total | \$ 17,816,453 | \$ | 25,838,277 | |

Cash and investments consisted of the following:

| | June 30, | | | |
|---|----------|------------|----|------------|
| Description | | 2023 | | 2022 |
| Cash on Hand | \$ | 6,800 | \$ | 6,800 |
| Demand Deposits Held in Financial Institutions | | 4,860,123 | | 8,108,740 |
| Other Cash and Cash Equivalents: | | | | |
| Deposits in Money-Market Funds | 12,147 | | | 986,964 |
| Deposits in the Local Agency Investment Fund (LAIF) | 496 | | | 484 |
| Deposits in the Ventura County Pooled Investment | | | | |
| Fund | | 3,156 | | 3,070 |
| Subtotal Cash and Cash Equivalents | | 4,882,722 | | 9,106,058 |
| Investments | | 10,626,150 | | 9,912,550 |
| Restricted - Investments with Fiscal Agent | | 2,307,581 | | 6,819,669 |
| Total | \$ | 17,816,453 | \$ | 25,838,277 |

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC) and are collateralized by the respective financial institutions. In addition, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. At June 30, 2023 and 2022, all of the District's deposits with financial institutions were covered by federal depository insurance limits or were held in collateralized accounts.

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Authorized Investments and Investment Policy

The table below identifies the investment types that are authorized for the District by the California Government Code (or District's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the District's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

This table does not address the investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the District, rather than the general provisions of the California Government Code or the District's investment policy. This table also does not address investments of the employer contributions to the OPEB trusts that are governed by the agreement between the District and the trustees, rather than the general provisions of the California Government Code or the District's investment policy.

| | | Maximum | Maximum |
|--|------------|--------------|---------------|
| Authorized | Maximum | Percentage | Investment |
| Investment Type | Maturity | of Portfolio | in One Issuer |
| U.S. Treasury Obligations | 5-Years* | None | None |
| Government Sponsored Entities Securities | 5-Years* | None | None |
| Non-Negotiable Certificates of Deposit | 5-Years* | 30% | 10% |
| Medium Term Notes | 5-Years | 30% | 10% |
| Money Market Mutual Funds | 5-Years | 20% | 10% |
| Municipal Bonds | 5-Years | None | 10% |
| Commercial Paper | 270 days** | 25%** | 10% |
| Bankers Acceptances | 180 days** | 40%** | 10% |
| Repurchase Agreements | 1-Year** | None | 10% |
| County Pooled Investment Funds | None | None | None |
| California Local Agency Investment Fund (LAIF) | None | 95% | None |
| Bonds Issued by the District | 5-Years | 95% | None |

^{*} The District's investment policy for the fiscal year ended June 30, 2023 allows for a maximum maturity of five years. However, a previous investment policy allowed for a maximum maturity of ten years. The California Government Code limit's the maturity to five years but allows the board express authority to make investments either specifically or as a part of an investment program approved by the board that exceeds this five-year maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the five-year maturity limit. Some investments with a maturity in excess of five years were purchased under the previous investment policy and have not yet liquidated.

^{**}The California Government Code is more restrictive than the District's policy and is reflected in these line items.

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Money-Market Mutual Funds

Money-market mutual funds are an investment whose objective is to earn modest investment earnings while maintaining a net asset value (NAV) of \$1 per share (which is the funds main goal – preservation of principal). A money-market mutual fund's portfolio is typically comprised of short-term, or less than one year, securities representing high-quality, liquid debt and monetary instruments with minimal credit risk. Money-market mutual funds are not subject to the fair value hierarchy. For financial reporting purposes, the District considers money market funds a cash equivalent due to their highly liquid nature and NAV of \$1 per share.

Ventura County Pooled Investment Fund (VCPIF)

The District is a voluntary participant in the Ventura County Pooled Investment Fund (VCPIF) pursuant to Government Code Section 53694. The cash flow needs of participants are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of those participants. At the time deposits are made, the Ventura County Treasurer may require the depositing entity to provide annual cash flow projections or an anticipated withdrawal schedule for deposits in excess of \$1 million. Projections are performed no less than semi-annually. In accordance with Government Code Section 27136, all request for withdrawal of funds for the purpose of investing or deposits the funds elsewhere shall be evaluated to ensure the proposed withdrawal will not adversely affect the principal deposits of the other participants. Pool detail may be obtained from the County of Ventura Treasurer's Office – 800 S. Victoria Ave., Ventura, California 93009 or the Treasurer and Tax Collector's office website at www.ventura.org/ttc.

VCPIF is not subject to the fair value hierarchy established by accounting principles generally accepted in the United States of America as it is held at an amortized cost basis and it is not rated under the current credit risk ratings format. For financial reporting purposes, the District considers the VCPIF a cash equivalent due to its highly liquid nature and dollar-in dollar-out amortized cost methodology.

Local Agency Investment Fund (LAIF)

The California State Treasurer, through the Pooled Money Investment Account (PMIA), invests taxpayers' money to manage the State's cash flow and strengthen the financial security of local governmental entities. PMIA policy sets as primary investment objectives safety, liquidity, and yield. Through the PMIA, the Investment Division manages the Local Agency Investment Fund (LAIF). The LAIF allows cities, counties, and special districts to place money in a major portfolio and, at no additional costs to taxpayers, use the expertise of Investment Division staff. Participating agencies can withdraw their funds from the LAIF at any time as LAIF is highly liquid and carries a dollar-in dollar-out amortized cost methodology.

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Local Agency Investment Fund (LAIF) (Continued)

The District is a voluntary participant in LAIF. The fair value of the District's investment in this pool is reported at an amount based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of the of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF. LAIF is not subject to the fair value hierarchy established by accounting principles generally accepted in the United States of America as it is held at an amortized cost basis, and it is Not Rated under the current credit risk ratings format. For financial reporting purposes, the District considers LAIF a cash equivalent due to its highly liquid nature and dollar-in dollar-out amortized cost methodology.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the fair values of investments with longer maturities have greater sensitivity to changes in market interest rates. One of the ways the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer-term investments and by timing cash flows from maturities to that a portion of the portfolio is maturing or coming close to maturity as necessary to provide the cash flow and liquidity needed for operations.

The District has elected to use the segmented time distribution method of disclosure for the maturities of its investments as related to interest rate risk. Information about the sensitivity of the fair values of the District's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following tables that show the distribution of the District's investments by maturity.

The District's investments as of June 30, 2023, were as follows:

| | Measurement | Credit | | 1: | 2 Months or | 13 to 24 | 25 to 120 |
|--------------------------------------|-------------|-----------|------------------|----|-------------|-----------------|-----------------|
| Type of Investments | Input | Rating | Fair Value | | Less | Months | Months |
| U.S. Treasury Obligations | Level 2 | AA | \$ 2,400,377 | \$ | 2,400,377 | \$ - | \$ - |
| Government Sponsored | | | | | | | |
| Agency Securities | Level 2 | AA | 8,225,773 | | 1,949,550 | 1,353,652 | 4,922,571 |
| Local Agency Investment Fund (LAIF) | N/A | N/A | 496 | | 496 | - | - |

| Ventura County Pooled | | | | | | |
| Investment Fund (VCPIF) | N/A | N/A | 3,070 | 3,070 | - | - |
| Money Market Mutual Funds | N/A | Not Rated | 986,964 | 986,964 | - | - |
| Restricted - Investments with Fiscal | | | | | | |
| Agent: | | | | | | |
| Money Market Mutual Funds | N/A | AAA | 6,819,669 | 6,819,669 | | |
| Total | | | \$ 17,722,737 | \$ 8,559,084 | \$ 2,651,296 | \$ 6,512,357 |

Fair Value Measurement Input

The District categorizes its fair value measurement inputs within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The District has presented its measurement inputs as noted in the previous table. U.S. treasury obligations and government sponsored agency securities are classified in level 2 of the fair value hierarchy and are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Custodial Credit Risk – Investments

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Code and the District's investment policy contain legal and policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF and VCPIF).

<u>Credit Risk - Investments</u>

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investments in U.S. Treasury obligations and government sponsored agency securities are rated AA by *Standard & Poor's* as of June 30, 2023 and 2022.

NOTE 2 CASH AND INVESTMENTS (CONTINUED)

Concentration of Credit Risk

The District's investment policy contains no limitations on the amount that can be invested in any one governmental agency or nongovernmental issuer beyond that stipulated by the California Government Code. The following investments in any one governmental or nongovernmental issuer represented 5% or more of the District's total investments:

| | June 3 | 23 | |
|--|------------|----|-----------|
| Description | Percentage | | Balance |
| U.S. Treasury Obligations | 23 % | \$ | 2,400,377 |
| Government Sponsored Agency Securities: | | | |
| Federal Agricultural Mortgage Corporation (FAMC) | 11 | | 1,175,239 |
| Federal Home Loan Banks (FHLB) | 21 | | 2,190,456 |
| Federal National Mortgage Association (FNMA) | 35 | | 3,691,502 |
| Federal Farm Credit Bank (FFCB) | 11 | | 1,168,576 |

| | June 3 | .2 | |
|--|------------|----|-----------|
| Description | Percentage | | Balance |
| U.S. Treasury Obligations | 13 % | \$ | 1,411,895 |
| Government Sponsored Agency Securities: | | | |
| Federal Agricultural Mortgage Corporation (FAMC) | 11 | | 1,219,013 |
| Federal Home Loan Banks (FHLB) | 21 | | 2,248,030 |
| Federal National Mortgage Association (FNMA) | 35 | | 3,796,332 |
| Federal Farm Credit Bank (FFCB) | 12 | | 1,237,280 |

NOTE 3 RESTRICTED ASSETS

Restricted assets as of June 30, were classified on the balance sheet as follows:

| Description | 2023 | | | 2022 | | |
|---|------|-----------|-----|------|-----------|--|
| Restricted - Cash and Cash Equivalents | \$ | 2,307,581 | - 5 | \$ | 6,819,669 | |
| Restricted - Special Assessments Receivable | | _ | | | 641 | |
| Total | \$ | 2,307,581 | 3 | \$ | 6,820,310 | |

NOTE 4 ACCOUNTS RECEIVABLE

The balance at June 30, consists of the following:

| Description | 2023 | 2022 |
|---|-----------------|-----------------|
| Accounts Receivable - Customers | \$ 2,351,364 | \$ 3,318,341 |
| Allowance for Doubtful Accounts | (154,220) | (146,204) |
| Accounts Receivable - Others | 601,795 | 874,543 |
| Accounts Receivable - Property Taxes | 108,855 | 72,164 |
| Accounts Receivable - CFD 2013-1 Assessment | 146,064 | 90,176 |
| Total | \$ 3,053,858 | \$ 4,209,020 |

NOTE 5 WATER-IN-STORAGE INVENTORY

The following schedule notes the change in the cost of the water held-in storage in Casitas Lake. The increase or decrease in the water storage valuation balance denotes a way of accounting for water diversion expenses as explained in Note 1 in future years when the water in the lake is transmitted to the District's customers.

