Meeting ID: 910 9447 8837 Passcode: 736519

To join by telephone, call (888) 788-0099 or (877) 853-5247  
Enter Meeting ID: 910 9447 8837# Passcode: 736519#

November 13, 2024 @ 5:00 PM

Right to be heard: Members of the public have a right to address the Board directly on any item of interest to the public which is within the subject matter jurisdiction of the Board. The request to be heard should be made immediately before the Board's consideration of the item. No action shall be taken on any item not appearing on the agenda unless the action is otherwise authorized by subdivision (b) of ¶54954.2 of the Government Code and except that members of a legislative body or its staff may briefly respond to statements made or questions posed by persons exercising their public testimony rights under section 54954.3 of the Government Code.

Special Accommodations: If you require special accommodations for attendance at or participation in this meeting, please notify our office 24 hours in advance at (805) 649-2251, ext. 113. (Govt. Code Section 54954.1 and 54954.2(a)).

1. CALL TO ORDER
2. ROLL CALL
3. PLEDGE OF ALLEGIANCE
4. AGENDA CONFIRMATION
5. PUBLIC COMMENTS - Presentation on District related items that are not on the agenda -

three minute limit.

6. CONSENT AGENDA

6.a Accounts Payable Report.  
[Accounts Payable Report.pdf](#)

6.b Minutes of the October 23, 2024 Board Meeting.  
[10 23 2024 Min.pdf](#)

7. ACTION ITEMS

7.a Approval of the Casitas MWD Fiscal Year 2024 and 2023 Audit Report.  
[Casitas 2023-2024 Gov Comm Concl Final Ltr.pdf](#)

Minutes of the Casitas Municipal Water District  
October 23, 2024 Board Meeting

1. CALL TO ORDER

President Hajas called the meeting to order at 5:00 p.m.

2. ROLL CALL

Directors Cole, Brennan, Bergen, Kaiser and Hajas are present. Also present are GM Flood, AGM Dyer, EA Vieira and Counsel McNulty.

3. PLEDGE OF ALLEGIANCE

President Hajas led the pledge.

4. AGENDA CONFIRMATION

No Changes.

5. PUBLIC COMMENTS - Presentation on District related items that are not on the agenda - three minute limit.

None

6. CONSENT AGENDA

6.a Accounts Payable Report.  
[Accounts Payable Report.pdf](#)

6.b Minutes of the October 9, 2024 Board Meeting.  
[10 09 2024 Min.pdf](#)

The Consent Agenda was offered by Director Brennan, seconded by Director Kaiser and approved by the following roll call vote:

AYES:	Directors:	Cole, Brennan, Bergen, Kaiser, Hajas
NOES:	Directors:	None
ABSENT:	Directors:	None

7. INFORMATION ITEMS

7.a Hydrology Report for September 2024.  
[Hydrology Sept 2024.pdf](#)

The information item was received.

8. GENERAL MANAGER COMMENTS

GM Flood informed the board that 755 services were physically surveyed on the customer side to complete the lead line survey and submit it by the October 16<sup>th</sup> deadline. The crew did a great job and worked on the weekends to get it completed. No lead lines were found.

The water year has ended. We diverted 36,000 AF over 191 days. Last year we diverted 5,000 AF over 197 days. The county bubbler is off by about a foot and that is showing the lake having about 2,800 AF more than it has. The county is working in Coyote Creek south of the dam. We are working with the contractor to make sure our line to Camp Chaffee is protected.

9. BOARD OF DIRECTOR REPORTS ON MEETINGS ATTENDED

Director Brennan attended the AWA Water Issues on Tuesday and on Thursday attended the United Water sustainability meeting. Director Bergen also listened to the United Water presentation.

10. BOARD OF DIRECTOR COMMENTS PER GOVERNMENT CODE SECTION 54954.2(a).

None

President Hajas moved the meeting to closed session at 5:06 p.m.

11. CLOSED SESSION

- 11.a CONFERENCE WITH LEGAL COUNSEL – EXISTING LITIGATION (Government Code Section 54956.9(d)(1).  
Santa Barbara Channelkeeper v. State Water Resources Control Board, City of San Buenaventura, et al.; and City of San Buenaventura v Duncan Abbott, et al., Cross Complaint; Superior Court of the State of California, County of Los Angeles, Case No. 19STCP01176.

President Hajas reconvened the meeting in open session at 5:23 p.m. with Mr. McNulty stating the board met in closed session and there is nothing to report.

12. ADJOURNMENT

President Hajas adjourned the meeting at 5:24 p.m.

---

Mary Bergen, Secretary

Board of Directors  
Casitas Municipal Water District  
Oak View, California

We have audited the financial statements of Casitas Municipal Water District (the District) as of and for the year ended June 30, 2024, and have issued our report thereon dated October 23, 2024. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit in our engagement agreement dated April 16, 2024. Professional standards also require that we communicate to you the following information related to our audit.

### **Significant audit findings or issues**

#### ***Qualitative aspects of accounting practices***

##### *Accounting policies*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Casitas Municipal Water District are described in Note 1 to the financial statements.

No new accounting policies were adopted and the application of existing policies was not changed during the fiscal year 2023-2024.

We noted no transactions entered into by the entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

##### *Accounting estimates*

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Management's estimate of the water-in-storage inventory is based on the District's engineer's estimate of water in the lake and the District's diversion facility costs, general and administrative costs, and depreciation of state water project assets.
- The annual required contributions, pension expense, net pension liability, and corresponding deferred outflows of resources and deferred inflows of resources for the District's public defined benefit plans with CalPERS are based on an actuarial valuation provided by CalPERS.

- The OPEB actuarially determined contribution, OPEB expense, net OPEB liability, and corresponding deferred outflows of resources and deferred inflows of resources for the District's defined benefit OPEB plan are based upon several key assumptions that are set by management with the assistance of an independent third-party actuary. These key assumptions include anticipated investment rate of return, healthcare cost trends, mortality, and certain amortization periods.

We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

**Financial statement disclosures**

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were reported in Note 11 regarding the other postemployment benefits plan and Note 12 regarding the defined benefit pension plan.

The financial statement disclosures are neutral, consistent, and clear.

***Significant unusual transactions***

We identified no significant unusual transactions.

***Difficulties encountered in performing the audit***

We encountered no significant difficulties in dealing with management in performing and completing our audit.

***Uncorrected misstatements***

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

***Corrected misstatements***

Management did not identify, and we did not notify them of any financial statement misstatements detected as a result of audit procedures.

***Disagreements with management***

For purposes of this communication, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

***Management representations***

We have requested certain representations from management that are included in the management representation letter dated October 23, 2024.

***Management consultations with other independent accountants***

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the entity’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

***Significant issues discussed with management prior to engagement***

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the entity’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

***Other audit findings or issues***

We have provided a separate communication to you dated October 23, 2024, communicating internal control related matters identified during the audit.

***Required supplementary information***

With respect to the required supplementary information (RSI) accompanying the financial statements, we made certain inquiries of management about the methods of preparing the RSI, including whether the RSI has been measured and presented in accordance with prescribed guidelines, whether the methods of measurement and preparation have been changed from the prior period and the reasons for any such changes, and whether there were any significant assumptions or interpretations underlying the measurement or presentation of the RSI. We compared the RSI for consistency with management’s responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we did not express an opinion or provide any assurance on the RSI.

***Supplementary information in relation to the financial statements as a whole***

With respect to the schedule of revenues, expenses and changes in net position – budget to actual, combining balance sheets, combining schedule of revenues and expenses, detail schedule of operating expenses – utility department, detail schedule of operating revenues and expenses – recreation department, and detail schedule of operating revenues and expense – adjudication (collectively, the supplementary information) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated October 23, 2024.

**Other information included in annual reports**

Other information (financial or nonfinancial information other than the financial statements and our auditors' report thereon) is being included in your annual report and is comprised of the introductory and statistical sections. Our responsibility for other information included in your annual report does not extend beyond the financial information identified in our opinion on the financial statements. We have no responsibility for determining whether such other information is properly stated and do not have an obligation to perform any procedures to corroborate other information contained in your annual report. We are required by professional standards to read the other information included in your annual report and consider whether a material inconsistency exists between the other information and the financial statements because the credibility of the financial statements and our auditors' report thereon may be undermined by material inconsistencies between the audited financial statements and other information. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report. Our auditors' report on the financial statements includes a separate section, "Other Information," which states we do not express an opinion or any form of assurance on the other information included in the annual report. We did not identify any material inconsistencies between the other information and the audited financial statements.

\* \* \*

This communication is intended solely for the information and use of the Board of Directors and management of Casitas Municipal Water District and is not intended to be, and should not be, used by anyone other than these specified parties.

October 23, 2024

Board of Directors and Customers of Casitas Municipal Water District

## **Introduction**

It is our pleasure to submit the Annual Comprehensive Financial Report for the Casitas Municipal Water District (District) for the years ended June 30, 2024 and 2023, following guidelines set forth by the Governmental Accounting Standards Board. District staff prepared this financial report. The District is ultimately responsible for both the accuracy of the data and completeness and the fairness of presentation, including all disclosures in this financial report. We believe that the data presented is accurate in all material respects. This report is designed in a manner that we believe necessary to enhance your understanding of the District's financial position and activities.

Generally Accepted Accounting Principles (GAAP) requires that management provide a narrative introduction, overview and analysis to accompany the financial statements in the form of the Management's Discussion and Analysis (MD&A) section. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The District's MD&A can be found immediately after the Independent Auditor's Report.

## **District Structure and Leadership**

The Casitas Municipal Water District is a special district of the State of California that provides domestic and agricultural water services to the western portion of Ventura County. The District's Board of Directors is composed of five members who are elected in specified election divisions. The Directors serve terms of four years with an election held every two years for alternating divisions. The District also provides recreational activities at Lake Casitas. The Water District and the lake activities are accounted for as an enterprise fund.

Formed in 1952, the District was the inspiration of area civic leaders, cattlemen, and citrus ranchers who were frustrated by a severe drought and subsequent water rationing. Between 1952 and 1956, when ground was broken for Casitas Dam, the District sought and obtained commitments for 50-year federal loans to construct Casitas Dam and the Robles-Casitas Diversion Canal. Engineers drilled through 1,800 feet of rock for the outlet tunnel, and built an earthen dam with 9.2 million cubic yards of earth. Final cost of the reservoir, dam and Lake Casitas Recreation Area was \$20 million.

Drawing from the 105-square mile watershed, Lake Casitas began to form in the Santa Ana Valley. In 1978, 19 years after the dam's completion, the lake overflowed for the first time. With a capacity of 237,761-acre feet (Updated 2017), the reservoir has a shoreline of 35 miles and provides water to over 65,000 people.

Water quality is strictly controlled in the surrounding 3,200-acre Charles M. Teague Memorial Watershed. Since 1974, the federal government has spent more than \$25 million to purchase lands in the watershed to preserve water quality from the pollution of over development.

Casitas Municipal Water District has been a strong proponent of watershed protection and lake management. The efforts to protect the Lake Casitas watershed and lake management practices developed by the District provide an excellent quality of water to the customers. Regulatory changes affecting surface waters had moved the District through considerations for filtration avoidance to the conclusion that construction of a water filtration plant was necessary to meet regulatory requirements. The Marion R. Walker Pressure Filtration Plant was designed and constructed to meet those requirements and became fully operational on November 6, 1997. Casitas was proud to receive a water supply permit from the Department of Health Services granting the District permission to supply water for domestic purposes after completion of the treatment plant.

In 2017, Casitas acquired the Ojai Water System from Golden State Water Company (GSWC). Prior to this, GSWC had been a wholesale customer of Casitas. Ojai Water System customers are now direct customers of Casitas. The Ojai Water System includes the Ojai Wellfield on the east end of Ojai with six groundwater wells. These wells are located in the Ojai Groundwater Basin and currently provide approximately 1,800 AFY of supply.

### **Economic Condition and Outlook**

This past year Casitas added over an additional 61,100 acre-feet of water resulting in Lake Casitas being 100% full for the first time since 2005. More than 93,000 acre-feet of water supply was added to Lake Casitas in the prior year.

Two years in a row with rainfall totals exceeding normal expected season totals has resulted in exceptionally low annual water use by customers. Balancing operational expenses and capital replacement expenditures is going to be challenging for the District with the decreased demand of water.

### **Internal Control Structure**

District management is responsible for the establishment and maintenance of the internal control structure that ensures the assets of the District are protected from loss, theft or misuse. The internal control structure also ensures adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The District's internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits require estimates and judgments by management.