Changes in water-in-storage inventory for the years ended June 30, were as follows:

| Description | 2023 | | | 2022 |
|---|------|------------|----|-----------|
| Beginning Balance - Water-in-Storage | \$ | 8,247,590 | \$ | 8,671,703 |
| Current Year Change in Water-in-Storage | | 1,999,525 | | (424,113) |
| Ending Balance - Water-in-Storage | \$ | 10,247,115 | \$ | 8,247,590 |

NOTE 6 CAPITAL ASSETS AND DEPRECIATION

Changes in capital assets for the fiscal year ended June 30, 2023, were as follows:

| 5 | Balance July 1, 2022, | A 1 1111 | Deletions/ | Balance |
|---------------------------------------|--------------------------|----------------|----------------|---------------|

NOTE 6 CAPITAL ASSETS AND DEPRECIATION (CONTINUED)

The beginning balances in the previous capital asset tables were restated due to the implementation of GASB Statement No. 96, SBITAs, see Note 1G.

State Water Project Entitlement

In 1963, the Ventura County Flood Control District contracted with the state of California (State) for 20,000 acre-feet per year of water from the State Water Project (SWP). The SWP conveys water from Northern California to Southern California through a system of reservoirs, canals, pump stations, and power generation facilities. In 1971, the administration of the State Water Contract with the State was assigned to the District. Of the 20,000 acre-feet per year contracted, the District is assigned 5,000 acre-feet per year. United Water Conservation District is assigned 5,000 acre-feet per year, and the City of Ventura is assigned 10,000 acre-feet per year. Currently, only United Water Conservation District is receiving water from the SWP.

The District is one of many participants contracting with the State of California for a system to provide water throughout California. Under the terms of the State Water Contract, as amended, the District is obliged to pay allocable portions of the cost of construction of the system and ongoing operations and maintenance costs through at least the year 2035, regardless of the quantities of water available from the project. The District and the other contractors may also be responsible to the State for certain obligations by any contractor who defaults on its payments to the State.

The District exercised its option to extend the contractual period to 2085 under substantially comparable terms. The required payments are not yet available past 2035. This corresponds to an estimated 80-year service life for the original facilities. The state is obligated to provide specific quantities of water throughout the life of the contract, subject to certain conditions.

In addition to system on-aqueduct power facilities, the State has, either on its own or through joint venture, financed certain off-aqueduct power facilities (OAPF). The power generated is utilized by the system for water transportation purposes. Power generated in excess of system needs is marketed to various utilities and California's power market. The District is entitled to a proportionate share of the revenues resulting from sales of excess power. The District and the other water contractors are responsible for repaying the capital and operating costs of the OAPF regardless of the amount of power generated.

The District capitalized its share of system construction costs as participation rights in state water facilities when such costs are billed by the state. Unamortized participation rights essentially represent a prepayment for future water deliveries through the state system. The District's share of system operations and maintenance costs is charged to expense.

The District amortizes a portion of capitalized participation rights each year using a formula that considers the total estimated cost of the project, estimated useful life and estimated production capacity of the assets based upon information provided by the state of California.

NOTE 7 COMPENSATED ABSENCES

Summary changes to compensated absences balances for the year ended June 30, 2023 were as follows:

| Balance | | | | | Balance | Di | ue Within | Du | ue in More |
|--------------|---------------|-----------|-----------|---------------|-----------|----------|-----------|---------------|------------|
| July 1, 2022 | Additions | Deletions | | June 30, 2023 | | One Year | | Than One Year | |
| \$ 1,191,210 | \$ 503,476 | \$ | (412,542) | \$ | 1,282,144 | \$ | 512,858 | \$ | 769,286 |

Summary changes to compensated absences balances for the year ended June 30, 2022 were as follows:

| | Balance | alance | | | | | Balance | Di | ue Within | Due in More | | |
|----|-------------|--------|-----------|-----------|--------------|---------------|-----------|----------|-----------|---------------|---------|--|
| Jı | uly 1, 2021 | | Additions | Deletions | | June 30, 2022 | | One Year | | Than One Year | | |
| \$ | 1,038,000 | \$ | 471,399 | \$ | \$ (318,189) | | 1,191,210 | \$ | 476,484 | \$ | 714,726 | |

NOTE 8 LEASES

The District leases equipment (vehicles) under a long-term noncancelable lease agreements. The leases expire at various times through 2028 and do not provide for renewal options. The interest rates range from 4.48% to 7.46% and there are no variable payments. The following are the lease liabilities as of June 30, 2023 and 2022:

| _ | alance / 1, 2022 | А | dditions | Deletions | | Balance June 30, 2023 | | Due Within One Year | | Due in More Than One Year | |
|-----|---------------------|----|----------|-----------|----------|--------------------------|---------|------------------------|----------|------------------------------|------------|
| \$ | 25,078 | \$ | 412,101 | \$ | (55,520) | \$ 381,659 | | \$ 79,172 | | 2 \$ 302, | |
| В | alance | | | | | E | Balance | Du | e Within | Du | e in More |

| \$ | - | \$ | 25,078 | \$ | - | \$ | 25,078 | \$ | 5,042 | \$ | 20,036 |

Total future minimum lease payments under lease agreements are as follows:

| Fiscal Year Ended June 30, | Principal | | I | nterest |
|----------------------------|-----------|-----------|----|---------|
| 2024 | \$ | \$ 79,172 | | 23,896 |
| 2025 | | 84,769 | | 18,300 |
| 2026 | | 90,766 | | 12,303 |
| 2027 | | 94,647 | | 5,895 |
| 2028 | | 32,305 | | 697 |
| Total | \$ | 381,659 | \$ | 61,091 |

Right-to-use assets, consisting of equipment, acquired through outstanding leases, net of accumulated amortization total \$444,809 and \$24,783 for the fiscal years ended June 30, 2023 and 2022, respectively. See more details of these balances in Note 6, Capital Assets and Depreciation.

NOTE 9 SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The District has entered into subscription based-information technology arrangements (SBITAs) for various software, cloud services, and online system subscriptions. The SBITA arrangements expire at various dates through 2027 and provide for renewal options. The following are the SBITA liabilities as of June 30, 2023 and 2022:

| | Balance | | | _ | | Balance | | Due Within | | | e in More |
|----|-------------|----|----------|----|-----------|---------------|---------|------------|-----------|-----|------------|
| Ju | ly 1, 2022 | A | dditions | L | Deletions | June 30, 2023 | | | ne Year | Ina | n One Year |
| \$ | 241,313 | \$ | 403,814 | \$ | (176,995) | \$ 468,132 | | \$ 173,610 | | \$ | 294,522 |
| | Balance | | | | | | | | | | |
| Ju | ly 1, 2021, | | | | | | Balance | D | ue Within | Du | e in More |
| as | Restated | A | dditions | | Deletions | June 30, 2022 | | | ne Year | Tha | n One Year |
| \$ | 321,052 | \$ | - | \$ | (79,739) | \$ | 241,313 | \$ | 176,995 | \$ | 64,318 |

SBITA assets and the related accumulated amortization totaled \$529,237 and \$267,639, for the fiscal years ended June 30, 2023 and 2022, respectively. See more details of these balances in Note 6, Capital Assets and Depreciation.

The future subscription payments under SBITA agreements are as follows:

| Fiscal Year Ended June 30, | I | Principal | I | nterest |
|----------------------------|----|-----------|----|---------|
| 2024 | \$ | 173,610 | \$ | 11,744 |
| 2025 | | 179,096 | | 6,147 |
| 2026 | | 106,816 | | 1,858 |
| 2027 | | 8,610 | | 62 |
| 2028 | | - | | - |
| Total | \$ | 468,132 | \$ | 19,811 |

Some SBITA agreements require variable payments based on future performance of the government, usage of the underlying IT assets, or number of user seats and are not included in the measurement of the SBITA liability. Those variable payments are recognized as outflows of resources in the periods in which the obligation for those payments is incurred. The District has no such variable payments.

NOTE 10 LONG-TERM DEBT

Changes in long-term debt for the year ended June 30, 2023 were as follows:

| | Balance | | | Balance | Due Within | Due in More | |

A. Loans Payable

2022 Loan Payable

On July 20, 2022, the District obtained financing in the amount of \$2,751,200 that matures on August 1, 2032. The loan was issued for the replacement of the aquatic play structure and regenerative media filtration system for the Casitas Water Adventure at the Lake Casitas Recreation Area. Interest Is calculated at 3.35% per annum and annual payments equal \$326,375. The loan is scheduled to mature in 2033. The District shall fix, prescribe, and collect rates, fees and charges during each fiscal year which are sufficient to yield net revenues and taxes which are at least equal to 110% of the aggregate amount of the installment payments and debt service on all parity obligations coming due and payable in such fiscal year. The District is in compliance with this requirement for the fiscal year ended June 30, 2023. The District's net revenues and taxes are pledged and assigned to repayment of the note. See additional details in Note 10F.

NOTE 10 LONG-TERM DEBT (CONTINUED)

A. Loans Payable (Continued)

2022 Loan Payable (Continued)

Annual debt service requirements are as follows:

| Fiscal Year Ending June 30, | Principal | | Interest | | Total | |
|-----------------------------|-----------|-----------|----------|---------|-------|-----------|
| 2024 | \$ | 240,033 | \$ | 86,343 | \$ | 326,376 |

| Total | \$ | 251,255 | \$ | 24,599 | \$ 275,854 | | |

C. 2017 Special Tax Bonds

In 2013, registered voters within Community Facilities District 2013-1 authorized the District to incur bonded indebtedness in the aggregate principal amount not to exceed \$60,000,000. In April 2017, the District issued \$39,910,000 in 2017 Special Tax Bonds-Series A and B for the purchase of the Ojai water facilities in Community Facilities District 2013-1 (CFD 2013-1) for \$34.4 million and capital improvements needed to upgrade the water facilities. The Special Tax Bonds were issued by the District under the provisions of the Mello-Roos Community Facilities Act of 1982, as amended. A special assessment is levied annually on the property owners of the CFD 2013-1 service area to repay their portion of the annual debt service for the acquisition of the water facilities.

NOTE 10 LONG-TERM DEBT (CONTINUED)

C. 2017 Special Tax Bonds (Continued)

The acquisition of CFD 2013-1 water facilities for \$34.4 million included capital assets of \$25.9 million and various other assets, liabilities, and expenses totaling \$4.4 million leaving \$4,100,000 as a deferred loss on the acquisition of CFD 2013-1 that is being amortized over 30 years. The balance of this deferred loss, net of accumulated amortization is \$2,865,043 and \$3,070,915 as of June 30, 2023 and 2022, respectively. The 2017 Special Tax Bonds are secured by a pledge and lien of the special taxes levy on the taxable property within the District. See Note 10 F. for details.