### **Budgetary Control**

The District's Board of Directors annually adopts an operating and capital budget prior to the new fiscal year. The budget authorizes and provides the basis for reporting and control of financial operations and accountability for the District's enterprise operations and capital projects.

The budget and reporting treatment applied to the District is consistent with the accrual basis of accounting and financial statement basis.

### **Investment Policy**

The Board of Directors have adopted an investment policy that conforms to state law, District ordinance and resolutions, prudent money management, and the "prudent person" standards. The objective of the Investment Policy is safety, liquidity and yield. District funds are invested in the State Treasurer's Local Agency Investment Fund, County of Ventura Pooled Money Investment Fund, U.S. Treasury Bills, Notes and Bonds, and institutional savings and checking accounts.

### **Water Rate and District Revenues**

District policy direction ensures that all revenues from user charges and surcharges generated from District customers must support all District operations including capital project funding. Accordingly, water rates are reviewed periodically. Water rates are user charges imposed on customers for services and are the primary component of the District's revenue. Water rates are composed of a commodity (usage) charge and a fixed (readiness-to-serve) charge.

The City of Ventura initiated a water rights adjudication of four groundwater basins within the Ventura River watershed. The basins named in the lawsuit include: Upper Ventura River Groundwater Basin, Lower Ventura River Groundwater Basin, Ojai Valley Groundwater Basin, and Upper Ojai Valley Groundwater Basin. The outcome of the adjudication is currently unknown and Casitas continues to actively defend and protect its water rights. As a result of the water right adjudication, a pass-through fee for the expected costs associated with the lawsuit, was added as an additional fixed charge. The pass through fee was passed through a proposition 218 process and became effective July 1, 2020.

## Audit and Financial Reporting

State Law and Bond covenants require the District to obtain an annual audit of its financial statements by an independent certified public accountant. The accounting firm of Clifton Larson Allen, LLP has conducted the audit of the District's financial statements. Their unmodified Independent Auditor's Report appears in the Financial Section.

## Awards and Acknowledgements

For the year ended June 30, 2023, the District received for the 30<sup>th</sup> year the Government Finance Officers Association of the United States and Canada's (GFOA) *Certificate of Achievement for Excellence in Financial Reporting*. To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Preparation of this report was accomplished by the combined efforts of District staff. We appreciate the dedicated efforts and professionalism that our staff members bring to the District. We would also like to thank the members of the Board of Directors for their continued support in the planning and implementation of the Casitas Municipal Water District's fiscal policies.

Respectfully submitted,

Michael Flood  
General Manager

Janyne Brown  
Chief Financial Officer

Casitas Municipal Water District  
Oak View, California

### Report on the Audit of the Financial Statements

#### ***Opinion***

We have audited the accompanying financial statements of Casitas Municipal Water District (the District), as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District, as of June 30, 2024 and 2023, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of the proportionate share of the net pension liability, schedule of the contributions to the pension plan, schedule of changes in the net OPEB liability and related ratios, and schedule of contributions to the OPEB plan be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The schedule of revenues, expenses, and changes in net position – budget to actual, combining balance sheets, combining schedule of revenues and expenses and changes in net position, detail schedule of operating expenses – utility department, detail schedule of operating revenues and expenses – recreation department, and detail schedule of operating revenues and expenses – adjudication fund (the supplementary information) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinion on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 23, 2024, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**CASITAS MUNICIPAL WATER DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEARS ENDED JUNE 30, 2024 AND 2023**

Management's Discussion and Analysis (MD&A) offers readers of Casitas Municipal Water District's financial statements a narrative overview of the District's financial activities for the year ended June 30, 2024 and 2023. This MD&A presents financial highlights, an overview of the accompanying financial statements, an analysis of net position and results of operation, a current-to prior year analysis for the past three years, a discussion on restrictions, commitments and limitations, and a discussion of significant activity involving capital assets and long-term debt. Please read in conjunction with the financial statements which follow this section.

**FINANCIAL HIGHLIGHTS**

- In fiscal year 2024, the District's net position increased 4.8%, or \$2,050,874 from the prior year's net position of \$42,589,533 to \$44,640,407, as a result of this year's operations.
- In fiscal year 2023, the District's net position decreased 7.6%, or \$3,486,316 from the prior year's net position of \$46,075,849 to \$42,589,533, as a result of that year's operations.
- In fiscal year 2024, operating revenues increased by 1.9% or \$333,157 from \$17,735,393 to \$18,068,550 from the prior year, primarily due recreation activities.
- In fiscal year 2023, operating revenues decreased by 15.9% or \$3,363,451 from \$21,098,844 to \$17,735,393 from the prior year, primarily due to historically low water consumption.
- In fiscal year 2024, operating expenses before depreciation and change in water-in-storage inventory, increased by 1.31% or \$317,713 from \$24,237,751 to \$24,555,464, from the prior year, primarily due to increased operational costs.
- In fiscal year 2023, operating expenses before depreciation and change in water-in-storage inventory, increased by 3.62% or \$847,151 from \$23,390,600 to \$24,237,751, from the prior year, primarily due to expenses related to the damages sustained from the January 2023 storms.

**REQUIRED FINANCIAL STATEMENTS**

This annual report consists of a series of financial statements. The Balance Sheets, Statements of Revenues, Expenses and Changes in Net Position, and Statements of Cash Flows provide information about the activities and performance of the District using accounting methods similar to those used by private sector companies.

The Balance Sheets includes all of the District's investments in resources (assets), deferred outflows of resources, the obligations to creditors (liabilities), and deferred inflows of resources. It also provides the basis for computing a rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District. All of the current year's revenue and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Position. This statement measures the success of the District's operations over the past two years and can be used to determine if the District has successfully recovered all of its costs through it rates and other charges. This statement can also be used to evaluate profitability and creditworthiness. The final required financial statement is the Statement of Cash Flows, which provides information about the District's cash receipts and cash payments during the reporting periods. The Statements of Cash Flows reports cash receipts, cash payments and net changes in cash resulting from operations, investing, non-capital financing, and capital and related financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

**CASITAS MUNICIPAL WATER DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEARS ENDED JUNE 30, 2024 AND 2023**

**FINANCIAL ANALYSIS OF THE DISTRICT**

One of the most important questions about the District's finances is, "Is the District better off or worse as a result of this year's activities?" The Balance Sheets and Statements of Revenues, Expenses, and Changes in Net Position report information about the District in a way that helps answer this question.

These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting method used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the District's net position and changes in them. You can think of the District's net position – the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider other non-financial factors such as changes in economic conditions, population growth, zoning, and new or changed government legislation.

**CASITAS MUNICIPAL WATER DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEARS ENDED JUNE 30, 2024 AND 2023**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets and deferred outflows of resources of the District exceeded liabilities and deferred inflows of resources by \$44,640,407, \$42,589,533, and \$46,075,849 as of June 30, 2024, 2023, and 2022, respectively.

By far the largest portion of the District's net position (84% as of June 30, 2024, 92% as of June 30, 2023, and 87% as of June 30, 2022) reflects the District's net investment in capital assets (net depreciation) less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to provide services to its customers; consequently, these assets are not available for future spending.

At the end of years 2024, 2023, and 2022, the District showed a positive balance in its unrestricted net position of \$5,950,911, \$2,693,792, and \$5,926,187 respectively, which may be utilized in future years.

In fiscal year 2024, operating revenues slightly increased by 1.9% or \$333,157 from \$17,735,393 to \$18,068,550 from the prior year. With the lake being about 100% full along with the new aquatic play structure increased the amount of traffic and revenue that was generated by recreation activities.

In fiscal year 2023, operating revenues decreased by 15.9% or \$3,363,451 from \$21,098,844 to \$17,735,393 from the prior year. The decrease in revenues is primarily due to historically low water consumption as a result of the winter storms.

In fiscal year 2022, operating revenue increased by 2.8% or \$568,570 from \$20,530,274 to \$21,098,844 from the prior year. The increase is primarily due to the fixed monthly charges of \$650,222 and \$465,324 in recreation revenue that is offset with a decrease in water consumption penalties of \$679,118 due to conservation efforts.

On December 13<sup>th</sup>, 2023 the Board of Directors approved a water rate increase for calendar years 2024, 2025, and 2026 for both water consumption (variable) and monthly water service charge (fixed). As a result rates were increased on January 1<sup>st</sup>, 2024.

In fiscal year 2024, operating expenses before depreciation and change in water-in-storage inventory, slightly increased by 1.31% or \$317,713 from \$24,237,751 to \$24,555,464, from the prior year, which can be attributed to general operational increases.

In fiscal year 2023, operating expenses before depreciation and change in water-in-storage inventory, increased by 3.62% or \$847,151 from \$23,390,600 to \$24,237,751, from the prior year, primarily due to expenses related to the damages sustained from the January 2023 storms.

In fiscal year 2022, operating expenses before depreciation and change in water-in-storage inventory, increased by 5.35% or \$1,187,883 from \$22,202,717 to \$23,390,600, from the prior year, primarily due to operational cost in every area other than pipeline and general and administrative.

<b>Total capital assets, net</b>	<u>\$95,391,879</u>	<u>\$96,050,014</u>	<u>\$89,835,301</u>

At the end of year 2024, 2023, and 2022 the District's investment in capital assets amounted to \$95,391,879, \$96,050,014, and \$89,835,301 (net of accumulated depreciation), respectively. Capital asset additions amounted to \$3,611,396 and \$10,358,651 for various projects primarily related to Ojai water facilities within the Community Facilities District 2013-1 (CFD 2013-1), the Ventura County-Santa Barbara Intertie projects, and the Aquatic Play Structure at Lake Casitas for the years ended June 30, 2024 and 2023, respectively. See Note 6 for further information.

**Debt Administration**

The long-term debt of the District is summarized below:

	Balance June 30, 2024	Balance June 30, 2023	Balance June 30, 2022
<b>Long-term debt:</b>			
Reimbursement agreement	\$2,162,388	\$2,239,616	\$2,316,845
Loans payable	2,396,878	2,636,911	-
Notes Payable	199,319	251,255	97,670
Lease Payable	399,271	381,659	25,078
SBITA	491,677	468,132	241,313
Special tax bonds	54,596,391	55,332,818	55,999,245
<b>Total Long Term Debt</b>	<u>\$60,245,924</u>	<u>\$61,310,391</u>	<u>\$58,680,151</u>

Long term debt decreased by \$1,064,467 for the year ended June 30, 2024, due to principal payments along with premium amortization of the long term debt. Debt increased for the year ended June 30, 2023, due to the replacement of the aquatic play structure at Lake Casitas. See Notes 8, 9, and 10 for further information.

**CASITAS MUNICIPAL WATER DISTRICT  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
YEARS ENDED JUNE 30, 2024 AND 2023**

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

**CONDITIONS AFFECTING CURRENT FINANCIAL POSITION**

This past year was another historic year for Casitas. On top of the over 93,000 acre-feet of water supply that was added in fiscal year 2023 an additional 61,100 acre-feet of water supply was added in fiscal year 2024. With another exceptional year when it comes to rainfall resulted in record low annual water use by customers.

With the lake being nearly 100% full along with the exceptional job District customers have done over the years in regards to conservation efforts has resulted in lower water consumption. Balancing operational expenses with decreased demand will be challenging for the District. The full magnitude decreased demand will have on the District's financial condition, liquidity and future remains uncertain.

**CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This financial report is designed to provide the District's funding sources, customers, stakeholders, and other interested parties with an overview of the District's financial operations and financial condition. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the District's Chief Financial Officer at 1055 Ventura Avenue, Oak View, California 93022 or (805) 649-2251 x 103.

See accompanying Notes to Basic Financial Statements.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Description of the Organization**

Established in 1952, the Casitas Municipal Water District (the District) provides domestic and agricultural water to the western portion of Ventura County. The District is governed by a five-member board of directors who serve overlapping four-year terms.

The District is the primary governmental unit based on the foundation of a separately elected governing board that is elected by the citizens in a general popular election. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The District is financially accountable if it appoints a voting majority of the organization's governing body and: 1) it is able to impose its will on that organization, or 2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, or 3) the primary government holds a majority equity interest of an organization. The District has no component units.

**B. Basis of Presentation, Measurement Focus, and Basis of Accounting**

The District reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the District is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Measurement focus is a term used to describe which transactions are recorded within the various financial statements. Basis of accounting refers to when transactions are recorded regardless of the measurement focus applied. The accompanying financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Under the economic measurement focus all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) associated with these activities are included in the statement of net position. The statement of revenues, expenses, and changes in net position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Basis of Presentation, Measurement Focus, and Basis of Accounting (Continued)**

Operating revenues are those revenues that are generated from the primary operations of the District. The District reports a measure of operations by presenting the change in net position from operations as operating income in the statement of revenues, expenses, and changes in net position. Operating activities are defined by the District as all activities other than property taxes, financing, and investing activities (interest expense and investment income), grants and subsidies, and other infrequently occurring transactions of a nonoperating nature. Operating expenses are those expenses that are essential to the primary operations of the District. All other expenses are reported as nonoperating expenses.

**C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position**

**1. Cash and Cash Equivalents**

For purposes of the statement of cash flows, the District considers all highly liquid investments with a maturity of 90 days or less, when purchased, to be cash equivalents.

**2. Investments**

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in governmental investment pools are reported at fair value based on the fair value per share of the pool's underlying portfolio (in relation to the amortized cost of that portfolio). Changes in fair value that occur during a fiscal year are recognized as investment earnings reported for that fiscal year. Investment earnings includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

In accordance with fair value measurements, the District categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)**

**2. Investments (Continued)**

Financial assets and liabilities recorded on the balance sheet are categorized based on the inputs to the valuation techniques as follows:

*Level 1* – Inputs that reflect unadjusted quoted prices in active markets for identical investments, such as stocks, corporate and government bonds. The District has the ability to access the holding and quoted prices as of the measurement date.

*Level 2* – Inputs, other than quoted prices, that are observable for the asset or liability, either directly or indirectly, including inputs from markets that are not considered to be active.

*Level 3* – Inputs that are unobservable. Unobservable inputs reflect the District's own assumptions about the factors market participants would use in pricing an investment and is based on the best information available in the circumstances.

**3. Receivables and Allowance for Doubtful Accounts**

Customer accounts receivable consist of amounts owed by private individuals and organizations for services rendered in the regular course of business operations. Receivables are shown net of allowances for doubtful accounts. Uncollectable accounts are based on prior experience and management's assessment of the collectability of existing accounts. If balances are determined to be uncollectible, they are written off as bad debt expense. Management has evaluated the accounts and has established an allowance in the amounts of \$121,045 and \$154,220 as of June 30, 2024 and June 30, 2023, respectively.

**4. Prepays**

Certain payments of vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

**5. Customer Deposits**

Based on a customer's creditworthiness, the District may require a deposit deemed reasonable by the District. These deposits are held to pay-off close out bills or to cover delinquent payments.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)**

**6. Materials and Supplies Inventory**

Inventory consists primarily of materials and supplies used in the construction and maintenance of the water system and is stated at cost on a first-in, first-out basis.

**7. Water-in-Storage Inventory**

Water-in-storage inventory consists of the water in Lake Casitas that flows from streams, rainfall, and diverted water. The value of water inventory is determined based upon the quantity of water in storage in Lake Casitas and the costs to divert the water into the lake on a first-in, first-out basis using the consumption method. A base year of June 30, 2011 was determined to have lake levels that equaled full capacity. In years when the lake level decreases, a reduction is made to inventory equal to the acre-foot reduction as a pro-rata portion of the base year inventory balance. In years when the lake level increases, the diversion costs are capitalized into inventory and tracked as additional values that can be used to relieve inventory once the base year costs have been exhausted.

**8. Capital Assets**

Capital assets acquired and/or constructed are capitalized at historical cost. Contributed assets are recorded at acquisition value at date of donation. It is the District's policy to capitalize assets costing over \$5,000 and a useful life of more than one year. The District also records the value of the intangible right-to-use assets and subscription-based information technology arrangements (SBITA) based on the underlying leased asset and SBITA guidance in accordance with Governmental Accounting Standards Board (GASB) Statements No. 87, *Leases*, and No. 96, *SBITAs*. The right to use the intangible asset and SBITA are amortized over the lesser of term or useful life of the underlying asset. The provision for depreciation is computed using the straight-line method over the estimated service lives of the capital assets. Estimated service lives for the District's classes of assets are as follows:

<u>Description</u>	<u>Estimated Lives</u>
State Water Project Entitlement	72 Years
Transmission and Distribution System	50 to 100 Years
Pumping Plant	10 to 30 Years
Water Treatment Plant	10 to 30 Years
Buildings and Structures	10 to 30 Years
Equipment	5 to 20 Years
Fish Ladder	25 to 50 Years
Recreation Assets	25 to 50 Years
Alternate Swimming Facility	25 Years

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)**

**9. Deferred Outflows/Inflows of Resources**

In addition to assets, the balance sheets reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense) until that time. The category of deferred outflow of resources reported in the balance sheets is related to a loss on refunding, pension, and other postemployment benefits. A deferred loss on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows on other postemployment benefits and pension are more fully discussed in Notes 11 and 12, respectively.

In addition to liabilities, the balance sheets reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The District's deferred inflows of resources reported on the balance sheets relate to other postemployment benefits and pension, which are more fully discussed in Notes 11 and 12, respectively.

**10. Compensated Absences**

The District's personnel policies provide for accumulation of vacation and sick leave (employee benefits). Liabilities for vacation leave are recorded when benefits are earned. Full cash payment for all unused vacation leave is available to employees upon retirement or termination. Partial cash payment for accrued sick leave is available upon retirement or termination if certain criteria are met (eight years of employment and upon retirement or termination will receive 50% of accrued benefits).

**11. Leases**

A lessee should recognize a lease liability and a lease asset at the commencement of the lease term, unless the lease is a short-term lease, or it transfers ownership of the underlying asset. The lease liability should be measured at the present value of payments expected to be made during the lease term (less any lease incentives). The lease asset should be measured at the amount of the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)**

**12. Subscription-Based Information Technology Arrangements (SBITAs)**

The District recognizes a SBITA liability and a SBITA asset at the commencement of the SBITA term, unless the SBITA is a short-term agreement, or it transfers ownership of the underlying asset. The SBITA liability should be measured at the present value of payments expected to be made during the contract term (less any incentives). The SBITA asset should be measured at the amount of the initial measurement of the SBITA liability, plus any payments made to the vendor at or before the commencement of the contract term and certain direct costs.

**13. Pensions**

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plans and addition to/deductions from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**14. Postemployment Benefits Other Than Pensions (OPEB)**

For purposes of measuring the net OPEB liability, deferred outflows/inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's OPEB plan and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, the plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (Continued)**

**15. Net Position**

Net position is classified into three components: net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- **Net Investment in Capital Assets** – This component of net position consists of capital assets, net of accumulated depreciation, capital assets, intangible assets – right to use leased assets and intangible assets – SBITAs, net of accumulated amortization and reduced by the outstanding balances of any bonds, mortgages, notes, leases payable, or other borrowings or payables that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.
- **Restricted** – This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- **Unrestricted** – This component of net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted".

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**D. Operating Revenues and Expenses**

Operating revenues, such as charges for services (retail water sales, wholesale water sales, monthly water charge, recreation revenue, and other water charges and services), result from exchange transactions associated with the principal activity of the District. Nonoperating revenues, such as property taxes, assessments, investment earnings, adjudication charges, and other such items, result from nonexchange activities in which the District receives value without directly giving equal value in exchange.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 DESCRIPTION OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Operating Revenues and Expenses (Continued)**

Operating expenses include the costs of providing water and related services (fisheries, engineering, water treatment, water quality, utilities maintenance, electrical mechanical, pipeline, operations maintenance and management, and change in water-in-storage inventory), general and administrative expenses, recreation expenses, depreciation on capital assets, and amortization on right-to-use leased assets and SBITAs. All expenses not meeting this definition are reported as nonoperating expenses.

**E. Property Taxes and Assessments**

Property taxes are levied based on a fiscal year (July 1 - June 30) each year. The property tax assessments are formally due on November 1 and February 1, and become delinquent after December 10 and April 10, respectively. Taxes become a lien on the property effective January 1 of the preceding year.

**F. Capital Contributions**

Capital contributions represent federal, state, and local grants received for the construction of capital projects.

**G. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

**H. State Water Project Participation Rights**

The District participates in the State Water Project (Project) entitling it to certain water rights. The District's participation in the Project is through cash payments. Monies used for the construction of capital assets, such as pipelines, pumping facilities, storage facilities, etc., are recorded as State Water Project entitlement rights and amortized over the life of the agreements within capital assets. Certain projects also require payments for on-going maintenance; those payments are charged to expenses as incurred.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 2 CASH AND INVESTMENTS**

Cash and investments were classified in the accompanying financial statements as follows:

Description	June 30,	
	2024	2023
Cash and Cash Equivalents	\$ 6,312,473	\$ 4,882,722
Investments	9,684,841	10,626,150
Restricted - Cash and Cash Equivalents	135,021	2,307,581
Total	<u>\$ 16,132,335</u>	<u>\$ 17,816,453</u>

Cash and investments consisted of the following:

Description	June 30,	
	2024	2023
Cash on Hand	\$ 6,800	\$ 6,800
Demand Deposits Held in Financial Institutions	6,178,779	4,860,123
Other Cash and Cash Equivalents:		
Deposits in Money-Market Funds	123,091	12,147
Deposits in the Local Agency Investment Fund (LAIF)	516	496
Deposits in the Ventura County Pooled Investment Fund	3,287	3,156
Subtotal Cash and Cash Equivalents	6,312,473	4,882,722
Investments	9,684,841	10,626,150
Restricted - Investments with Fiscal Agent	135,021	2,307,581
Total	<u>\$ 16,132,335</u>	<u>\$ 17,816,453</u>

**Custodial Credit Risk – Deposits**

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC) and are collateralized by the respective financial institutions. In addition, the California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits. At June 30, 2024 and 2023, all of the District's deposits with financial institutions were covered by federal depository insurance limits or were held in collateralized accounts.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Authorized Investments and Investment Policy**

The table below identifies the investment types that are authorized for the District by the California Government Code (or District's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the District's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

This table does not address the investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the District, rather than the general provisions of the California Government Code or the District's investment policy. This table also does not address investments of the employer contributions to the OPEB trusts that are governed by the agreement between the District and the trustees, rather than the general provisions of the California Government Code or the District's investment policy.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer
U.S. Treasury Obligations	5-Years*	None	None
Government Sponsored Entities Securities	5-Years*	None	None
Non-Negotiable Certificates of Deposit	5-Years*	30%	10%
Medium Term Notes	5-Years	30%	10%
Money Market Mutual Funds	5-Years	20%	10%
Municipal Bonds	5-Years	None	10%
Commercial Paper	270 days**	25%**	10%
Bankers Acceptances	180 days**	40%**	10%
Repurchase Agreements	1-Year**	None	10%
County Pooled Investment Funds	None	None	None
California Local Agency Investment Fund (LAIF)	None	95%	None
Bonds Issued by the District	5-Years	95%	None

\* The District's investment policy for the fiscal year ended June 30, 2024 allows for a maximum maturity of five years. However, a previous investment policy allowed for a maximum maturity of ten years. The California Government Code limit's the maturity to five years but allows the board express authority to make investments either specifically or as a part of an investment program approved by the board that exceeds this five-year maturity limit. Such approval must be issued no less than three months prior to the purchase of any security exceeding the five-year maturity limit. Some investments with a maturity in excess of five years were purchased under the previous investment policy and have not yet liquidated.

\*\*The California Government Code is more restrictive than the District's policy and is reflected in these line items.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Money-Market Mutual Funds**

Money-market mutual funds are an investment whose objective is to earn modest investment earnings while maintaining a net asset value (NAV) of \$1 per share (which is the funds main goal – preservation of principal). A money-market mutual fund's portfolio is typically comprised of short-term, or less than one year, securities representing high-quality, liquid debt and monetary instruments with minimal credit risk. Money-market mutual funds are not subject to the fair value hierarchy. For financial reporting purposes, the District considers money market funds a cash equivalent due to their highly liquid nature and NAV of \$1 per share.

**Ventura County Pooled Investment Fund (VCPIF)**

The District is a voluntary participant in the Ventura County Pooled Investment Fund (VCPIF) pursuant to Government Code Section 53694. The cash flow needs of participants are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of those participants. At the time deposits are made, the Ventura County Treasurer may require the depositing entity to provide annual cash flow projections or an anticipated withdrawal schedule for deposits in excess of \$1 million. Projections are performed no less than semi-annually. In accordance with Government Code Section 27136, all request for withdrawal of funds for the purpose of investing or deposits the funds elsewhere shall be evaluated to ensure the proposed withdrawal will not adversely affect the principal deposits of the other participants. Pool detail may be obtained from the County of Ventura Treasurer's Office – 800 S. Victoria Ave., Ventura, California 93009 or the Treasurer and Tax Collector's office website at [www.ventura.org/ttc](http://www.ventura.org/ttc).