The special tax bonds are scheduled to mature on September 1, 2047 with annual principal and interest payments due September 1 and March 1. Annual interest rates range between 2.0% and 5.25%. The special tax bonds were issued with a \$4,227,203 bond premium and a prepaid Build America Mutual municipal bond insurance policy with a cost of \$472,314, both of which will be amortized over the remaining years of debt service life. Annual debt service requirements on the special tax bonds are as follows:

| Fiscal Year Ending June 30, | Principal | | Interest | | Total | |
|-----------------------------|-----------|------------|----------|-----------|------------------|--|
| 2024 | \$ | 140,000 | \$ | 481,850 | \$ 621,850 | |
| 2025 | | 160,000 | | 477,350 | 637,350 | |
| 2026 | | 175,000 | | 472,325 | 647,325 | |
| 2027 | | 195,000 | | 465,800 | 660,800 | |
| 2028 | | 215,000 | | 457,600 | 672,600 | |
| 2029-2033 | | 1,440,000 | | 2,110,900 | 3,550,900 | |
| 2034-2038 | | 2,165,000 | | 1,751,500 | 3,916,500 | |
| 2039-2043 | | 3,075,000 | | 1,230,900 | 4,305,900 | |
| 2044-2048 | | 4,285,000 | | 488,600 | 4,773,600 | |
| Total | \$ | 11,850,000 | \$ | 7,936,825 | \$ 19,786,825 | |

D. 2019 Special Tax Bonds

In October 2019, the District issued \$12,265,000 in Special Tax Bonds for capital improvements to the Ojai water facilities serving property within Community Facilities District 2013-1 (CFD 2013-1). The Special Tax Bonds are being issued by the District under the provisions of the Mello-Roos Community Facilities Act of 1982, as amended. A special assessment will be levied annually on the property owners of the CFD 2013-1 service area to repay their portion of the annual debt service for the acquisition of the water facilities.

The 2019 Special Tax Bonds are secured by a pledge and lien of the special taxes levy on the taxable property within the District. See Note 10 F. for details.

NOTE 10 LONG-TERM DEBT (CONTINUED)

D. 2019 Special Tax Bonds (Continued)

The special tax bonds are scheduled to mature on September 1, 2047 with annual principal and interest payments due September 1 and March 1. Annual interest rates range between 3.0% and 5.0%. The special tax bonds were issued with a \$1,711,659 bond premium and a prepaid Build America Mutual municipal bond insurance policy for \$128,405 both of which will be amortized over the remaining years of debt service life. The cost of debt issuance was \$323,870 and was expensed as incurred. Annual debt service requirements on the special tax bonds are as follows:

| Fiscal Year Ending June 30, | Principal | Interest | Total |
|-----------------------------|---------------|--------------|---------------|
| 2024 | \$ 140,000 | \$ 481,850 | \$ 621,850 |
| 2025 | 160,000 | 477,350 | 637,350 |
| 2026 | 175,000 | 472,325 | 647,325 |
| 2027 | 195,000 | 465,800 | 660,800 |
| 2028 | 215,000 | 457,600 | 672,600 |
| 2029-2033 | 1,440,000 | 2,110,900 | 3,550,900 |
| 2034-2038 | 2,165,000 | 1,751,500 | 3,916,500 |
| 2039-2043 | 3,075,000 | 1,230,900 | 4,305,900 |
| 2044-2048 | 4,285,000 | 488,600 | 4,773,600 |
| Total | \$ 11,850,000 | \$ 7,936,825 | \$ 19,786,825 |

E. Casitas Dam Project-Seismic Safety of Casitas Dam Reimbursement Agreement

The United States Bureau of Reclamation (USBR) has undertaken and completed a project to strengthen Casitas Dam to better withstand seismic activity. Under federal law, the District is required to pay 15% of those costs. The District and the USBR have completed negotiations on the District's share of the cost of the project which is \$3,011,898. The District is to reimburse the USBR \$77,228 each February 1 until February 1, 2052 as follows:

| Fiscal Year Ending June 30, | Amount |
|-----------------------------|-----------------|
| 2024 | \$ 77,228 |
| 2025 | 77,228 |
| 2026 | 77,228 |
| 2027 | 77,228 |
| 2028 | 77,228 |
| 2029-2033 | 386,140 |
| 2034-2038 | 386,140 |
| 2039-2043 | 386,140 |
| 2044-2048 | 386,140 |
| 2049-2052 | 308,916 |
| Total | 2,239,616 |
| Less: Current Portion | (77,228) |
| Total Noncurrent | \$ 2,162,388 |

NOTE 10 LONG-TERM DEBT (CONTINUED)

F. Pledged Revenue

The 2017 and 2019 Special Tax Bonds are secured by a pledge and lien of the special taxes levy on the taxable property within the District. The special taxes collected, debt services payments, and percentage of revenue collected over debt services payments for the years ended June 30, 2023 and 2022 are as follows:

| | 2023 | 2022 |
|---|-----------------|-----------------|
| CFD 2013-1 Assessment Revenue | \$ 2,929,902 | \$ 2,843,711 |
| Special Tax Bonds - 2017 Series B Debt Service Payment Special Tax Bonds - 2019 Series C Debt Service | \$ 2,149,088 | \$ 2,106,588 |
| Payment | 610,825 | 599,350 |
| Total Debt Service Payments Supported by Assessment | \$ 2,759,913 | \$ 2,705,938 |
| Percentage of Revenue Collected Over Debt Service Payments | 106% | 105% |

The 2022 loan payable is secured by a pledge and lien of all net revenues and taxes of the District. The amounts pledged are as follows (note that there are no amounts for 2022 since the debt was not issued until fiscal year 2022-2023):

| | 2023 | 2022 |
|--|--------------|------|
| Net Water Revenues | \$ 2,132,747 | \$ - |
| Taxes | <u></u> _ | |
| Total Pledged Net Revenues | \$ 2,132,747 | \$ - |
| Total Debt Service Payments Supported by Net Revenues | \$ 299,178 | \$ - |
| Percentage of Revenue Collected Over Debt Service Payments | 713% | N/A |

NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY

Summary

The following balances on the balance sheet will be addressed in this footnote as follows:

| Description | 2023 | 2022 |
|---|--------------|--------------|
| OPEB Related Deferred Outflows of Resources | \$ 6,260,763 | \$ 7,619,098 |
| Net OPEB Liability | 10,891,907 | 20,724,642 |
| OPEB Related Deferred Inflows of Resources | 11,691,864 | 2,373,346 |

Plan Description - Eligibility

The District, through an agent multiemployer defined benefit plan (the Plan), provides postemployment healthcare benefits to retirees managed through California Employers' Retiree Benefit Trust (CERBT). The following requirements must be satisfied in order to be eligible for postemployment medical benefits: (1) Attainment of age 60, and 20 years for full-time service, and (2) retirement from the District (the District must be the last employer prior to retirement).

Plan Description - Benefits

The District offers postemployment medical benefits to retired employees who satisfy the eligibility rules. Retirees may enroll in any plan available through the ACWA-JPIA medical program. The benefits provided and contribution requirements of plan members and the District are established and may be amended by the board of directors. The following is a description of the current retiree benefit plan:

| Description | Participants |
|---------------------------|---|
| Benefit Types Provided | Secondary to Medicare - Medical, Dental, and Vision |
| Benefit Types not Covered | Medicare Part B |
| Duration of Benefits | Lifetime |
| Required Service | 20 years service |
| Minimum Age | 60 years old and CalPERS Retirement from District |
| Dependent Coverage | Surviving spouse may participate |
| District Contribution | 100% of the least cost of plans that are offered to |
| | District employees |

Employees Covered by Benefit Terms

At June 30, 2022 and 2021 (measurement dates), the following employees were covered by the benefit terms:

| Description | 2022 | 2021 |
|--|------|------|
| Inactive Plan Members or Beneficiaries Currently | | |
| Receiving Benefit Payments | 34 | 36 |
| Active Plan Members | 75_ | 75 |
| Total | 109 | 111 |

NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)

Contributions

Contribution requirements are established by District policy and may be amended by the board of directors. The annual contribution is based on the actuarially determined contribution; however, the District typically contributes based on the pay-as-you-go costs. For the fiscal year ended June 30, 2023, the District made no contributions to the OPEB trust, made payments totaling \$337,947 for retiree health care insurance benefits, made no payments for administrative expenses paid outside of the trust, and the implied subsidy was \$161,251, resulting in payments of \$499,198. For the fiscal year ended June 30, 2022, the District made no contributions to the OPEB trust, made payments totaling \$394,193 for retiree health care insurance benefits, made no payments for administrative expenses paid outside of the trust, and the implied subsidy was \$190,594, resulting in payments of \$584,787.

A. Net OPEB Liability

The District's net OPEB liability for the fiscal year ended June 30, 2023, was measured as of June 30, 2022 (measurement date), and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022.

The District's net OPEB liability for the fiscal year ended June 30, 2022, was measured as of June 30, 2021 (measurement date), and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2021, using standard update procedures.

Actuarial Assumptions and Other Inputs

The total net OPEB liability in the June 30, 2022 and 2021 (measurement dates) actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

| | June 30, | June 30, |
|--|----------|----------|
| Measurement Date | 2022 | 2021 |
| Discount Rate | 4.19% | 2.33% |
| Inflation | 2.50% | 2.50% |
| Salary Increases | 2.75% | 2.75% |
| Investment Rate of Return | 5.25% | 4.75% |
| Healthcare Cost Trend Rates | (1) | (2) |
| Mortality, Retirement, Disability, and Termination | (5) | (3) |
| Mortality Improvement | (6) | (4) |

- (1) Non-Medicare: 8.5% for 2024 decreasing to 3.45% in 2076; Medicare (Kaiser): 7.5% for 2024 decreasing to 3.45% in 2076 Medicare (Other): 6.25% for 2024 decreasing to 3.45% in 2076
- (2) Non-Medicare: 7.5% for 2022 decreasing to 4.0% in 2076; Medicare (Kaiser): 5.0% for 2022 decreasing to 4.0% in 2076 Medicare (Other): 6.1% for 2022 decreasing to 4.0% in 2076
- (3) Based on CalPERS 1997-2015 Experience Study.
- (4) Postretirement mortality projected fully generational with Scale MP-2020.
- (5) Based on CalPERS 2000-2019 Experience Study.
- (6) Postretirement mortality projected fully generational with Scale MP-20201

NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)

A. Net OPEB Liability (Continued)

Long-Term Expected Rate of Return

The long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocations with CERBT as of June 30, 2022 and 2021 measurement dates are summarized in the following tables:

Measurement period ended June 30, 2022:

| | Target | |
|--|------------|----------------|
| | Allocation | |
| | CERBT - | Expected Real |
| | Strategy 3 | Rate of Return |
| Global Equity | 23.00 % | 4.56 % |
| Fixed Income | 51.00 | 1.56 |
| TIPS | 9.00 | (80.0) |
| Commodities | 3.00 | 1.22 |
| REITS | 14.00 | 4.06 |
| Assumed Long-Term Rate of Inflation | | 2.50 |
| Expected Long-Term Net Rate of Return, Rounded | | 5.25 |

Measurement period ended June 30, 2021:

| | l arget | |
|--|------------|----------------|
| | Allocation | |
| | CERBT - | Expected Real |
| | Strategy 3 | Rate of Return |
| Global Equity | 22.00 % | 4.56 % |
| Fixed Income | 49.00 | 0.78 |
| TIPS | 16.00 | (0.08) |
| Commodities | 5.00 | 1.22 |
| REITS | 8.00 | 4.06 |
| Assumed Long-Term Rate of Inflation | | 2.50 |
| Expected Long-Term Net Rate of Return, Rounded | | 4.75 |

Discount Rate

GASB 75 requires a discount rate that reflects the following:

- a) The long-term expected rate of return on OPEB plan investments—to the extent that the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return;
- b) A yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher—to the extent that the conditions in (a) are not met.

NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)

A. Net OPEB Liability (Continued)

Discount Rate - Measurement Period Ended June 30, 2022

The blended discount rate used to measure the total OPEB liability was 4.19% as of the measurement period ended June 30, 2022. The projection of cash flows used to determine the discount rate assumed that the District would make contributions based on expected pay-go costs less normal costs for future new members and that additional contributions to the trust were unlikely. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries through 2052, the crossover date. At the crossover date of 2052, the plan's fiduciary net position is not projected to be available to make required payments and, therefore, the Bond Buyer 20-Bond GO Index rate of 3.54% was applied from this date forward.

<u>Discount Rate – Measurement Period Ended June 30, 2021</u>

The blended discount rate used to measure the total OPEB liability was 2.33% as of the measurement period ended June 30, 2021. The projection of cash flows used to determine the discount rate assumed that the District would make contributions based on expected pay-go costs less normal costs for future new members and that additional contributions to the trust were unlikely. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries through 2035, the crossover date. At the crossover date of 2035, the plan's fiduciary net position is not projected to be available to make required payments and, therefore, the Bond Buyer 20-Bond GO Index rate of 2.16% was applied from this date forward.

Changes of Assumptions

The following changes in assumptions were noted from the measurement period ended June 30, 2021 to June 30, 2022:

- The discount rate was updated from 2.33% to 4.19%.
- The mortality improvement scale was updated from Scale MP-2020 to Scale MP-2021.
- The medical trend rates were updated.

The following changes in assumptions were noted from the measurement period ended June 30, 2020 to June 30, 2021:

- The discount rate was updated from 2.53% to 2.33%.
- Inflation rate decreased from 2.75% to 2.50%, which decreased the investment return, medical trend, and aggregate salary increases by 0.25%.

NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)

C. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the fiscal years ended June 30, 2023 and 2022, the District recognized OPEB expense of \$1,343,318 and \$2,293,434, respectively.

As of the fiscal year ended June 30, 2023, the District reported deferred outflows and deferred inflows of resources related to the net OPEB liability from the following sources:

| | Deferred Outflows of | | | Deferred Inflows of | |
|--|-------------------------|-----------|----|------------------------|--|
| Description | Resources | | ! | Resources | |
| OPEB Contributions Subsequent to the | | | | | |
| Measurement Date | \$ | 499,198 | \$ | - | |
| Changes in Assumptions | | 5,638,573 | | (3,828,656) | |
| Differences Between Expected and Actual | | | | | |
| Experience | | - | | (7,863,208) | |
| Net Differences Between Projected and | | | | | |
| Actual Earnings on OPEB Plan Investments | | 122,992 | | - | |
| Total Deferred Outflows (Inflows) of Resources | \$ | 6,260,763 | \$ | (11,691,864) | |

At June 30, 2023, the District reported \$499,198 of deferred outflows of resources for employer contributions made subsequent to the measurement date which will be used to reduce the net OPEB liability balance in the fiscal year ending June 30, 2024 calculation. Other amounts reported as deferred outflows (inflows) of resources related to the net OPEB liability will be recognized in OPEB expense as follows:

| Fiscal Year Ending June 30, | Amount |
|-----------------------------|-------------------|
| 2024 | \$ 106,179 |
| 2025 | 110,429 |
| 2026 | 112,662 |
| 2027 | (460,981) |
| 2028 | (946, 269) |
| Thereafter | (4,852,319) |
| Total | \$ (5,930,299) |

NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)

C. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

As of the fiscal year ended June 30, 2022, the District reported deferred outflows and deferred inflows of resources related to the net OPEB liability from the following sources:

| Description | Deferred Outflows of Resources | | I | Deferred Inflows of Resources | |
|--|--------------------------------------|-----------|----|-------------------------------------|--|
| OPEB Contributions Subsequent to the | | | | | |
| Measurement Date | \$ | 584,787 | \$ | - | |
| Changes in Assumptions | | 7,034,311 | | (112,255) | |
| Differences Between Expected and Actual | | | | | |
| Experience | | - | | (2,157,176) | |
| Net Differences Between Projected and | | | | | |
| Actual Earnings on OPEB Plan Investments | | | | (103,915) | |
| Total Deferred Outflows (Inflows) of Resources | \$ | 7,619,098 | \$ | (2,373,346) | |

At June 30, 2022, the District reported \$584,787 of deferred outflows of resources for employer contributions made subsequent to the measurement date which were used to reduce the net OPEB liability balance in the fiscal year ended June 30, 2023 calculation.

D. Payable to the OPEB Plan

At June 30, 2023, the District had no outstanding amount of contributions to the OPEB plan.

NOTE 12 PENSION PLAN

Summary

The following balances on the balance sheet will be addressed in this footnote as follows:

| Description | June 30, 2023 | June 30, 2022 |
|--|---------------|---------------|
| Pension Related Deferred Outflows of Resources | \$ 5,093,585 | \$ 1,968,983 |
| Net Pension Liability | 11,523,941 | 5,317,540 |
| Pension Related Deferred Inflows of Resources | 179,685 | 4,697,869 |

Qualified employees are covered under a cost-sharing multiemployer defined benefit pension plan maintained by agencies of the State of California known as the California Public Employees' Retirement System (CalPERS), or (the Plan).

NOTE 12 PENSION PLAN (CONTINUED)

A. General Information about the Pension Plan

Plan Description

All qualified permanent and probationary employees are eligible to participate in the District's Miscellaneous Employee Pension Plans (Plans), which are cost-sharing multiemployer defined benefit pension plans administered by CalPERS. Benefit provisions under these plans are established by state statute and District resolution. CalPERS acts as a common investment and administrative agent for participating public entities within the state of California. A full description of the pension plan, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the June 30, 2020 and 2019 Annual Actuarial Valuation Reports. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Benefits Provided

The Plans' provisions and benefits in effect at the fiscal years ended June 30, 2023 and 2022 are summarized as follows:

| | Miscellaneous Plans | | | | |
|---|---------------------|---------------|--------------------|--------------|--|
| | | Classic | F | PEPRA | |
| | | Tier 1 | Tier 2 | | |
| | | Prior to | On or after | | |

| Required Member Contribution Rates | (| 6.918% | 6 | 6.750% | |
| Required Member Contribution Rates - 2023: | | | | | |
| Normal Cost Rate | 9.120% | | 7.470% | | |
| Payment of Unfunded Liability | \$ 843,847 | | \$ | 8,588 | |
| Required Member Contribution Rates - 2022: | | | | | |
| Normal Cost Rate | 9 | 9.130% | 7.590% | | |
| Payment of Unfunded Liability | \$ | 702,574 | \$ | 6,361 | |

CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. A Classic CalPERS Miscellaneous member becomes eligible for service retirement upon attainment of age 55 with at least five years of credited service. Public Employees' Pension Reform Act (PEPRA) Miscellaneous members become eligible for service retirement upon attainment of age 62 with at least five years of service. The service retirement benefit is a monthly allowance equal to the product of the benefit factor, years of service, and final compensation. The final compensation based on a retirement formula using the local service credit, age at retirement, and highest average annual compensation during any consecutive 12- or 36-month period throughout the employees' CalPERS career.

NOTE 12 PENSION PLAN (CONTINUED)

A. General Information about the Pension Plan (Continued)

Benefits Provided (Continued)

Participant members are eligible for nonindustrial disability retirement if they become disabled and have at least five years of credited service. There is no special age requirement. The standard nonindustrial disability retirement benefit is a monthly allowance equal to 1.8% of final compensation, multiplied by service. Industrial disability benefits are not offered to miscellaneous employees.

A member's beneficiary may receive the basic death benefit if the member dies while actively employed. The member must be actively employed with the District to be eligible for this benefit. A member's survivor who is eligible for any other pre-retirement death benefit may choose to receive that death benefit instead of this basic death benefit. The basic death benefit is a lump sum in the amount of the members' accumulated contributions, where interest is currently credited at 7.15% per year, plus a lump-sum in the amount of one month's salary for each completed year of current service, up to a maximum of six months' salary. For purposes of this benefit, one month's salary is defined as the member's average monthly full- time rate of compensation during the 12 months preceding death.

Upon the death of a retiree, a one-time lump-sum payment of \$500 will be made to the retiree's designated survivor(s), or to the retiree's estate. Benefit terms provide for annual cost-of-living adjustments to each member's retirement allowance. Beginning the second calendar year after the year of retirement, retirement and survivor allowances will be annually adjusted on a compound basis by 3%.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers will be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The public agency cost-sharing plans covered by the Miscellaneous risk pool, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of members. For the measurement periods ending June 30, 2022 and 2021 (measurement dates), the active member contribution rate for the Classic Miscellaneous Plan and the PEPRA Miscellaneous Plan are included in the above benefits schedule.

NOTE 12 PENSION PLAN (CONTINUED)

A. General Information about the Pension Plan (Continued)

Contributions (Continued)

Contributions for the fiscal years ended June 30, 2023 and 2022, were as follows:

| | Miscellane | ous Plans | |
|--|--------------|------------|--------------|
| | Classic | | |
| Employer Contributions by Fiscal Year | Tier 1 | PEPRA | Total |
| Contributions - Employer - June 30, 2023 | \$ 1,165,526 | \$ 345,759 | \$ 1,511,285 |
| Contributions - Employer - June 30, 2022 | \$ 1,032,464 | \$ 329,954 | \$ 1,362,418 |

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

Proportionate Share of Net Pension Liability and Pension Expense

The following table shows the District's proportionate share of the risk pool collective net pension liability over the measurement periods for the Miscellaneous Plan for the fiscal years ended June 30, 2023 and 2022:

| Plan Type and Balance Descriptions | Plan Total Pension liability | | an Fiduciary Net Position | Change in Plan Net Pension Liability | |
|--|---------------------------------|--------------------------------|------------------------------|---|------------------------------------|
| CalPERS - Miscellaneous Plans: | | | | | |
| Balance as of June 30, 2021 (Measurement Date) | \$ | 41,702,044 | \$ 36,384,504 | \$ | 5,317,540 |
| Balance as of June 30, 2022 (Measurement Date) | | 42,824,722 | 31,300,781 | | 11,523,941 |
| Change | \$ | 1,122,678 | \$ (5,083,723) | \$ | 6,206,401 |
| Plan Type and Balance Descriptions | | Plan Total ension liability | an Fiduciary Net Position | | nge in Plan Net nsion Liability |
| CalPERS - Miscellaneous Plans: | | | | | |
| Balance as of June 30, 2020 (Measurement Date) | \$ | 40,081,055 | \$ 30,494,167 | \$ | 9,586,888 |
| Balance as of June 30, 2021 (Measurement Date) | | 41,702,044 | 36,384,504 | | 5,317,540 |
| Change | \$ | 1,620,989 | \$ 5,890,337 | \$ | (4,269,348) |

The following is the approach established by the plan actuary to allocate the net pension liability and pension expense to the individual employers within the risk pool.

(1) In determining a cost-sharing plan's proportionate share, total amounts of liabilities and assets are first calculated for the risk pool as a whole on the valuation date (June 30, 2021 and 2020). The risk pool's fiduciary net position (FNP) subtracted from its total pension liability (TPL) determines the net pension liability (NPL) at the valuation date.

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

- (2) Using standard actuarial roll forward methods, the risk pool TPL is then computed at the measurement date (June 30, 2022 and 2021). Risk pool FNP at the measurement date is then subtracted from this number to compute the NPL for the risk pool at the measurement date. For purposes of FNP in this step and any later reference thereto, the risk pool's FNP at the measurement date denotes the aggregate risk pool's FNP at June 30, 2022 and 2021 less the sum of all additional side fund (or unfunded liability) contributions made by all employers during the measurement period (2022 fiscal year and the 2021 fiscal year).
- (3) The individual plan's TPL, FNP and NPL are also calculated at the valuation date.
- (4) Two ratios are created by dividing the plan's individual TPL and FNP as of the valuation date from (3) by the amounts in step (1), the risk pool's total TPL and FNP, respectively.
- (5) The plan's TPL as of the Measurement Date is equal to the risk pool TPL generated in (2) multiplied by the TPL ratio generated in (4). The plan's FNP as of the Measurement Date is equal to the FNP generated in (2) multiplied by the FNP ratio generated in (4) plus any additional side fund (or unfunded liability) contributions made by the employer on behalf of the plan during the measurement period.
- (6) The plan's NPL at the Measurement Date is the difference between the TPL and FNP calculated in (5).

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2022 and 2021, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 and 2020 rolled forward to June 30, 2022 and 2021, respectively, using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

The District's proportionate share percentage of the net pension liability for the June 30, 2022, measurement date was as follows:

| | Percentage Sha | | |
|---|----------------|---------------|------------|
| | Fiscal Year | Fiscal Year | Change |
| | Ending | Ending | Increase |
| | June 30, 2023 | June 30, 2022 | (Decrease) |
| Measurement Date | June 30, 2022 | June 30, 2021 | |
| Percentage of Risk Pool Net Pension Liability | 0.246280% | 0.280050% | -0.033770% |
| Percentage of Plan (PERF C) Net Pension Liability | 0.099770% | 0.098320% | 0.001450% |

The District's proportionate share percentage of the net pension liability for the June 30, 2021, measurement date was as follows:

| | Percentage Sha | | |
|---|----------------|---------------|------------|
| | Fiscal Year | Fiscal Year | Change |
| | Ending | Ending | Increase |
| | June 30, 2022 | June 30, 2021 | (Decrease) |
| Measurement Date | June 30, 2021 | June 30, 2020 | |
| Percentage of Risk Pool Net Pension Liability | 0.280050% | 0.227280% | 0.052770% |
| Percentage of Plan (PERF C) Net Pension Liability | 0.098320% | 0.088110% | 0.010210% |

For the fiscal years ended June 30, 2023 and 2022, the District recognized pension expense in the amounts of \$74,903 and \$1,731,807, respectively, for the CalPERS Miscellaneous Plan.

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description | (| Deferred Outflows of Resources | Deferred Inflows of Resources | | |
|--|----|--------------------------------------|-------------------------------------|-----------|--|
| Pension Contributions Subsequent to the | | | | | |
| Measurement Date | \$ | 1,511,285 | \$ | - | |
| Differences Between Expected and Actual | | | | | |
| Experience | | 231,424 | | (154,997) | |
| Changes in Assumptions | | 1,180,869 | | - | |
| Changes in Employer's Proportion and Differences | | | | | |
| Between the Employer's Contributions and the | | | | | |
| Employer's Proportionate Share of Contributions | | 59,128 | | (24,688) | |
| Net Differences Between Projected and Actual | | | | | |
| Earnings on Pension Plan Investments | | 2,110,879 | | | |
| Total Deferred Outflows (Inflows) of Resources | \$ | 5,093,585 | \$ | (179,685) | |

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

The District will recognize \$1,511,285 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date as a reduction of the net pension liability in the fiscal year ending June 30, 2024.

The deferred outflows/(inflows) of resources related to the net differences between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The deferred outflows/(inflows) of resources related to the differences between expected and actual experience, changes of assumptions, and changes in employer's proportion and differences between the employer's contributions and the employer's proportionate share of contributions, will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.7 years.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Amortization Period | |
|-----------------------------|-----------------|
| Fiscal Year Ending June 30, | Amount |
| 2024 | \$ 888,682 |
| 2025 | 779,755 |
| 2026 | 443,091 |
| 2027 | 1,291,087 |
| Total | \$ 3,402,615 |

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| Description | Deferred Outflows of Resources | | Deferred Inflows of Resources | |
|--|--------------------------------------|-----------|-------------------------------------|-------------|
| Pension Contributions Subsequent to the | | | | |
| Measurement Date | \$ | 1,362,418 | \$ | - |
| Differences Between Expected and Actual | | | | |
| Experience | | 596,304 | | - |
| Changes in Assumptions | | - | | - |
| Changes in Employer's Proportion and Differences | | | | |
| Between the Employer's Contributions and the | | | | |
| Employer's Proportionate Share of Contributions | | 10,261 | | (55,937) |
| Net Differences Between Projected and Actual | | | | |
| Earnings on Pension Plan Investments | | | | (4,641,932) |
| Total Deferred Outflows (Inflows) of Resources | \$ | 1,968,983 | \$ | (4,697,869) |

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

The District recognized \$1,362,418 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date as a reduction of the net pension liability in the fiscal year ended June 30, 2023.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, changes of assumptions, and differences between expected and actual experience in the measurement of the total pension liability will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.7 years.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

| Amount |
|-------------------|
| \$ (862,191) |
| (911,245) |
| (1,035,076) |
| (1,282,792) |
| \$ (4,091,304) |
| \$ |

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement periods ending June 30, 2022 and 2021 (the measurement dates), the total pension liabilities were based on the following actuarial methods and assumptions:

| | Measurement | Measurement |
|----------------------------------|------------------|------------------|
| | Date | Date |
| | June 30, 2022 | June 30, 2021 |
| Actuarial Cost Method | Entry Age Normal | Entry Age Normal |
| Actuarial Assumptions: | | |
| Discount Rate | 6.90% | 7.15% |
| Inflation | 2.30% | 2.75% |
| Salary Increases | (1) | (1) |
| Mortality Rate Table | (3) | (2) |
| Post Retirement Benefit Increase | (5) | (4) |

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

<u>Actuarial Methods and Assumptions Used to Determine Total Pension Liability</u> (Continued)

- (1) Varies by entry age and service.
- (2) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Pre-retirement and Post-retirement mortality rates includes 15 years of projected mortality improvement using 90% of Scale MP-2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.
- (3) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 2001 to 2019. Pre-retirement and Post-retirement mortality rates include generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.
- (4) The less of contract COLA or 2.50% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.50% thereafter.
- (5) The less of contract COLA or 2.3.0% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.30% thereafter.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

Fiscal Year 2022-2023

In determining the long-term expected rate of return, CalPERS took into account both short- term and long-term market return expectations. Using historical returns all of the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points.

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Long-Term Expected Rate of Return (Continued)

Fiscal Year 2022-2023 (Continued)

The expected real rates of return by asset class are as follows for the measurement period ended June 30, 2022:

| | Assumed Asset | Real Return |
|----------------------------------|---------------|-------------|
| Asset Class | Allocation | (a) (b) |
| Global Equity - Cap-weighted | 30.00 % | 4.54 % |
| Global Equity - Non-Cap-weighted | 12.00 | 3.84 |
| Private Equity | 13.00 | 7.28 |
| Treasury | 5.00 | 0.27 |
| Mortgage-backed Securities | 5.00 | 0.50 |
| Investment Grade Corporates | 10.00 | 1.56 |
| High Yield | 5.00 | 2.27 |
| Emerging Market Debt | 5.00 | 2.48 |
| Private Debt | 5.00 | 3.57 |
| Real Assets | 15.00 | 3.21 |
| Leverage | (5.00) | (0.59) |
| Total | 100.00 % | |

- (a) An expected inflation of 2.3% is used for this period.
- (b) Figures are based on the 2021 Asset Liability Management study.

Fiscal Year 2021-2022

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short- term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund.

The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short- term and long-term returns. The expected rate of return was then set to equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Long-Term Expected Rate of Return (Continued)

Fiscal Year 2021-2022 (Continued)

The expected real rates of return by asset class are as follows for the measurement period ended June 30, 2021:

| | Assumed Asset | Real Return | Real Return |
|------------------|---------------|------------------|---------------|
| Asset Class (a) | Allocation | Years 1 - 10 (b) | Years 11+ (c) |
| Global Equity | 50.00 % | 4.80 % | 5.98 % |
| Fixed Income | 28.00 | 1.00 | 2.62 |
| Inflation Assets | - | 0.77 | 1.81 |
| Private Equity | 8.00 | 6.30 | 7.23 |
| Real Assets | 13.00 | 3.75 | 4.93 |
| Liquidity | 1.00 | - | (0.92) |
| Total | 100.00 % | | |

- (a) In the CalPERS ACFR, Fixed Income is included in Global Debt Securities; Liquidity is included 'in Short-Term Investments; Inflation Assets are included in both Global Equity Securities and 'Global Debt Securities.
- (b) An expected inflation of 2.0% is used for this period.
- (c) An expected inflation of 2.92% is used for this period.

Discount Rate

The discount rate used to measure the total pension liability was 6.90% and 7.15% for the measurement periods ending June 30, 2022 and 2021, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Change in Assumptions

The discount rate and long-term rate of return decreased from 7.15% to 6.90% and the inflation rate decreased from 2.50% to 2.30% from the measurement date June 30, 2021 to June 30, 2022.

NOTE 12 PENSION PLAN (CONTINUED)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability for the Plans, as of the measurement dates, calculated using the discount rate for each plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

| | 1% Decrease | Discount Rate | 1% Increase |
|----------------------------------|---------------|---------------|--------------|
| | 5.90% | 6.90% | 7.90% |
| June 30, 2022 (Measurement Date) | \$ 17,361,723 | \$ 11,523,941 | \$ 6,720,895 |
| | 1% Decrease | Discount Rate | 1% Increase |
| | 6.15% | 7.15% | 8.15% |
| June 30, 2021 (Measurement Date) | \$ 10,823,499 | \$ 5,317,540 | \$ 765,843 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report and can be obtained from CalPERS' website under Forms and Publications.