VCPIF is not subject to the fair value hierarchy established by accounting principles generally accepted in the United States of America as it is held at an amortized cost basis, and it is not rated under the current credit risk ratings format. For financial reporting purposes, the District considers the VCPIF a cash equivalent due to its highly liquid nature and dollar-in dollar-out amortized cost methodology.

**Local Agency Investment Fund (LAIF)**

The California State Treasurer, through the Pooled Money Investment Account (PMIA), invests taxpayers' money to manage the state's cash flow and strengthen the financial security of local governmental entities. PMIA policy sets as primary investment objectives safety, liquidity, and yield. Through the PMIA, the Investment Division manages the Local Agency Investment Fund (LAIF). The LAIF allows cities, counties, and special districts to place money in a major portfolio and, at no additional costs to taxpayers, use the expertise of Investment Division staff. Participating agencies can withdraw their funds from the LAIF at any time as LAIF is highly liquid and carries a dollar-in dollar-out amortized cost methodology.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Local Agency Investment Fund (LAIF) (Continued)**

The District is a voluntary participant in LAIF. The fair value of the District's investment in this pool is reported at an amount based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of the of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF. LAIF is not subject to the fair value hierarchy established by accounting principles generally accepted in the United States of America as it is held at an amortized cost basis, and it is Not Rated under the current credit risk ratings format. For financial reporting purposes, the District considers LAIF a cash equivalent due to its highly liquid nature and dollar-in dollar-out amortized cost methodology.

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the fair values of investments with longer maturities have greater sensitivity to changes in market interest rates. One of the ways the District manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities to that a portion of the portfolio is maturing or coming close to maturity as necessary to provide the cash flow and liquidity needed for operations.

The District has elected to use the segmented time distribution method of disclosure for the maturities of its investments as related to interest rate risk. Information about the sensitivity of the fair values of the District's investments (including investments held by bond trustee) to market interest rate fluctuations is provided by the following tables that show the distribution of the District's investments by maturity.

The District's investments as of June 30, 2024, were as follows:

<u>Type of Investments</u>	<u>Measurement Input</u>	<u>Credit Rating</u>	<u>Fair Value</u>	<u>12 Months or Less</u>	<u>13 to 24 Months</u>	<u>25 to 120 Months</u>
U.S. Treasury Obligations	Level 2	AA	\$ 2,446,474	\$ 2,446,474	\$ -	\$ -
Government Sponsored						
Agency Securities	Level 2	AA	7,238,367	1,387,634	4,084,973	1,765,760

Total			<u>\$ 9,946,756</u>	<u>\$ 4,096,023</u>	<u>\$ 4,084,973</u>	<u>\$ 1,765,760</u>

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Interest Rate Risk (Continued)**

The District's investments as of June 30, 2023, were as follows:

Type of Investments	Measurement Input	Credit Rating	Fair Value	12 Months or Less	13 to 24 Months	25 to 120 Months
U.S. Treasury Obligations	Level 2	AA	\$ 2,400,377	\$ 2,400,377	\$ -	\$ -
Government Sponsored						
Agency Securities	Level 2	AA	8,225,773	1,949,550	1,353,652	4,922,571
Local Agency Investment Fund (LAIF)	N/A	N/A	496	496	-	-
Ventura County Pooled						
Investment Fund (VCPIF)	N/A	N/A	3,156	3,156	-	-
Money Market Mutual Funds	N/A	Not Rated	12,147	12,147	-	-
Restricted - Investments with Fiscal Agent:						
Money Market Mutual Funds	N/A	AAA	2,307,581	2,307,581	-	-
Total			<u>\$ 12,949,530</u>	<u>\$ 6,673,307</u>	<u>\$ 1,353,652</u>	<u>\$ 4,922,571</u>

**Fair Value Measurement Input**

The District categorizes its fair value measurement inputs within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The District has presented its measurement inputs as noted in the previous table. U.S. treasury obligations and government sponsored agency securities are classified in Level 2 of the fair value hierarchy and are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

**Custodial Credit Risk – Investments**

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Code and the District's investment policy contain legal and policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF and VCPIF).

**Credit Risk - Investments**

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District's investments in U.S. Treasury obligations and government sponsored agency securities are rated AA by *Standard & Poor's* as of June 30, 2024 and 2023.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 2 CASH AND INVESTMENTS (CONTINUED)**

**Concentration of Credit Risk**

The District's investment policy contains no limitations on the amount that can be invested in any one governmental agency or nongovernmental issuer beyond that stipulated by the California Government Code. The following investments in any one governmental or nongovernmental issuer represented 5% or more of the District's total investments:

Description	June 30, 2024	
	Percentage	Balance
U.S. Treasury Obligations	25 %	\$ 2,446,474
Government Sponsored Agency Securities:		
Federal Agricultural Mortgage Corporation (FAMC)	5	473,040
Federal Home Loan Banks (FHLB)	10	977,670
Federal National Mortgage Association (FNMA)	38	3,773,359
Federal Farm Credit Bank (FFCB)	21	2,014,298

Description	June 30, 2023	
	Percentage	Balance
U.S. Treasury Obligations	23 %	\$ 2,400,377
Government Sponsored Agency Securities:		
Federal Agricultural Mortgage Corporation (FAMC)	11	1,175,239
Federal Home Loan Banks (FHLB)	21	2,190,456
Federal National Mortgage Association (FNMA)	35	3,691,502
Federal Farm Credit Bank (FFCB)	12	1,168,576

**NOTE 3 RESTRICTED ASSETS**

Restricted assets (restricted for debt service) as of June 30, were classified on the balance sheets as follows:

Description	2024	2023
Restricted - Cash and Cash Equivalents	\$ 135,021	\$ 2,307,581

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 4 ACCOUNTS RECEIVABLE**

The balance at June 30, consists of the following:

Description	2024	2023
Accounts Receivable - Customers	\$ 2,618,413	\$ 2,351,364
Allowance for Doubtful Accounts	(121,045)	(154,220)
Accounts Receivable - Others	546,028	601,795
Accounts Receivable - Property Taxes	134,548	108,855
Accounts Receivable - CFD 2013-1 Assessment	131,034	146,064
Total	<u>\$ 3,308,978</u>	<u>\$ 3,053,858</u>

**NOTE 5 WATER-IN-STORAGE INVENTORY**

The following schedule notes the change in the cost of the water held-in storage in Casitas Lake. The increase or decrease in the water storage valuation balance denotes a way of accounting for water diversion expenses as explained in Note 1 in future years when the water in the lake is transmitted to the District's customers.

Changes in water-in-storage inventory for the years ended June 30, were as follows:

Description	2024	2023
Beginning Balance - Water-in-Storage	\$ 10,247,115	\$ 8,247,590
Current Year Change in Water-in-Storage	4,951,793	1,999,525
Ending Balance - Water-in-Storage	<u>\$ 15,198,908</u>	<u>\$ 10,247,115</u>

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 6 CAPITAL ASSETS AND DEPRECIATION**

Changes in capital assets for the fiscal year ended June 30, 2024, were as follows:

Description	Balance July 1, 2023	Additions	Transfers	June 30, 2024
<b>Nondepreciable Assets:</b>

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 6 CAPITAL ASSETS AND DEPRECIATION (CONTINUED)**

**State Water Project Entitlement**

In 1963, the Ventura County Flood Control District contracted with the state of California (State) for 20,000 acre-feet per year of water from the State Water Project (SWP). The SWP conveys water from Northern California to Southern California through a system of reservoirs, canals, pump stations, and power generation facilities. In 1971, the administration of the State Water Contract with the state was assigned to the District. Of the 20,000 acre-feet per year contracted, the District is assigned 5,000 acre-feet per year. United Water Conservation District is assigned 5,000 acre-feet per year, and the City of Ventura is assigned 10,000 acre-feet per year. Currently, only United Water Conservation District is receiving water from the SWP.

The District is one of many participants contracting with the state of California for a system to provide water throughout California. Under the terms of the State Water Contract, as amended, the District is obliged to pay allocable portions of the cost of construction of the system and ongoing operations and maintenance costs through at least the year 2035, regardless of the quantities of water available from the project. The District and the other contractors may also be responsible to the state for certain obligations by any contractor who defaults on its payments to the state.

The District exercised its option to extend the contractual period to 2085 under substantially comparable terms. This corresponds to an estimated 80-year service life for the original facilities. The state is obligated to provide specific quantities of water throughout the life of the contract, subject to certain conditions.

In addition to system on-aqueduct power facilities, the state has, either on its own or through joint venture, financed certain off-aqueduct power facilities (OAPF). The power generated is utilized by the system for water transportation purposes. Power generated in excess of system needs is marketed to various utilities and California's power market. The District is entitled to a proportionate share of the revenues resulting from sales of excess power. The District and the other water contractors are responsible for repaying the capital and operating costs of the OAPF regardless of the amount of power generated.

The District capitalized its share of system construction costs as participation rights in state water facilities when such costs are billed by the state. Unamortized participation rights essentially represent a prepayment for future water deliveries through the state system. The District's share of system operations and maintenance costs is charged to expense.

The District amortizes a portion of capitalized participation rights each year using a formula that considers the total estimated cost of the project, estimated useful life and estimated production capacity of the assets based upon information provided by the state of California.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 7 COMPENSATED ABSENCES**

Summary changes to compensated absences balances for the year ended June 30, 2024 were as follows:

Balance July 1, 2023	Additions	Deletions	Balance June 30, 2024	Due Within One Year	Due in More Than One Year
\$ 1,282,144	\$ 510,114	\$ (462,128)	\$ 1,330,130	\$ 532,052	\$ 798,078

Summary changes to compensated absences balances for the year ended June 30, 2023 were as follows:

Balance July 1, 2022	Additions	Deletions	Balance June 30, 2023	Due Within One Year	Due in More Than One Year
\$ 1,191,210	\$ 503,476	\$ (412,542)	\$ 1,282,144	\$ 512,858	\$ 769,286

**NOTE 8 LEASES**

The District leases equipment (vehicles) under a long-term noncancelable lease agreements. The leases expire at various times through 2029 and do not provide for renewal options. The interest rates range from 4.48% to 8.35% and there are no variable payments. The following are the lease liabilities as of June 30, 2024 and 2023:

Balance July 1, 2023	Additions	Deletions	Balance June 30, 2024	Due Within One Year	Due in More Than One Year
\$ 381,659	\$ 112,515	\$ (94,903)	\$ 399,271	\$ 104,802	\$ 294,469

Balance July 1, 2022	Additions	Deletions	Balance June 30, 2023	Due Within One Year	Due in More Than One Year
\$ 25,078	\$ 412,101	\$ (55,520)	\$ 381,659	\$ 79,172	\$ 302,487

Total future minimum lease payments under lease agreements are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2025	\$ 104,802	\$ 25,542
2026	112,516	17,828
2027	118,260	9,557
2028	57,941	2,336
2029	5,752	89
Total	<u>\$ 399,271</u>	<u>\$ 55,352</u>

Right-to-use assets, consisting of equipment, acquired through outstanding leases, net of accumulated amortization total \$447,216 and \$444,809 for the fiscal years ended June 30, 2024 and 2023, respectively. See more details of these balances in Note 6, Capital Assets and Depreciation.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 9 SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS**

The District has entered into subscription based-information technology arrangements (SBITAs) for various software, cloud services, and online system subscriptions. The SBITA arrangements expire at various dates through 2029, are calculated at interest rates of 3.21%, and provide for renewal options. The following are the SBITA liabilities as of June 30, 2024 and 2023:

Balance July 1, 2023	Additions	Deletions	Balance June 30, 2024	Due Within One Year	Due in More Than One Year
\$ 468,132	\$ 256,115	\$ (232,570)	\$ 491,677	\$ 234,125	\$ 257,552

Balance July 1, 2022	Additions	Deletions	Balance June 30, 2023	Due Within One Year	Due in More Than One Year
\$ 241,313	\$ 403,814	\$ (176,995)	\$ 468,132	\$ 173,610	\$ 294,522

SBITA assets and the related accumulated amortization totaled \$528,018 and \$529,237, for the fiscal years ended June 30, 2024 and 2023, respectively. See more details of these balances in Note 6, Capital Assets and Depreciation.

The future subscription payments under SBITA agreements are as follows:

<u>Fiscal Year Ending June 30,</u>	Principal	Interest
2025	\$ 234,125	\$ 10,430
2026	175,720	4,690
2027	43,038	1,806
2028	25,655	810
2029	13,139	91
Total	<u>\$ 491,677</u>	<u>\$ 17,827</u>

Some SBITA agreements require variable payments based on future performance of the government, usage of the underlying IT assets, or number of user seats and are not included in the measurement of the SBITA liability. Those variable payments are recognized as outflows of resources in the periods in which the obligation for those payments is incurred. The District has no such variable payments.