Payable to Pension Plans

At June 30, 2023 and 2022, the District had no outstanding amount of contributions to the pension plans

NOTE 13 NET INVESTMENT IN CAPITAL ASSETS

Net investment in capital assets consisted of the following as of June 30:

| | | 2022, |
|---|---------------|---------------|
| Description | 2023 | as Restated |
| Noncurrent Portion of Assets: | | |
| Capital Assets - Not Being Depreciated | \$ 17,878,979 | \$ 16,189,634 |
| Capital Assets - Being Depreciated, Net | 77,196,989 | 73,353,245 |
| Capital Assets, Intangible Asset - Right-to-Use | | |
| Leased Asset, Net | 444,809 | 24,783 |
| Capital Assets, Intangible Asset - SBITAs | 529,237 | 267,639 |
| Deferred Outflows of Resources: | | |
| Deferred Loss on CFD 2013-1 | 2,865,043 | 3,070,915 |
| Current Portion of Liabilities: | | |
| Lease Liability | (79,172) | (5,042) |
| SBITA Liability | (173,610) | (176,995) |
| Long-Term Debt | (953,949) | (590,216) |
| Noncurrent Portion of Liabilities: | | |
| Lease Liability | (302,487) | (20,036) |
| SBITA Liability | (294,522) | (64,318) |
| Long-Term Debt Used for Capital Asset Purchases | (57,199,070) | (51,003,875) |
| Current Liabilities: | | |
| Accounts Payable and Accrued Expenses: | | |
| Capital Related | (482,531) | (1,057,596) |
| Retentions Payable | (219,751) | (96,569) |
| Total Net Investment in Capital Assets | \$ 39,209,965 | \$ 39,891,569 |

NOTE 14 RESTRICTED NET POSITION

Restricted net position consisted of the following as of June 30:

| Description | 2023 | | 2022 | |
|---|------|---------|------|---------|
| Special Assessments Receivable for Debt Service | \$ | - | \$ | 641 |
| Adjudication Fund | | 685,776 | | 257,452 |
| Total Restricted Net Position | \$ | 685,776 | \$ | 258,093 |

NOTE 15 DEFERRED COMPENSATION SAVINGS PLAN

For the benefit of its employees, the District participates in two defined contribution 457 Deferred Compensation Programs (Programs). The purpose of these Programs is to provide deferred compensation for public employees that elect to participate in the Programs. Generally, eligible employees may defer receipt of a portion of their salary until termination, retirement, death, or unforeseeable emergency. Until the funds are paid or otherwise made available to the employee, the employee is not obligated to report the deferred salary for income tax purposes.

NOTE 15 DEFERRED COMPENSATION SAVINGS PLAN (CONTINUED)

Federal law requires deferred compensation assets to be held in trust for the exclusive benefit of the participants. Accordingly, the District is in compliance with this legislation. Therefore, these assets are not the legal property of the District and are not subject to claims of the District's general creditors. Since the District has little administrative involvement and does not perform the investing function for this plan, the assets and related liabilities are not shown on the accompanying financial statements. The District makes no contributions to these plans.

NOTE 16 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; natural disasters; and terrorism. The District is self-insured for the first \$25,000 of general and auto liabilities for each occurrence, and the excess (up to \$10,000,000) per occurrence and in the aggregate) is covered through the purchase of an insurance policy. Employment practices liability coverage is self-insured for the \$25,000, and the excess (up to \$5,000,000 per occurrence and in the aggregate) is covered through the insurance policy.

The District is a member Public Risk Innovation Solutions and Management Agency (PRISM, formally CSAC Excess Insurance Authority) (Agency) for its workers' compensation coverage. The District is self-insured for the first \$125,000 of each occurrence, and the Authority finances \$5,000,000 per occurrence. The District purchased additional excess coverage layers of \$95 million which increases the limits set forth by the Agency.

Settled claims have not exceeded any of the coverage amounts in any of the last three fiscal years and there were no reductions in the District's insurance coverage during the years ending June 30, 2023, 2022, and 2021. Liabilities are recorded when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated net of the respective insurance coverage. Liabilities include an amount for claims that have been incurred but not reported (IBNR). There were no IBNR claims payable as of June 30, 2022 and 2021. The following is the claims liability as of June 30, 2023 and 2022:

| Long-Term Debt | Balance July 1, 2022 | Additions | Deletions | Balance Due Within June 30, 2023 One Year | | | |
|------------------|-------------------------|------------|-------------|---|------------------------|------------------------------|--|
| Claims Liability | \$ 95,167 | \$ 128,637 | \$ (57,156) | \$ 166,648 | \$ - | \$ 166,648 | |
| Long-Term Debt | Balance July 1, 2021 | Additions | Deletions | Balance June 30, 2022 | Due Within One Year | Due in More Than One Year | |
| Claims Liability | \$ - | \$ 95,167 | \$ - | \$ 95,167 | \$ - | \$ 95,167 | |

NOTE 17 COMMITMENTS AND CONTINGENCIES

State Water Contract

Estimates of the District's share of the project fixed costs of the State Water Project (SWP) are provided annually by the State. The estimates are subject to future increases or decreases resulting from changes in planned facilities, refinements in cost estimates, and inflation.

During the next five years, payments under the State Water Contract, exclusive of variable power costs, are currently estimated by the State to be as follows:

| Fiscal Year Ending June 30, | Amount |
|-----------------------------|-----------------|
| 2024 | \$ 1,117,425 |
| 2025 | 1,098,674 |
| 2026 | 1,061,044 |
| 2027 | 1,070,226 |
| 2028 | 1,064,888 |
| Total | \$ 5,412,257 |

As of June 30, 2023, the District has expended \$26.6 million since the District started participating in the State Water Contract.

According to the State's latest estimates, the District's long-term obligations (25% share) under the contract, for capital and minimum operations and maintenance costs, including interest to the year 2035, are as follows:

| | State Water |
|--|---------------|
| | Contract |
| | Long-Term |
| | Obligations |
| Transportation Facilities | \$ 17,561,837 |
| Conservation Facilities | 6,014,460 |
| Off-Aqueduct Power Facilities | 1,390,324 |
| Revenue Bond Surcharge | 26,385 |
| Total Long-Term SWP Contract Obligations | \$ 24,993,006 |

The amounts shown above do not contain any escalation or inflation and are subject to significant variation over time because the amounts are based on a number of assumptions and are contingent on future events. Accordingly, none of the estimated long-term obligations are recorded as liabilities in the accompanying basic financial statements.

There are other pending actions that may adversely impact the District's ability to control the sale of water transported through the SWP into its service area. The impact on future revenues of such actions cannot be determined.

NOTE 17 COMMITMENTS AND CONTINGENCIES (CONTINUED)

Grant Awards

Grant funds received by the District are subject to audit by the grantor agencies. Such audit could lead to requests for reimbursements to the grantor agencies for expenditures disallowed under terms of the grant. Management of the District believes that such disallowances, if any, would not be significant.

Litigation

In the ordinary course of operations, the District is subject to claims and litigation from outside parties. After consultation with legal counsel, the District believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

NOTE 18 RESTATEMENT

Due to the implementation of GASB 96, SBITAs, the District had the following restatements:

| | 2023 | 2022 |
|--|---------------|----------------|
| Net Position as of July 1, as Previously Reported | \$ 46,049,523 | \$ 49,502,997 |
| Restatement for the Implementation of GASB 96, SBITAs | 26,326 | 23,308 |
| Net Position as of July 1, as Restated | \$ 46,075,849 | \$ 49,526,305 |
| | | |
| | | 2022 |
| Change in Net Position for the fiscal year ended June 30, 2022, as Previously Reported | | \$ (3,453,474) |
| Restatement for the Implementation of GASB 96, SBITAs | | 3,018 |
| Change in Net Position for the fiscal year ended | | |
| June 30, 2022, as Restated | | \$ (3,450,456) |

REQUIRED SUPPLEMENTARY INFORMATION

| District's Proportionate Share of Fiduciary Net Position as a Percentage of the Plan's Total Pension Liability | 73.09% | 87.25% | 76.08% | 75.26% |

Notes to Schedule:

Benefit Changes:

There were no changes in benefits.

Changes in Assumptions:

From fiscal year June 30, 2015 to June 30, 2016:

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

From fiscal year June 30, 2016 to June 30, 2017:

There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018:

The discount rate was reduced from 7.65% to 7.15%.

From fiscal year June 30, 2018 to June 30, 2022:

There were no significant changes in assumptions.

From fiscal year June 30, 2022 to June 30, 2023:

The discount rate and long-term rate of return decreased from 7.15% to 6.90% and the inflation rate decreased from 2.50% to 2.30%.

* - Fiscal year 2015 was the 1st year of implementation, therefore, only nine years are shown.

GOVERNMENT AUDITING STANDARDS REPORT

This page intentionally left blank.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Casitas Municipal Water District Oak View, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Casitas Municipal Water District (the District) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise District's basic financial statements, and have issued our report thereon dated November 9, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CASITAS MUNICIPAL WATER DISTRICT MEMORANDUM

TO: BOARD OF DIRECTORS

FROM: MICHAEL FLOOD, GENERAL MANAGER

SUBJECT: APPROVE A WATER SERVICE LINE RELOCATION AGREEMENT AND

UNBUDGETED EXPENSE OF \$49,000.00 FOR THE RELOCATION OF A

CUSTOMER WATER SERVICE LINE FOR 1353 FOOTHILL RD

DATE: 1/05/2024

RECOMMENDATION:

Approve an agreement and an unbudgeted expense for the relocation of the service line for 1353 Foothill Road, Ojai Water System in the amount of \$49,000.00

BACKGROUND:

During the January 9/10 2023 storm event, Casitas was notified that water service had been interrupted at 1353 Foothill Road in the Ojai Water System.

Upon investigation, Casitas staff discovered that a steep slope in a property adjacent to this service had failed, carrying away the water service line serving 1353 Foothill Road.

Staff was able to install temporary service line to an adjoining customer (1365 Foothill Road) and has been reviewing the possibility of a relocation of the service for 1353 Foothill Road.

ANALYSIS:

Upon review of the original service line location for 1353 Foothill Road, Casitas staff discovered that the service line had been anchored into steep slope on an adjacent property.

This slope had failed during the January 9/10 2023 storm event carrying away the water line as well as an electrical SCADA line for the Running Ridge reservoir site.

With the possibility of another slope failure during the 2023 season, staff was able to gain permission from another customer (1365 Foothill Road) to setup temporary water service for 1353 Foothill Road.

Casitas staff conducted further research and has determined that relocation of the service adjacent to a paved roadway (Farnham Road in this instance) would be the best solution.

A service line relocation agreement similar to that used on several properties for the West Ojai Pipeline project has been drafted for this situation, is attached and is ready for approval by the Board.

The customer has obtained an estimate for the relocation of his side of the service line in the amount of \$44,856.00. Staff recommends that the contractor's estimate of \$44,856.00 plus a 10% contingency for a total of \$49,000.00 be approved for this project.

A copy of the customer contractor's estimate is attached.

The work will involve construction on the customer's property as well an adjacent property (1365 Foothill Road) in order to accomplish Casitas' meter relocation adjacent to Farnham Road.

This relocation will allow Casitas to avoid further expense and water service interruption in the future due to the unstable slope where the service line had previously been located.

BUDGETARY IMPACT:

This cost was not included in the current year's budget and would be an unbudgeted expense with funds taken from the CFD 2013-1 reserves.

Michael Jackson General Contractor Ojai, CA 93023

CA License #561073 Tel: 805-797-1821 mjgc1@me.com

Estimate Submitted To:

Mr. George Steinbach 1353 Foothill Road Ojai, CA 93023

Work To Be Performed At:

Steinbach Residence 1353 Fotthill Road Ojai, CA 93023

Scope of Work:

- 1. Saw cut approximately 475 feet of driveway
- 2. Trench and install approximately 525 feet of 2" water line
- 3. Sand and backfill
- 4. Haul off excess material
- 5. Grind driveway surface and install 2" compacted hot asphalt
- 6. Piping to include:
 - install block valve at meter
 - install block valve and PRV at property line
 - cut and cap old service line
 - remove one block valve due to reversing system flow
- 7. Re-landscape as needed
- 8. Obtain permit from Ventura County including inspections

Exclusions:

- 1. Any trenching in rock. Rock is defined as any material that cannot be dug and/or removed with conventional equipment. Work may be performed at additional cost.
 - 2. Unmarked utilities that are damaged will be repaired at additional cost.
- 3. Customer is subject to a material price increase if supplier increases their cost from the date of original quote.

Totals:

| Install water line | \$20,060.00 | |
|----------------------|-------------|--|
| Paving & landscaping | 20,600.00 | |
| Permit | 100.00 | |
| Sub total | \$40,760.00 | |
| Contractor fee | \$4,076.00 | |
| Total | \$44.836.00 | |

Thank you.

IICHAEL JACKSON

DATE

REIMBURSEMENT AGREEMENT

THIS REIMBURSEMENT AGREEMENT ("Agreement") is made and entered into this 10th day of January in the year 2024 by and between the **CASITAS MUNICIPAL WATER DISTRICT**, a municipal water district formed and authorized pursuant to the Municipal Water District Act of 1911 (Water Code §71000 et seq.) (hereafter "**District**"), and G&C Steinbach Trust, the owners of certain real property located at 1353 Foothill Road in Ojai, California, (hereafter "Owner"), referred to herein collectively as the "**Parties**."

RECITALS

- A. Owner is the legal owner of that certain real property generally described as 1353 Foothill Road, APN 010-0-130-150 ("Property"), as depicted in the site plan attached hereto as Exhibit "A" ("Site Plan").
- B. The District operates and maintains water facilities that provide and deliver domestic and agricultural water service to properties within Ventura County and the Ojai Valley, including the Property owned by Owner.
- C. Owner receives water service from the District's water system through an existing water meter and customer service line. The existing water meter and customer service line are also depicted in the Site Plan, attached hereto as Exhibit "A".
- D. The service line to Owner's property was located along the hillside on the property to the south of Owner's (139 Layton Street, APN 010-0-130-210) and was destroyed as a result of the storm events of January 2023.
- E. To avoid future failures of the service line, the District seeks to remove and replace the existing water meter on Owner's Property and construct a new service connection and water meter on the property to the north of Owner's (1365 Foothill Road, APN 010-0-130-040).
- F. Although the District intends to remove and replace the existing water meter that benefits Owner's Property, the District will not perform any work related to this Project on Owner's Property.
- G. The Owner will need to acquire an easement from the owner of APN 010-0-130-040 for the new customer service line.
- H. The District recognizes this inconvenience the Project may cause to Owner. Therefore in consideration of this inconvenience, the District is offering to pay the costs and expenses Owner incurs to reconnect Owner's customer service line on the Property to the new water meter ("Reconnection"), conditioned on Owner's acceptance and upon the satisfaction of the terms and conditions contained herein.

I. Owner agrees to accept the District's offer to cover such costs and expenses for Reconnection in consideration of the inconvenience of the Project, conditioned on Owner's performance and satisfaction of the terms and conditions contained herein.

NOW, THEREFORE, for valuable consideration, the receipt of which is hereby acknowledged, the Parties agree as follows:

- 1. **Definitions**. The terms defined in this section shall have the following meanings whenever used in this Reimbursement Agreement:
 - a. "Reconnection" shall mean the act by Owner or Owner's licensed general contractor to do any of the following: i) remove the existing customer service line from the District's existing water meter to the Owner's residential plumbing system; ii) construct and install a new customer service line from the District's new water meter to the Owner's residential plumbing system; iii) any trenching, digging, or excavation necessary to perform either i) or ii); any landscaping required in the immediate vicinity of an area after performing i), ii) or iii);
 - b. "Reconnection Project Site" shall mean the portion or portions of Owner's Property on which the Reconnection and any work directly related to the Reconnection is being performed. The Reconnection Project Site does not include any area of the Property on which Extra Work is being performed, even if any materials, tools, laborers, and other appurtenances involved in the Reconnection are being stored and placed on such areas of the Property.
 - c. "Reimbursement" shall mean the District's payment of the certain costs and expenses as specifically authorized and identified in this Reimbursement Agreement which are incurred by Owner as part of their performance to complete the Reconnection.
 - d. "Contractor" shall mean a licensed contractor, licensed to perform work in the State of California, hired by Owner to perform the removal, construction, and installation of Owner's Reconnection;
 - e. "Subcontractor" shall mean any entity or person that has a direct contract with Contractor to perform a portion of the Reconnection;
 - f. "Extra Work" shall mean any and all work performed at the same time as, and possibly related to, the Reconnection but not explicitly covered as a reimbursable cost and/or expense in this Reimbursement Agreement, including any work performed by Owner, Contractor, and Subcontractor outside the Reconnection Project Site;

- g. "Additional Expenses" shall mean any cost and/or expense incurred by Owner, Contractor, and/or Subcontractor for which the District has no obligation to pay and which is not covered by the terms of this Reimbursement Agreement;
- h. **"Estimate"** shall mean a written cost estimate of any work performed by Contractor or Subcontractor on behalf of Owner that involves or is related to the Reconnection;
- i. "Cultural Resource" shall mean any archeological or Native American artifact, human remains, or sites that are accidentally discovered during any construction, excavation, trenching, and/or landscaping activities.
- 2. <u>Owner's Obligation.</u> Owner shall construct or cause to have constructed the Reconnection on the Property.
- 3. **District's Reimbursement Obligation.** Upon satisfaction of all the conditions provided herein, the District agrees to and shall provide and pay Owner an amount, as to be determined according to the terms and conditions of this Agreement that fully and completely reimburses Owner for the costs and expenses incurred by Owner to complete the Reconnection ("Reimbursement").
 - a. The District's Reimbursement is limited to the following costs and expenses:
 - i. Owner's costs and expense to hire a Contractor to perform the Reconnection, as provided in Section 4b;
 - ii. Contractor's costs and expenses to purchase and install all materials reasonably necessary to complete the Reconnection;
 - iii. Owner's costs and expenses to obtain all necessary permits for the Reconnection, if any, as provided in Section 4c;
 - iv. Owner's costs and expense to re-landscape and pave the Reconnection area, as provided in Section 4b;
 - v. Owner's costs and expenses to comply with Cultural Resource monitoring in the Reconnection area, if any, as provided in Section [4(e)(vi)];
 - vi. Owner's costs to engage a licensed surveyor to prepare a legal description of the area needed for a utility easement across APN 010-0-130-040.
 - vii. Owner's cost for preparation and recordation of utility easement across APN 010-0-130-040.
 - b. Owner acknowledges and agrees that only those costs and expenses specifically identified in this Reimbursement Agreement are included in the Reimbursement. The District shall not be obligated to provide or pay for any work, services, costs, or expenses other than those expressly identified herein (i.e. "Additional Expenses"), even if such work is related to or caused by the Project, unless the

- Additional Expenses have been approved by the District, in writing, prior to Owner or Owner's Contractor incurring such Additional Expenses.
- c. Owner acknowledges and agrees that the District's obligation to provide the Reimbursement is conditioned on Owner's satisfactory completion of the conditions contained herein, and that a failure to fulfill any condition provided in this Reimbursement Agreement authorizes the District to withhold payment of the Reimbursement and/or may result in a partial payment of the Reimbursement to Owner.
- 4. Conditions for Reimbursement. Before the District shall provide payment of the Reimbursement, in part or in full, Owner acknowledges and agrees to fulfill the following conditions in order to receive the full and/or partial Reimbursement from the District. Owner understands that the Reimbursement is conditioned on Owner's satisfactory completion of all the conditions listed below and a failure to fulfill one or more of the conditions listed excuses the District from providing Owner full Reimbursement.
 - a. Contractor. Owner shall retain and employ a licensed contractor to perform the Reconnection. The Contractor shall be licensed in the State of California and insured with a policy for workers' compensation and general liability. Owner shall obtain a certificate from Contractor that evidences the existence of Contractor's license and Contractor's insurance and provide a copy of the certificate to the District prior to the commencement of any work on the Reconnection.
 - b. Estimate. Owner shall provide the District with the Contractor's estimate to perform the Reconnection. The estimate shall be in writing and include, but is not limited to, Contractor's general estimate of the Costs of Construction, the Contractor's Fee, and an estimate of any work Contractors intends to subcontract to a Subcontractor.
 - i. If any additional work related to the Reconnection, but not specifically authorized by this Reimbursement Agreement, is included in Contractor's written estimate, Owner shall specify that work as Extra Work. Any Extra Work is an Additional Expense for which the District is not obligated to pay.
 - c. Permits. The District shall prepare the applications for and obtain all necessary and applicable permits from the County of Ventura required for the Reconnection on the Owner's behalf, including, but not limited to, building permits, ground disturbance permits, and/or tree permits. The Owner will sign each application. Owner shall insure the work is performed prior to the permit's expiration.
 - i. Execution by Owner. Owner shall execute and deliver any and all permit applications, and/or other forms needed to perform and complete the Reconnection as all such permit documents, applications, and/or other forms are provided by the District. Owner shall execute said documents

- diligently and in good faith and shall take all actions which may be necessary and appropriate to carry out the purposes of this Agreement.
- ii. Expiration of Permits. If the Reconnection is not completed by Owner or Contractor within the time provided by any applicable and necessary permit, Owner shall obtain a new permit at Owner's sole expense and the District shall not be obligated to include the cost of obtaining a second permit in the Reimbursement.
- d. Inspection. Owner agrees to and shall arrange for and obtain an inspection of the Reconnection by the District and any other permitting body as may be required according to local, state, and federal laws and regulations. A failure by Owner to obtain any inspection required by this Agreement and/or by local, state, and/or federal law may result in a forfeiture of full Reimbursement. Any costs and/or expense incurred by Owner due to Owner's failure to obtain a proper inspection of any work related to the Reconnection shall be Owner's responsibility and not included in the Reimbursement.
- e. Receipts. Owner agrees to and shall maintain accurate records of any and all cost and expense incurred for which Owner seeks to include in the Reimbursement. Owner shall provide the District an itemized written receipt for any cost and/or expense for which Owner seeks Reimbursement. Any cost or expense which is not evidenced by a written itemized receipt shall not be included in the Reimbursement and the District shall not be obligated to pay for any such cost and/or expense.
- f. *Timing*. Owner shall have the Reconnection completed no later than **December 31, 2024**. The Reconnection is deemed complete when Owner's customer service line is fully and completely connected to the District's water meter, all excavating and trenching is backfilled, and all landscaping/paving activities are completed.
- 5. <u>Reimbursement Payments.</u> The District shall make reimbursement payments to Owner as provided in this Section, provided that the District shall have no obligation to make any reimbursement payment until and unless Owner submits to the District a written request for complete or partial reimbursement and the District has approved such written request and has determined the actual amount of the complete or partial reimbursement.
 - a. <u>Initial Reimbursement Payments</u>. The initial source of payment by the District to Owner shall be for the contract price to perform the Reconnection, as determined by Contractor's estimate to perform the Reconnection, as provided in Section 4(b) of this Agreement. The initial reimbursement payment shall be made only after Owner has submitted and the District has approved:
 - i. Contractor's written estimate for the Reconnection, as provided in Section4(b) of this Agreement; and

The initial reimbursement payment may be made by the District in installments, at the Owner's discretion, where the District may issue partial payments for the contract price by providing Owner fifty (50%) of the contract price at the time Owner submits and the District approves Contractor's written estimate for the Reconnection, and providing the remaining fifty (50%) of the contract price upon Contractor's completion of the Reconnection, or the Owner may elect to have the contract price, as determined by Contractor's written estimate, paid in full at the time Owner submits Contractor's written estimate to the District and the District approves said written estimate for the Reconnection.