**A. Loans Payable**

2022 Loan Payable

On July 20, 2022, the District obtained financing in the amount of \$2,751,200 that matures on August 1, 2032. The loan was issued for the replacement of the aquatic play structure and regenerative media filtration system for the Casitas Water Adventure at the Lake Casitas Recreation Area. Interest is calculated at 3.35% per annum and annual payments equal \$326,375. The loan is scheduled to mature in 2033. The District shall fix, prescribe, and collect rates, fees, and charges during each fiscal year which are sufficient to yield net revenues and taxes which are at least equal to 110% of the aggregate amount of the installment payments and debt service on all parity obligations coming due and payable in such fiscal year. The District is in compliance with this requirement for the fiscal year ended June 30, 2024. The District's net revenues and taxes are pledged and assigned to repayment of the note. See additional details in Note 10F.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 10 LONG-TERM DEBT (CONTINUED)**

**A. Loans Payable (Continued)**

2022 Loan Payable (Continued)

Annual debt service requirements are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 248,141	\$ 78,235	\$ 326,376
2026	256,523	69,852	326,375
2027	265,189	61,187	326,376
2028	274,147	52,228	326,375
2029	283,408	42,968	326,376
2030-2033	1,069,470	72,844	1,142,314
Total	<u>\$ 2,396,878</u>	<u>\$ 377,314</u>	<u>\$ 2,774,192</u>

**B. Notes Payable**

The District has financed the purchase of certain equipment for various terms under long-term financing agreements, which expire at various dates through 2028. Interest rates range from 3.35% to 3.75%. Annual debt service requirements are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 63,008	\$ 10,429	\$ 73,437
2026	64,135	7,240	71,375
2027	36,381	3,855	40,236
2028	24,379	1,759	26,138
2029	11,416	624	12,040
Total	<u>\$ 199,319</u>	<u>\$ 23,907</u>	<u>\$ 223,226</u>

**C. 2017 Special Tax Bonds**

In 2013, registered voters within Community Facilities District 2013-1 authorized the District to incur bonded indebtedness in the aggregate principal amount not to exceed \$60,000,000. In April 2017, the District issued \$39,910,000 in 2017 Special Tax Bonds-Series A and B for the purchase of the Ojai water facilities in Community Facilities District 2013-1 (CFD 2013-1) for \$34.4 million and capital improvements needed to upgrade the water facilities. The Special Tax Bonds were issued by the District under the provisions of the Mello-Roos Community Facilities Act of 1982, as amended. A special assessment is levied annually on the property owners of the CFD 2013-1 service area to repay their portion of the annual debt service for the acquisition of the water facilities.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 10 LONG-TERM DEBT (CONTINUED)**

**C. 2017 Special Tax Bonds (Continued)**

The acquisition of CFD 2013-1 water facilities for \$34.4 million included capital assets of \$25.9 million and various other assets, liabilities, and expenses totaling \$4.4 million leaving \$4,100,000 as a deferred loss on the acquisition of CFD 2013-1 that is being amortized over 30 years. The balance of this deferred loss, net of accumulated amortization is \$2,659,172 and \$2,865,043 as of June 30, 2024 and 2023, respectively.

The 2017 Special Tax Bonds are secured by a pledge and lien of the special taxes levy on the taxable property within the District. See Note 10 F. for details.

The special tax bonds are scheduled to mature on September 1, 2047 with annual principal and interest payments due September 1 and March 1. Annual interest rates range between 2.0% and 5.25%. The special tax bonds were issued with a \$4,227,203 bond premium and a prepaid Build America Mutual municipal bond insurance policy with a cost of \$472,314, both of which will be amortized over the remaining years of debt service life. Annual debt service requirements on the special tax bonds are as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 455,000	\$ 1,777,388	\$ 2,232,388
2026	520,000	1,757,888	2,277,888
2027	585,000	1,735,788	2,320,788
2028	655,000	1,707,713	2,362,713
2029	735,000	1,672,963	2,407,963
2030-2034	5,010,000	7,777,969	12,787,969
2035-2039	7,385,000	6,702,125	14,087,125
2040-2044	10,810,000	4,629,744	15,439,744
2045-2048	12,065,000	1,321,819	13,386,819
Total	<u>\$ 38,220,000</u>	<u>\$ 29,083,397</u>	<u>\$ 67,303,397</u>

**D. 2019 Special Tax Bonds**

In October 2019, the District issued \$12,265,000 in Special Tax Bonds for capital improvements to the Ojai water facilities serving property within Community Facilities District 2013-1 (CFD 2013-1). The Special Tax Bonds are being issued by the District under the provisions of the Mello-Roos Community Facilities Act of 1982, as amended. A special assessment will be levied annually on the property owners of the CFD 2013-1 service area to repay their portion of the annual debt service for the acquisition of the water facilities.

The 2019 Special Tax Bonds are secured by a pledge and lien of the special taxes levy on the taxable property within the District. See Note 10F for details.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 10 LONG-TERM DEBT (CONTINUED)**

**D. 2019 Special Tax Bonds (Continued)**

The Special Tax Bonds are scheduled to mature on September 1, 2047 with annual principal and interest payments due September 1 and March 1. Annual interest rates range between 3.0% and 5.0%. The Special Tax Bonds were issued with a \$1,711,659 bond premium and a prepaid Build America Mutual municipal bond insurance policy for \$128,405 both of which will be amortized over the remaining years of debt service life. The cost of debt issuance was \$323,870 and was expensed as incurred. Annual debt service requirements on the special tax bonds are as follows:

<u>Fiscal Year Ending June 30.</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$ 160,000	\$ 477,350	\$ 637,350
2026	175,000	472,325	647,325
2027	195,000	465,800	660,800
2028	215,000	457,600	672,600
2029	235,000	447,425	682,425
2030-2034	1,575,000	2,047,075	3,622,075
2035-2039	2,330,000	1,661,600	3,991,600
2040-2044	3,285,000	1,103,700	4,388,700
2045-2048	3,540,000	322,100	3,862,100
Total	<u>\$ 11,710,000</u>	<u>\$ 7,454,975</u>	<u>\$ 19,164,975</u>

**E. Casitas Dam Project-Seismic Safety of Casitas Dam Reimbursement Agreement**

The United States Bureau of Reclamation (USBR) has undertaken and completed a project to strengthen Casitas Dam to better withstand seismic activity. Under federal law, the District is required to pay 15% of those costs. The District and the USBR have completed negotiations on the District's share of the cost of the project which is \$3,011,898. The District is to reimburse the USBR \$77,228 each February 1 until February 1, 2052 as follows:

<u>Fiscal Year Ending June 30.</u>	<u>Amount</u>
2025	\$ 77,228
2026	77,228
2027	77,228
2028	77,228
2029	77,228
2030-2034	386,140
2035-2039	386,140
2040-2044	386,140
2045-2049	386,140
2050-2052	231,688
Total	2,162,388
Less: Current Portion	(77,228)
Total Noncurrent	<u>\$ 2,085,160</u>

**CASITAS MUNICIPAL WATER DISTRICT

**NOTE 10 LONG-TERM DEBT (CONTINUED)**

**F. Pledged Revenue**

The 2017 and 2019 Special Tax Bonds are secured by a pledge and lien of the special taxes levy on the taxable property within the District. The special taxes collected, debt services payments, and percentage of revenue collected over debt services payments for the years ended June 30, 2024 and 2023 are as follows:

	2024	2023
CFD 2013-1 Assessment Revenue	<u>\$ 2,963,060</u>	<u>\$ 2,929,902</u>
Special Tax Bonds - 2017 Series B Debt Service Payment	\$ 2,189,388	\$ 2,149,088
Special Tax Bonds - 2019 Series C Debt Service Payment	<u>621,850</u>	<u>610,825</u>
Total Debt Service Payments Supported by Assessment	<u>\$ 2,811,238</u>	<u>\$ 2,759,913</u>
Percentage of Revenue Collected Over Debt Service Payments	105%	106%

The 2022 loan payable is secured by a pledge and lien of all net revenues and taxes of the District. The amounts pledged are as follows:

	2024	2023
Net Water Revenues	\$ 4,059,918	\$ 2,132,747
Taxes	-	-
Total Pledged Net Revenues	<u>\$ 4,059,918</u>	<u>\$ 2,132,747</u>
Total Debt Service Payments Supported by Net Revenues	<u>\$ 326,376</u>	<u>\$ 299,178</u>
Percentage of Revenue Collected Over Debt Service Payments	1244%	713%

**NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY**

**Summary**

The following balances on the balance sheets will be addressed in this footnote as follows:

Description	2024	2023
OPEB Related Deferred Outflows of Resources	\$ 4,611,611	\$ 6,260,763
Net OPEB Liability	11,176,458	10,891,907
OPEB Related Deferred Inflows of Resources	10,428,644	11,691,864

NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)**

**Plan Description – Eligibility**

The District, through an agent multiemployer defined benefit plan (the Plan), provides postemployment healthcare benefits to retirees managed through California Employers’ Retiree Benefit Trust (CERBT). The following requirements must be satisfied in order to be eligible for postemployment medical benefits: (1) Attainment of age 60, and 20 years for full-time service, and (2) retirement from the District (the District must be the last employer prior to retirement).

**Plan Description - Benefits**

The District offers postemployment medical benefits to retired employees who satisfy the eligibility rules. Retirees may enroll in any plan available through the ACWA-JPIA medical program. The benefits provided and contribution requirements of plan members and the District are established and may be amended by the board of directors. The following is a description of the current retiree benefit plan:

Description	Participants
Benefit Types Provided	Secondary to Medicare - Medical, Dental, and Vision
Benefit Types not Covered	Medicare Part B
Duration of Benefits	Lifetime
Required Service	20 Years Service
Minimum Age	60 Years Old and CalPERS Retirement from District
Dependent Coverage	Surviving Spouse may Participate
District Contribution	100% of the Least Cost of Plans That are Offered to District employees

**Employees Covered by Benefit Terms**

At June 30, 2023 and 2022 (measurement dates), the following employees were covered by the benefit terms:

Description	2023	2022
Inactive Plan Members or Beneficiaries Currently Receiving Benefit Payments	35	34
Active Plan Members	76	75
Total	111	109

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)**

**Contributions**

Contribution requirements are established by District policy and may be amended by the board of directors. The annual contribution is based on the actuarially determined contribution; however, the District typically contributes based on the pay-as-you-go costs. For the fiscal year ended June 30, 2024, the District made no contributions to the OPEB trust, made payments totaling \$355,493 for retiree health care insurance benefits of which \$294,486 was reimbursed by the OPEB trust, made no payments for administrative expenses paid outside of the trust, and the implied subsidy was \$163,110, resulting in payments of \$224,117. For the fiscal year ended June 30, 2023, the District made no contributions to the OPEB trust, made payments totaling \$337,947 for retiree health care insurance benefits, made no payments for administrative expenses paid outside of the trust, and the implied subsidy was \$161,251, resulting in payments of \$499,198.

**A. Net OPEB Liability**

The District's net OPEB liability for the fiscal year ended June 30, 2024, was measured as of June 30, 2023 (measurement date), and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022 rolled forward to June 30, 2023, using standard update procedures.

The District's net OPEB liability for the fiscal year ended June 30, 2023, was measured as of June 30, 2022 (measurement date), and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022.

**Actuarial Assumptions and Other Inputs**

The total net OPEB liability in the June 30, 2023 and 2022 (measurement dates) actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Measurement Date	June 30, 2023	June 30, 2022
Discount Rate	4.22 %	4.19 %
Inflation	2.50	2.50
Salary Increases	2.75	2.75
Investment Rate of Return	5.25	5.25
Healthcare Cost Trend Rates	(1)	(1)
Mortality, Retirement, Disability, and Termination	(2)	(2)
Mortality Improvement	(3)	(3)

- (1) Non-Medicare: 8.5% for 2024 Decreasing to 3.45% in 2076;  
Medicare (Kaiser): 7.5% for 2024 Decreasing to 3.45% in 2076  
Medicare (Other): 6.25% for 2024 Decreasing to 3.45% in 2076

(2) Based on CalPERS 2000-2019 Experience Study.

(3) Postretirement Mortality Projected Fully Generational With Scale MP-20201

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)**

**A. Net OPEB Liability (Continued)**

Long-Term Expected Rate of Return

The long-term expected rate of return was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the OPEB plan's target asset allocations with CERBT as of June 30, 2023 and 2022 measurement dates are summarized in the following tables:

Measurement period ended June 30, 2023:

	Target Allocation CERBT - Strategy 3	Expected Real Rate of Return
Global Equity	23.00 %	4.56 %
Fixed Income	51.00	1.56
TIPS	9.00	(0.08)
Commodities	3.00	1.22
REITS	14.00	4.06
Assumed Long-Term Rate of Inflation		2.50
Expected Long-Term Net Rate of Return, Rounded		5.25

Measurement period ended June 30, 2022:

	Target Allocation CERBT - Strategy 3	Expected Real Rate of Return
Global Equity	23.00 %	4.56 %
Fixed Income	51.00	1.56
TIPS	9.00	(0.08)
Commodities	3.00	1.22
REITS	14.00	4.06
Assumed Long-Term Rate of Inflation		2.50
Expected Long-Term Net Rate of Return, Rounded		5.25

Discount Rate

GASB 75 requires a discount rate that reflects the following:

- a) The long-term expected rate of return on OPEB plan investments—to the extent that the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and assets are expected to be invested using a strategy to achieve that return;
- b) A yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher—to the extent that the conditions in (a) are not met.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)**

**A. Net OPEB Liability (Continued)**

Discount Rate – Measurement Period Ended June 30, 2023

The blended discount rate used to measure the total OPEB liability was 4.22% as of the measurement period ended June 30, 2023. The projection of cash flows used to determine the discount rate assumed that the District would make contributions based on expected pay-go costs less normal costs for future new members and that additional contributions to the trust were unlikely. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries through 2051, the crossover date. At the crossover date of 2051, the plan's fiduciary net position is not projected to be available to make required payments and, therefore, the Bond Buyer 20-Bond GO Index rate of 3.65% was applied from this date forward.

Discount Rate – Measurement Period Ended June 30, 2022

The blended discount rate used to measure the total OPEB liability was 4.19% as of the measurement period ended June 30, 2022. The projection of cash flows used to determine the discount rate assumed that the District would make contributions based on expected pay-go costs less normal costs for future new members and that additional contributions to the trust were unlikely. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries through 2052, the crossover date. At the crossover date of 2052, the plan's fiduciary net position is not projected to be available to make required payments and, therefore, the Bond Buyer 20-Bond GO Index rate of 3.54% was applied from this date forward.

Changes of Assumptions

The following changes in assumptions were noted from the measurement period ended June 30, 2022 to June 30, 2023:

- The discount rate was updated from 4.19% to 4.22%.

The following changes in assumptions were noted from the measurement period ended June 30, 2021 to June 30, 2022:

- The discount rate was updated from 2.33% to 4.19%.
- The mortality improvement scale was updated from Scale MP-2020 to Scale MP-2021.
- The medical trend rates were updated.

**C. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the fiscal years ended June 30, 2024 and 2023, the District recognized OPEB expense of \$894,600 and \$1,343,318, respectively.

As of the fiscal year ended June 30, 2024, the District reported deferred outflows and deferred inflows of resources related to the net OPEB liability from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB Contributions Subsequent to the Measurement Date	\$ 224,117	\$ -
Changes in Assumptions	4,242,834	(3,486,870)
Differences Between Expected and Actual Experience	-	(6,941,774)
Net Differences Between Projected and Actual Earnings on OPEB Plan Investments	144,660	-
Total Deferred Outflows (Inflows) of Resources	<u>\$ 4,611,611</u>	<u>\$ (10,428,644)</u>

At June 30, 2024, the District reported \$224,117 of deferred outflows of resources for employer contributions made subsequent to the measurement date which will be used to reduce the net OPEB liability balance in the fiscal year ending June 30, 2025 calculation. Other amounts reported as deferred outflows (inflows) of resources related to the net OPEB liability will be recognized in OPEB expense as follows:

Fiscal Year Ending June 30,	Amount
2025	\$ 116,542
2026	118,775
2027	(454,868)
2028	(940,157)
2029	(991,735)
Thereafter	(3,889,707)
Total	<u>\$ (6,041,150)</u>

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 11 NET OTHER POSTEMPLOYMENT BENEFITS (OPEB) LIABILITY (CONTINUED)**

**C. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)**

As of the fiscal year ended June 30, 2023, the District reported deferred outflows and deferred inflows of resources related to the net OPEB liability from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB Contributions Subsequent to the Measurement Date	\$ 499,198	\$ -
Changes in Assumptions	5,638,573	(3,828,656)
Differences Between Expected and Actual Experience	-	(7,863,208)
Net Differences Between Projected and Actual Earnings on OPEB Plan Investments	122,992	-
Total Deferred Outflows (Inflows) of Resources	<u>\$ 6,260,763</u>	<u>\$ (11,691,864)</u>

At June 30, 2023, the District reported \$499,198 of deferred outflows of resources for employer contributions made subsequent to the measurement date which were used to reduce the net OPEB liability balance in the fiscal year ended June 30, 2024 calculation.

**D. Payable to the OPEB Plan**

At June 30, 2024, the District had no outstanding amount of contributions to the OPEB plan.

**NOTE 12 PENSION PLAN**

**Summary**

The following balances on the balance sheet will be addressed in this footnote as follows:

Description	June 30, 2024	June 30, 2023
Pension Related Deferred Outflows of Resources	\$ 5,194,562	\$ 5,093,585
Net Pension Liability	12,453,797	11,523,941
Pension Related Deferred Inflows of Resources	108,857	179,685

Qualified employees are covered under a cost-sharing, multiemployer defined benefit pension plan maintained by agencies of the state of California known as the California Public Employees' Retirement System (CalPERS), or (the Plan).

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 12 PENSION PLAN (CONTINUED)**

**A. General Information about the Pension Plan**

Plan Description

All qualified permanent and probationary employees are eligible to participate in the District's Miscellaneous Employee Pension Plans (Plans), which are cost-sharing, multiemployer defined benefit pension plans administered by CalPERS. Benefit provisions under these plans are established by state statute and District resolution. CalPERS acts as a common investment and administrative agent for participating public entities within the state of California. A full description of the pension plan, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the June 30, 2022 and 2021 Annual Actuarial Valuation Reports. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Benefits Provided

The Plans' provisions and benefits in effect at the fiscal years ended June 30, 2024 and 2023 are summarized as follows:

	Miscellaneous Plans	
	Classic Tier 1	PEPRA Tier 2
	Prior to January 1, 2013	On or after January 1, 2013
Hire Date		
Benefit Formula	2.0% @ 60	2.0% @ 62
Benefit Vesting Schedule	5-Years of Service	5-Years of Service
Benefit Payments	Monthly for Life	Monthly for Life
Retirement Age	50 - 67 & up	52 - 67 & up
Monthly Benefits, as a % of Eligible Compensation	1.092% to 2.418%	1.0% to 2.5%
Required Member Contribution Rates	6.918%	6.750%
Required Member Contribution Rates - 2024:		
Normal Cost Rate	10.660%	7.680%
Payment of Unfunded Liability	\$ 816,945	\$ -
Required Member Contribution Rates - 2023:		
Normal Cost Rate	9.120%	7.470%
Payment of Unfunded Liability	\$ 843,847	\$ 8,588

CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. A Classic CalPERS Miscellaneous member becomes eligible for service retirement upon attainment of age 55 with at least five years of credited service. Public Employees' Pension Reform Act (PEPRA) Miscellaneous members become eligible for service retirement upon attainment of age 62 with at least five years of service. The service retirement benefit is a monthly allowance equal to the product of the benefit factor, years of service, and final compensation. The final compensation based on a retirement formula using the local service credit, age at retirement, and highest average annual compensation during any consecutive 12- or 36-month period throughout the employees' CalPERS career.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 12 PENSION PLAN (CONTINUED)**

**A. General Information about the Pension Plan (Continued)**

Benefits Provided (Continued)

Participant members are eligible for nonindustrial disability retirement if they become disabled and have at least five years of credited service. There is no special age requirement. The standard nonindustrial disability retirement benefit is a monthly allowance equal to 1.8% of final compensation, multiplied by service. Industrial disability benefits are not offered to miscellaneous employees.

A member's beneficiary may receive the basic death benefit if the member dies while actively employed. The member must be actively employed with the District to be eligible for this benefit. A member's survivor who is eligible for any other pre-retirement death benefit may choose to receive that death benefit instead of this basic death benefit. The basic death benefit is a lump sum in the amount of the members' accumulated contributions, where interest is currently credited at 7.15% per year, plus a lump-sum in the amount of one month's salary for each completed year of current service, up to a maximum of six months' salary. For purposes of this benefit, one month's salary is defined as the member's average monthly full-time rate of compensation during the 12 months preceding death.

Upon the death of a retiree, a one-time lump-sum payment of \$500 will be made to the retiree's designated survivor(s), or to the retiree's estate. Benefit terms provide for annual cost-of-living adjustments to each member's retirement allowance. Beginning the second calendar year after the year of retirement, retirement and survivor allowances will be annually adjusted on a compound basis by 3%.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers will be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The public agency cost-sharing plans covered by the Miscellaneous risk pool, the Plan's actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year, and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of members. For the measurement periods ending June 30, 2023 and 2022 (measurement dates), the active member contribution rate for the Classic Miscellaneous Plan and the PEPRA Miscellaneous Plan are included in the above benefits schedule.

Contributions (Continued)

Contributions for the fiscal years ended June 30, 2024 and 2023, were as follows:

<u>Employer Contributions by Fiscal Year</u>	<u>Miscellaneous Plans</u>		
	<u>Classic</u>		<u>Total</u>
	<u>Tier 1</u>	<u>PEPRA</u>	
Contributions - Employer - June 30, 2024	<u>\$ 1,180,482</u>	<u>\$ 370,984</u>	<u>\$ 1,551,466</u>
Contributions - Employer - June 30, 2023	<u>\$ 1,165,526</u>	<u>\$ 345,759</u>	<u>\$ 1,511,285</u>

**B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions**

Proportionate Share of Net Pension Liability and Pension Expense

The following table shows the District's proportionate share of the risk pool collective net pension liability over the measurement periods for the Miscellaneous Plan for the fiscal years ended June 30, 2024 and 2023:

<u>Plan Type and Balance Descriptions</u>	<u>Plan Total Pension liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Change in Plan Net Pension Liability</u>
CalPERS - Miscellaneous Plans:			
Balance as of June 30, 2022 (Measurement Date)	\$ 42,824,722	\$ 31,300,781	\$ 11,523,941
Balance as of June 30, 2023 (Measurement Date)	45,084,803	32,631,006	12,453,797
Change	<u>\$ 2,260,081</u>	<u>\$ 1,330,225</u>	<u>\$ 929,856</u>
<u>Plan Type and Balance Descriptions</u>	<u>Plan Total Pension liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Change in Plan Net Pension Liability</u>
CalPERS - Miscellaneous Plans:			
Balance as of June 30, 2021 (Measurement Date)	\$ 41,702,044	\$ 36,384,504	\$ 5,317,540
Balance as of June 30, 2022 (Measurement Date)	42,824,722	31,300,781	11,523,941
Change	<u>\$ 1,122,678</u>	<u>\$ (5,083,723)</u>	<u>\$ 6,206,401</u>

The following is the approach established by the plan actuary to allocate the net pension liability and pension expense to the individual employers within the risk pool.

- (1) In determining a cost-sharing plan's proportionate share, total amounts of liabilities and assets are first calculated for the risk pool as a whole on the valuation date (June 30, 2022 and 2021). The risk pool's fiduciary net position (FNP) subtracted from its total pension liability (TPL) determines the net pension liability (NPL) at the valuation date.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)**

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

- (2) Using standard actuarial roll forward methods, the risk pool TPL is then computed at the measurement date (June 30, 2023 and 2022). Risk pool FNP at the measurement date is then subtracted from this number to compute the NPL for the risk pool at the measurement date. For purposes of FNP in this step and any later reference thereto, the risk pool's FNP at the measurement date denotes the aggregate risk pool's FNP at June 30, 2023 and 2022 less the sum of all additional side fund (or unfunded liability) contributions made by all employers during the measurement period (2023 fiscal year and the 2022 fiscal year).
- (3) The individual plan's TPL, FNP and NPL are also calculated at the valuation date.
- (4) Two ratios are created by dividing the plan's individual TPL and FNP as of the valuation date from (3) by the amounts in step (1), the risk pool's total TPL and FNP, respectively.
- (5) The plan's TPL as of the Measurement Date is equal to the risk pool TPL generated in (2) multiplied by the TPL ratio generated in (4). The plan's FNP as of the Measurement Date is equal to the FNP generated in (2) multiplied by the FNP ratio generated in (4) plus any additional side fund (or unfunded liability) contributions made by the employer on behalf of the plan during the measurement period.
- (6) The plan's NPL at the Measurement Date is the difference between the TPL and FNP calculated in (5).