- b. Subsequent Reimbursement Payments. Subsequent payments by the District to Owner shall be limited to those approved costs and expenses provided in Section 3(a) of this Agreement, as incurred by Owner, provided that the District shall have no obligation to make any subsequent payment until and unless Owner submits a written request for additional reimbursement, and has provided the District an itemized list of costs along with any supporting documentary evidence (which may include, but is not necessarily limited to, receipts, invoices, and/or other similar documents), including any and all permits required for the Reconnection, including, but not limited to, building permits, ground disturbance permits, and/or tree permits, for which Owner seeks the subsequent reimbursement. The District shall issue subsequent reimbursement payments as received by Owner, but in any case, if Owner's subsequent reimbursement requests satisfy the terms and conditions of this Agreement, shall issue payment to Owner in 15 days or less after receipt of a written subsequent reimbursement request.
- 6. <u>Default</u>. Upon the occurrence of any one or more of the events of default hereinafter described, this Agreement may be terminated by the District. As a condition precedent thereto, the District's General Manager shall give Owner ten (10) days' notice by registered, certified mail, or hand delivery of the date set for termination of this Agreement and the grounds therefor.
 - a. Events of default shall be:
 - Failure to fulfill any condition required for Reimbursement, as provided in Section 3, including but not limited to:
 - 1. Failure to fully perform Reconnection;
 - 2. Failure to obtain a licensed, insured Contractor;
 - 3. Failure to submit Contractor's estimate;
 - 4. Failure to obtain all necessary permits for Reconnection;
 - 5. Failure to provide any notice as provided and required herein;
 - 6. Failure to arrange and obtain any necessary inspections of Reconnection by District or any other permitting body;

- 7. Failure to maintain accurate records of costs and expenses incurred by Owner to perform Reconnection;
- 8. Failure to submit receipts to District for any costs or expenses for which Owner seeks Reimbursement;
- 9. Failure of Owner to submit any change in plans or project design to District; and/or
- 10. Failure to complete Reconnection by December 31, 2024.
- b. In the event of default, Owner forfeits their claim to full Reimbursement. However, the District may issue partial Reimbursement to Owner for any cost and expense Owner incurs to perform the Reconnection that satisfy the conditions of this Reimbursement Agreement.
- 7. <u>Indemnification and Hold Harmless</u>. To the fullest extent permitted by law, Owner and each of their respective agents, contractors, successors, and assigns, shall defend, hold harmless, release, discharge, and do hereby indemnify the District, its officers, directors, agents, employees, representatives, successors and assigns, from and against any and all claims, damages, losses, liabilities, causes of action, and expenses of any nature whatsoever, including, but not limited to, attorneys' fees, which arise out of, relate to, or result from the work performed on the Reconnection or any act, conduct, omission, negligence, misconduct or unlawful act of Owner and any of Owner's respective agents, contractors, successors, and assigns.
- 8. <u>Legal Fees</u>. In the event of any controversy, claim or dispute relating to this instrument, or the breach thereof, the prevailing party in any proceeding to resolve such action or dispute shall be entitled to have and recover from the other party or parties all costs and expenses, including but limited to attorneys' fees, incurred in such proceedings and in the collection of any judgment rendered as a result of such proceedings.
- 9. <u>Notices</u>. All notices provided for in this Agreement shall be deemed to have been duly given if in writing and delivered personally or mailed by first class, registered or certified mail, postage prepaid and addressed as follows:

If to District:

Casitas Municipal Water District Attn: General Manager 1055 N. Ventura Avenue Oak View, CA 93022

With a copy to:

Arnold LaRochelle Mathews VanConas & Zirbel LLP

Attn: Dennis McNulty, General Counsel 300 E. Esplanade Drive, Suite 2100 Oxnard, CA 93036

If to Owner:

G&C Steinbach Trust 1353 Foothill Road Ojai CA 93023

- 10. Entire Agreement and Amendment. This Agreement, together with all documents and exhibits referred to herein, contains all of the agreements of the Parties with respect to the matters contained herein, and no other prior agreement or understanding pertaining to any such matter shall be effective for any purpose. No provision of this Agreement may be amended except by an agreement in writing signed by the Parties hereto, or their respective successors-in-interest, and by no other means. Each Party waives their right to claim, contest or assert that this Agreement was modified, cancelled, superseded, or changed by oral agreement, course of conduct, waiver or estoppel.
- 11. <u>Governing Law</u>. It is agreed by and between the parties that the substantive laws of the State of California shall govern the validity and interpretation of this Agreement and the performance of the parties under this Agreement. The parties agree that should litigation arising from this Supply Agreement be commenced, such litigation shall occur within a court of competent jurisdiction within the County of Ventura.
- 12. <u>Signatures.</u> The individuals executing this Agreement represent and warrant (i) that this Agreement has been duly authorized, executed, and delivered, and constitutes a legal, valid, and binding conveyance in accordance with its terms; and (ii) that they have the right, power, legal capacity, and authority to enter into and to execute this Agreement and that no other consents, orders, or approvals are required in connection therewith.
- 13. <u>Severability.</u> The provisions of this Agreement are severable. In the event any provision of this Agreement is held to be invalid or unenforceable by a court or governmental agency, such provision shall be ineffective only to the extent of such invalidity, without affecting the remainder of such provision or the remaining provisions of this Agreement, which shall continue in full force and effect.
- 14. <u>Headings</u>. Any paragraph headings contained in this Agreement are for convenience and reference purpose only and shall under no circumstances affect the meaning or interpretation of this Agreement.

- 15. <u>Further Assurances</u>. Each party covenants, on behalf of itself and its successors and assigns, to take all actions and do all things, and to execute, with acknowledgment or affidavit if required, any and all documents, instruments, and writings as may be necessary or proper to achieve the purposes and objectives of this Agreement.
- 16. **Counterparts.** This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which shall constitute one and the same instrument.
- 17. **Exhibits**. All Exhibits attached hereto or referenced herein are incorporated into this Agreement.
- 18. <u>Effective Date</u>. This Agreement shall be effective as of the Effective Date above, upon execution by the last of the Parties, but without regard to the date of execution.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the day and year first above written.

CASITAS MUNICIPAL WATER DISTRICT

MINUTES

Finance Committee

(this meeting was held telephonically and in-person)

DATE: January 5, 2024 TO: Board of Directors

FROM: General Manager, Michael Flood

Re: Finance Committee Meeting of December 15, 2023 at 1000 hours.

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this report.

BACKGROUND AND OVERVIEW:

Roll Call.

Director Neil Cole

Director Richard Hajas

General Manager, Michael Flood

Chief Financial Officer, Janyne Brown

Audit Consultant (Clifton, Larson, Allen LLP) Representative, Kassie Radermacher

Public Comments.

None

3. **Board/Management comments**.

Director Hajas asked that the 10-year capital plan be brought back to the Committee in the future for review.

4. Casitas MWD Fiscal Year 2023 and 2022 Audit Report

GM Flood indicated that staff had filed an extension with the State to file the audit report by January 31, 2024 and it was accepted. This was due to there being only one Board Meeting in December.

Audit Consultant Kassie Radermacher made a verbal presentation regarding the audit including the opinion of financial reports being fairly represented by staff for both years.

Director Cole indicated that a mid-year budget review will be an important subject for the Committee.

Director Hajas indicated that a review of the impact of the acquisition of the Ojai Water System needs to be reviewed.

The Committee asked that the audit report be forwarded to the Board of Directors.

5. Review of Financial Statements for October 2023 and the Non-Budgeted Items Log. CFO Brown presented the results to the Committee

GM Flood indicated that adjustments to expenses have already been made and further details would be provided to the Committee at the mid-year budget review.

6. Review of Consumption Report for October 2023.

GM Flood reviewed the reports with the Committee.

October Summary

- Water Revenue is about \$1.3M lower that prior year which is attributed low consumption.
- Engineering encumbered funds include \$1.1M for the Ventura- Santa Barbara County Intertie project and \$1.7M for the Rincon Generator.
- Engineering capital expense line item include approx. \$157k in damages sustained from the January 2023 storm and a year to date total of about \$190k.
- -Admin department trending high mainly due to rate study expenses and annual fees software fees.

As of 9.11.23

CASITAS MUNICIPAL WATER DISTRICT MEMORANDUM

TO: BOARD OF DIRECTORS

FROM: MICHAEL FLOOD, GENERAL MANAGER

SUBJECT: HYDROLOGIC STATUS REPORT FOR NOVEMBER 2023

DATE: JANUARY 10, 2024

RECOMMENDATION:

This item is presented for information only and no action is required. Data are provisional and subject to revision.

DISCUSSION:

Rainfall Data

| | Casitas Dam | Matilija Dam | Thacher School |
|----------------------------------|-------------|--------------|----------------|
| This Month | 0.39" | 0.65" | 0.39" |
| Water Year (WY: Oct 01 – Sep 30) | 0.39" | 0.65" | 0.40" |
| Average station rainfall to date | 3.45" | 4.06" | 2.98" |

Ojai Water System Data

| Wellfield production | 132.69 AF |
|--|-------------|
| Surface water supplement | 0 AF |
| Static depth to water surface – Mutual #6 | 74.20 feet |
| Change in static level from previous month | -14.20 feet |

Robles Fish Passage and Diversion Facility Diversion Data

| Diversions this month | 0 AF |
|-----------------------------|------|
| Diversion days this month | 0 |
| Total Diversions WY to date | 0 AF |
| Diversion days this WY | 0 |

Casitas Reservoir Data

| Water surface elevation as of end of month | 538.57 feet |
|---|-------------|
| Water storage last month | 170,125 AF |
| Water storage as of end of month | 169,036 AF |
| Net change in storage | - 1,089 AF |
| Change in storage from same month last year | + 98,230 AF |

AF = Acre-feet AMSL = Above mean sea level WY = Water year