The District's net pension liability for the Plan is measured as the proportionate share of the net pension liability. The net pension liability of the Plan is measured as of June 30, 2023 and 2022, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2022 and 2021 rolled forward to June 30, 2023 and 2022, respectively, using standard update procedures. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)**

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

The District's proportionate share percentage of the net pension liability for the June 30, 2023, measurement date was as follows:

	Percentage Share of Risk Pool		Change Increase (Decrease)
	Fiscal Year Ended	Fiscal Year Ended	
	June 30, 2024	June 30, 2023	
Measurement Date	June 30, 2023	June 30, 2022	
Percentage of Risk Pool Net Pension Liability	0.249060%	0.246280%	0.002780%
Percentage of Plan (PERF C) Net Pension Liability	0.099827%	0.099770%	0.000057%

The District's proportionate share percentage of the net pension liability for the June 30, 2022, measurement date was as follows:

	Percentage Share of Risk Pool		Change Increase (Decrease)
	Fiscal Year Ended	Fiscal Year Ended	
	June 30, 2023	June 30, 2022	
Measurement Date	June 30, 2022	June 30, 2021	
Percentage of Risk Pool Net Pension Liability	0.246280%	0.280050%	-0.033770%
Percentage of Plan (PERF C) Net Pension Liability	0.099770%	0.098320%	0.001450%

For the fiscal years ended June 30, 2024 and 2023, the District recognized pension expense in the amounts of \$2,309,517 and \$74,903, respectively, for the CalPERS Miscellaneous Plan.

At June 30, 2024, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension Contributions Subsequent to the Measurement Date	\$ 1,551,466	\$ -
Differences Between Expected and Actual Experience	636,207	(98,691)
Changes in Assumptions	751,892	-
Changes in Employer's Proportion and Differences Between the Employer's Contributions and the Employer's Proportionate Share of Contributions	238,615	(10,166)
Net Differences Between Projected and Actual Earnings on Pension Plan Investments	2,016,382	-
Total Deferred Outflows (Inflows) of Resources	<u>\$ 5,194,562</u>	<u>\$ (108,857)</u>

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)**

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

The District will recognize \$1,551,466 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date as a reduction of the net pension liability in the fiscal year ending June 30, 2025.

The deferred outflows/(inflows) of resources related to the net differences between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The deferred outflows/(inflows) of resources related to the differences between expected and actual experience, changes of assumptions, and changes in employer's proportion and differences between the employer's contributions and the employer's proportionate share of contributions, will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.8 years.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Amortization Period Fiscal Year Ending June 30,	Amount
2025	\$ 1,118,007
2026	777,500
2027	1,580,872
2028	57,860
Total	<u>\$ 3,534,239</u>

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension Contributions Subsequent to the Measurement Date	\$ 1,511,285	\$ -
Differences Between Expected and Actual Experience	231,424	(154,997)
Changes in Assumptions	1,180,869	-
Changes in Employer's Proportion and Differences Between the Employer's Contributions and the Employer's Proportionate Share of Contributions	59,128	(24,688)
Net Differences Between Projected and Actual Earnings on Pension Plan Investments	2,110,879	-
Total Deferred Outflows (Inflows) of Resources	<u>\$ 5,093,585</u>	<u>\$ (179,685)</u>

**CASITAS MUNICIPAL WATER DISTRICT

JUNE 30, 2024 AND 2023**

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)**

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

The District recognized \$1,511,285 reported as deferred outflows of resources related to pensions resulting from the District's contributions subsequent to the measurement date as a reduction of the net pension liability in the fiscal year ended June 30, 2024.

The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, changes of assumptions, and differences between expected and actual experience in the measurement of the total pension liability will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.7 years.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Amortization Period Fiscal Year Ending June 30,	Amount
2024	\$ 888,682
2025	779,755
2026	443,091
2027	1,291,087
Total	<u>\$ 3,402,615</u>

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement periods ending June 30, 2023 and 2022 (the measurement dates), the total pension liabilities were based on the following actuarial methods and assumptions:

	Measurement Date June 30, 2023 <u>Entry Age Normal</u>	Measurement Date June 30, 2022 <u>Entry Age Normal</u>
Actuarial Cost Method		
Actuarial Assumptions:		
Discount Rate	6.90 %	6.90 %
Inflation	2.30	2.30
Salary Increases	(1)	(1)
Mortality Rate Table	(2)	(2)
Post Retirement Benefit Increase	(3)	(3)

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)**

Actuarial Methods and Assumptions Used to Determine Total Pension Liability (Continued)

- (1) Varies by entry age and service.
- (2) The mortality table used was developed based on CalPERS-specific data. The probabilities of mortality are based on the 2021 CalPERS Experience Study for the period from 2001 to 2019. Pre-retirement and Post-retirement mortality rates include generational mortality improvement using 80% of Scale MP-2020 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from November 2021 that can be found on the CalPERS website.
- (3) The less of contract COLA or 2.30% until Purchasing Power Protection Allowance Floor on purchasing power applies, 2.30% thereafter.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations. Using historical returns all of the funds' asset classes, expected compound (geometric) returns were calculated over the next 20 years using a building-block approach. The expected rate of return was then adjusted to account for assumed administrative expenses of 10 Basis points.

The expected real rates of return by asset class are as follows for the measurement period ended June 30, 2023:

Asset Class	Assumed Asset Allocation	Real Return (a) (b)
Global Equity - Cap-weighted	30.00 %	4.54 %
Global Equity - Non-Cap-weighted	12.00	3.84
Private Equity	13.00	7.28
Treasury	5.00	0.27
Mortgage-Backed Securities	5.00	0.50
Investment Grade Corporates	10.00	1.56
High Yield	5.00	2.27
Emerging Market Debt	5.00	2.48
Private Debt	5.00	3.57
Real Assets	15.00	3.21
Leverage	(5.00)	(0.59)
Total	<u>100.00 %</u>	

- (a) An expected inflation of 2.3% is used for this period.
- (b) Figures are based on the 2021 Asset Liability Management study.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 12 PENSION PLAN (CONTINUED)**

**B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)**

Discount Rate

The discount rate used to measure the total pension liability was 6.90% for the measurement periods ending June 30, 2023 and 2022, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability for the Plans, as of the measurement dates, calculated using the discount rate for each plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

	1% Decrease 5.90%	Discount Rate 6.90%	1% Increase 7.90%
June 30, 2023 (Measurement Date)	<u>\$ 18,551,325</u>	<u>\$ 12,453,797</u>	<u>\$ 7,435,008</u>
	1% Decrease 5.90%	Discount Rate 6.90%	1% Increase 7.90%
June 30, 2022 (Measurement Date)	<u>\$ 17,361,723</u>	<u>\$ 11,523,941</u>	<u>\$ 6,720,895</u>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report and can be obtained from CalPERS' website under Forms and Publications.

Payable to Pension Plans

At June 30, 2024 and 2023, the District had no outstanding amount of contributions to the pension plans

**NOTE 15 DEFERRED COMPENSATION SAVINGS PLAN**

For the benefit of its employees, the District participates in two defined contribution 457 Deferred Compensation Programs (Programs). The purpose of these Programs is to provide deferred compensation for public employees that elect to participate in the Programs. Generally, eligible employees may defer receipt of a portion of their salary until termination, retirement, death, or unforeseeable emergency. Until the funds are paid or otherwise made available to the employee, the employee is not obligated to report the deferred salary for income tax purposes.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 15 DEFERRED COMPENSATION SAVINGS PLAN (CONTINUED)**

Federal law requires deferred compensation assets to be held in trust for the exclusive benefit of the participants. Accordingly, the District is in compliance with this legislation. Therefore, these assets are not the legal property of the District and are not subject to claims of the District's general creditors. Since the District has little administrative involvement and does not perform the investing function for this plan, the assets and related liabilities are not shown on the accompanying financial statements. The District makes no contributions to these plans.

**NOTE 16 RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters; and terrorism. The District is self-insured for the first \$25,000 of general and auto liabilities for each occurrence, and the excess (up to \$10,000,000) per occurrence and in the aggregate) is covered through the purchase of an insurance policy. Employment practices liability coverage is self-insured for the \$25,000, and the excess (up to \$5,000,000 per occurrence and in the aggregate) is covered through the insurance policy.

The District is a member Public Risk Innovation Solutions and Management Agency (PRISM, formally CSAC Excess Insurance Authority) (Agency) for its workers' compensation coverage. The District is self-insured for the first \$125,000 of each occurrence, and the Authority finances \$5,000,000 per occurrence. The District purchased additional excess coverage layers of \$95 million which increases the limits set forth by the Agency.

Settled claims have not exceeded any of the coverage amounts in any of the last three fiscal years and there were no reductions in the District's insurance coverage during the years ended June 30, 2024, 2023, and 2022. Liabilities are recorded when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated net of the respective insurance coverage. Liabilities include an amount for claims that have been incurred but not reported (IBNR). The estimate of claims for the year ended June 30, 2024 include an estimate of claims that have been incurred but not reported (IBNR). There was no IBNR applied to claims payable as of June 30, 2023 and 2022. The following is the claims liability as of June 30, 2024 and 2023:

<u>Long-Term Debt</u>	Balance July 1, 2023	Additions	Deletions	Balance June 30, 2024	Due Within One Year	Due in More Than One Year
Claims Liability	\$ 166,648	\$ 357,245	\$ (150,033)	\$ 373,860	\$ 288,397	\$ 85,463

<u>Long-Term Debt</u>	Balance July 1, 2022	Additions	Deletions	Balance June 30, 2023	Due Within One Year	Due in More Than One Year
Claims Liability	\$ 95,167	\$ 128,637	\$ (57,156)	\$ 166,648	\$ -	\$ 166,648

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 17 COMMITMENTS AND CONTINGENCIES**

**State Water Contract**

Estimates of the District's share of the project fixed costs of the State Water Project (SWP) are provided annually by the state. The estimates are subject to future increases or decreases resulting from changes in planned facilities, refinements in cost estimates, and inflation.

During the next five years, payments under the State Water Contract, exclusive of variable power costs, are currently estimated by the state to be as follows:

<u>Fiscal Year Ending June 30,</u>	<u>Amount</u>
2025	\$ 1,150,969
2026	1,136,149
2027	1,154,024
2028	1,170,985
2029	1,193,586
Total	<u>\$ 5,805,713</u>

As of June 30, 2024, the District has expended \$29.5 million since the District started participating in the State Water Contract.

According to the state's latest estimates, the District's long-term obligations (25% share) under the contract, for capital and minimum operations and maintenance costs, including interest to the year 2069, are as follows:

	<u>State Water Contract Long-Term Obligations</u>
Transportation Facilities	\$ 13,693,326
Conservation Facilities	6,529,140
Off-Aqueduct Power Facilities	1,172,329
Revenue Bond Surcharge	779
Total Long-Term SWP Contract Obligations	<u>\$ 21,395,574</u>

The amounts shown above do not contain any escalation or inflation and are subject to significant variation over time because the amounts are based on a number of assumptions and are contingent on future events. Accordingly, none of the estimated long-term obligations are recorded as liabilities in the accompanying basic financial statements.

There are other pending actions that may adversely impact the District's ability to control the sale of water transported through the SWP into its service area. The impact on future revenues of such actions cannot be determined.

**CASITAS MUNICIPAL WATER DISTRICT  
NOTES TO BASIC FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 17 COMMITMENTS AND CONTINGENCIES (CONTINUED)**

**Grant Awards**

Grant funds received by the District are subject to audit by the grantor agencies. Such audit could lead to requests for reimbursements to the grantor agencies for expenditures disallowed under terms of the grant. Management of the District believes that such disallowances, if any, would not be significant.

**Litigation**

In the ordinary course of operations, the District is subject to claims and litigation from outside parties. After consultation with legal counsel, the District believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

**REQUIRED SUPPLEMENTARY INFORMATION**

Notes to Schedule:

Benefit Changes:

There were no changes in benefits.

Changes in Assumptions:

From fiscal year June 30, 2015 to June 30, 2016:

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014 measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administrative expense.

From fiscal year June 30, 2016 to June 30, 2017:

There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018:

The discount rate was reduced from 7.65% to 7.15%.

From fiscal year June 30, 2018 to June 30, 2022:

There were no significant changes in assumptions.

From fiscal year June 30, 2022 to June 30, 2023:

The discount rate and long-term rate of return decreased from 7.15% to 6.90% and the inflation rate decreased from 2.50% to 2.30%.

From fiscal year June 30, 2023 to June 30, 2024:

There were no significant changes in assumptions.

OVERVIEW OF STATISTICAL INFORMATION  
PRESENTED IN FIVE CATEGORIES**

**Overview of Statistical Information Presented in Five Categories**

*Financial Trend Information* – Intended to assist users in understanding and assessing how a District's financial position has changed over time.

*Revenue Capacity Information* – Intended to assist users in understanding and assessing the factors affecting a District's ability to generate own revenue.

*Debt Capacity Information* – Intended to assist users in understanding and assessing a District's debt burden and its ability to issue additional debt.

*Demographic and Economic Information* – Intended to assist users in understanding the socioeconomic environment within which a District operates and to provide information that facilitates comparison of financial statement information over time and among agencies.

*Operating Information* – Intended to provide information about a District's operations and resources in order to assist readers in using financial statement information to understand and assess an agencies economic condition.

Board of Directors  
Casitas Municipal Water District  
Oak View, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Casitas Municipal Water District (the District) as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise District's basic financial statements, and have issued our report thereon dated October 23, 2024.

***Report on Internal Control Over Financial Reporting***

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

***Report on Compliance and Other Matters***

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

***Purpose of This Report***

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## MEMORANDUM

---

TO: Board of Directors  
From: Michael L. Flood, General Manager  
RE: Approve the Fiscal Year 2025 Water Rate Study Proposal from Bartle Wells.  
Date: November 8, 2024

---

### RECOMMENDATION:

Approve the Fiscal Year 2025 Water Rate Study as presented in the amount of \$39,150.

### BACKGROUND:

The Casitas MWD Board of Directors adopted a three-year water rate adjustment schedule in December of 2023.

A three-year Memorandum of Understanding (MOU) with the City of Ventura was also approved by the Casitas Board obligating the City of Ventura to a minimum of 2,200 Acre-Feet per year of water rate revenue for Casitas.

The basis of those rates is a total water demand of 13,000 Acre-Feet per year.

Over the last two Fiscal Years (2023 and 2024), Casitas' water demands have been 8,198 Acre-Feet and 6,994 Acre-Feet respectively, mostly due to extremely wet conditions.

Casitas MWD's current Fiscal Year 2025 budget contemplates a water demand of 10,464 Acre-Feet for the year including an adjustment for the Casitas-City of Ventura MOU.

### DISCUSSION:

Casitas Staff has reached out to the consultant the developed the current three-year rate schedule, Bartle & Wells and asked for a proposal to review Casitas MWD's water rates in light of the current conditions and possible input from the Finance Committee.

The Bartle and Wells proposal is attached.

The Finance Committee reviewed the proposal at its October 18, 2024 meeting and asked staff to forward the proposal to the Board of Directors for further discussion.

BUDGETARY IMPACT:

The Fiscal Year 2025 budget includes an item for a water rate study in the amount of \$50,000.

Re: Proposal for a Water Rate Study Update

Bartle Wells Associates (BWA) is pleased to submit a proposal to develop a water rate study update for the Casitas Municipal Water District. Since 1964, our firm has specialized in providing independent financial and utility rate consulting services to California water and wastewater agencies.

We have served over 600 public agencies throughout California, including numerous southern California agencies such as Casitas Municipal Water District, Cities of San Clemente, Hemet, Santa Barbara, Poway, Imperial, Glendale, Chula Vista, Palmdale, Hesperia, Palm Springs, Port Hueneme, Lancaster, Apple Valley, and Paramount, as well as the Ramona Municipal Water District, Helix Water District, Joshua Basin Water District, Palmdale Water District, Lake Arrowhead Community Services District, Big Bear Area Regional Wastewater Agency, Victor Valley Regional Wastewater Agency, Indian Wells Valley Water District, Moulton-Niguel Water District, Lake Arrowhead Community Services District, Cucamonga Valley Water District, San Diego County Water Authority and many others.

We have enjoyed working with District staff in conducting the 2023 water rate study. Our proposed study update will be based on a comprehensive analysis of consumption data and financial data, ensuring that the rate structures reflect the current usage patterns and financial needs of the District. Additionally, we will update the adjudication charge to better align with the latest cost information, customer data, and financial objectives.

We are very interested in working with the District on this project and hope this submission provides a suitable basis for our selection. We are prepared to complete the project according to the District's scheduling needs and appreciate your consideration. Please do not hesitate to contact us if you have any questions or would like additional information.

Sincerely,

Michael DeGroot  
Vice President

E-mail: [michael@bartlewells.com](mailto:michael@bartlewells.com)

Bartle Wells Associates was established in 1964 and is a California Corporation and certified State of California Small Business. Our Federal Tax ID number is 94-1664409

## **BWA FIRM OVERVIEW**

Bartle Wells Associates is a leading California consulting firm specializing in water and wastewater utility rates and finance. The firm was established in 1964. BWA specializes in three professional services: utility rate and fee studies, financial plans, and project financing. We are one of the few independent financial advisors providing all three of these interrelated services to public agencies. BWA has completed over 1,000 utility rate and fee studies and has helped public agencies obtain over \$5 billion of low-cost project financing via bonds, bank loans, and a range of state and federally-subsidized financing programs.

## **EXPERIENCE**

BWA has served over 600 public agencies from all areas of California. Our clients have ranged from small cities and districts to large cities, special districts, joint power authorities, and counties. BWA extensive experience in California developing inclining block rate structures with fixed and individualized tiers. BWA consultants are very familiar with the requirements of Propositions 26 and 218 as well as AB 1668 and SB 606.

## **BWA PROJECT TEAM**

BWA proposes to assign Michael DeGroot as the project manager. Michael DeGroot has over ten years of experience in municipal finance. He has substantial experience developing long-term financial models and utility rates based on a cost of service approach.

## **GENERAL PROJECT APPROACH**

BWA's general project approach is to work closely with District staff and other members of the project team, identify objectives, set milestones, have frequent communication, and remain flexible to resolve unanticipated issues. All work will be completed by Bartle Wells Associates. BWA has a long track record of completing assignments on-schedule and on-budget.

## **SUMMARY OF PROPOSED SCOPE OF SERVICES**

This proposal includes a draft scope of services. BWA can work with the District to finalize a scope of services and budget that achieve all of the District's objectives. Key elements of our proposal include:

- **Update Financial Plan and Consumption Information:** Develop financial plans to serve as financial roadmaps for funding the District's operating and capital programs while maintaining long-term financial health. As part of this task, BWA will update the financial model with the latest cash fund balances and analyze the latest consumption information and the impact on District revenues.
- **Develop Surcharge / Rate Stabilization:** Evaluate rate alternatives and recommend rate surcharge that meet the District's annual revenue requirements while being fair and equitable to all customers. Final surcharge recommendations will be designed to make up any loss in revenue and replenish reserves.
- **Update the Adjudication Charges Approved in 2020:** BWA will work with the District to update the adjudication charges that were approved in 2020.

- **Board Meetings & Implementation:** Rate and fee adjustments can be controversial. BWA has found that ratepayers are generally more accepting of rate and fee increases when they understand why the increases are needed. Our proposal includes up to five (5) virtual Board/subcommittee meetings to build final consensus with the rate recommendation. BWA will review and assist drafting the required notification.

# Firm Organization and Project Team

## **BARTLE WELLS ASSOCIATES**

**Leaders in Water, Wastewater & Stormwater Rates and Finance Since 1964**

Bartle Wells Associates (BWA) is an independent financial advisory firm with expertise in the areas of water, wastewater, and stormwater finance. BWA was established in 1964 and has over 50 years of experience advising cities, special districts, and other agencies on the complexities and challenges in public finance. We have advised over 600 public agency clients throughout California and the western United States. We have a diversity of abilities and experience to evaluate all types of financial issues faced by local governments and to recommend the best and most-practical solutions.

Bartle Wells Associates has a highly qualified professional team of five consultants. Our educational backgrounds include finance, business, public administration, public policy, and economics.

BWA specializes in three professional services: utility cost-of-service rate and fee studies, financial plans, and project financing. We are one of the few independent financial advisors providing *all three* of these interrelated services to public agencies.

**RATE AND FEE STUDIES** Our rate studies employ a cost-of-service approach and are designed to maintain the long-term financial health of a utility enterprise while being fair to all customers. We develop practical recommendations that are easy to implement and often phase in rate adjustments over time to minimize the impact on ratepayers. We also have extensive experience developing impact fees that equitably recover the costs of infrastructure required to serve new development. BWA has completed hundreds of utility rate and fee studies. We have helped communities implement a wide range of rate structures and are knowledgeable about the legal requirements governing rates and impact fees. We develop clear, effective presentations and have represented public agencies at hundreds of public hearings to build consensus for our recommendations.

**FINANCIAL PLANS** Our financial plans provide agencies with a flexible roadmap for funding long-term operating and capital needs. We evaluate the wide range of financing options available, develop a plan that recommends the best financing approach, and clearly identify the sources of revenue for funding projects and repaying any debt. We also help agencies develop prudent financial policies, such as fund reserve targets, to support sound financial management. BWA has developed over 2,000 utility enterprise financial plans to help public agencies fund their operating and capital programs, meet debt service requirements, and maintain long-term financial health.

**PROJECT FINANCING** Our project financing experience includes over 300 bond sales and numerous bank loans, lines of credit, and a range of state and federal grant and loan programs. We generally recommend issuing debt via a competitive sale process to achieve the lowest cost financing possible. To date, we have helped California agencies obtain over \$5 billion of financing via bonds, bank loans/private placements, lines of credit, low-rate State Revolving Fund Loans, and other funding programs. We work only

for public agencies; we are independent financial advisors and do not buy, trade, or resell bonds. Our work is concentrated on providing independent advice that enables our clients to finance their projects on the most favorable terms—lowest interest rates, smallest issue size, and greatest flexibility.

Bartle Wells Associates is a charter member of the **National Association of Municipal Advisors** (NAMA), which establishes strict criteria for independent advisory firms. All of our lead consultants are *Certified Independent Professional Municipal Advisors* and are Registered Municipal Advisors.

**BWA has served over 550 public agencies throughout California and the western United States.**

Bartle Wells Associates is committed to providing value and the best advice to our clients. Our strength is *quality*—the quality of advice, service, and work we do for all our clients.

**EXPERIENCE** BWA has extensive experience developing long-term financial plans, utility rates, and capacity fees for public agencies from all areas of California and the western U.S. In recent years, we have completed assignments for many agencies including:

Sample Water/Sewer/ Stormwater Districts

- Monterey One Water
- Pico Water District
- South San Luis Obispo County San District
- San Miguel Community Services District
- Rio Linda/ Elverta Community Water District
- Alameda County Water District
- Cambria Community Services District
- Sonoma County Water Agency
- Mid-Peninsula Water District
- Silicon Valley Clean Water
- Ramona Municipal Water District
- East Bay Municipal Utility District
- Sausalito-Marín City Sanitary District
- Union Sanitary District
- Novato Sanitary District
- Montara Water & Sanitary District
- West Valley Sanitation District
- Joshua Basin Water District
- Napa Sanitation District
- East Bay Municipal Utility District
- West Valley Sanitation District
- San Francisco Public Utilities Commission

Sample Cities

- City of Santa Barbara
- City of Modesto
- City of Palmdale
- City of San Clemente
- City of Hemet
- City of Fresno
- City of Palm Springs
- City of Poway
- City of Imperial
- City of Port Hueneme
- City of Redwood City
- City of Hesperia
- City of Glendale
- City of Solvang
- City of Brawley
- City of Chula Vista
- City of Morro Bay
- City of Vacaville
- City of San Carlos
- City of Monterey
- City of Mountain View
- City of Lancaster

## PROJECT TEAM

Our general project approach is to work closely with staff and other members of the project team, identify objectives, set milestones, have frequent communication, and remain flexible to resolve unanticipated issues.

Bartle Wells Associates has a highly-qualified professional team. Our education and backgrounds include finance, business, public administration, public policy, and economics. Bartle Wells Associates has a long track record of completing projects on time and on or under budget.

Bartle Wells Associates will perform all work related to this assignment and does not plan to use any subcontractors for this project. Our consulting staff has availability to assist on this project as needed to ensure all project work and deliverables are completed on schedule.

### **Michael DeGroot, Project Manager**

Michael DeGroot is a Vice President with over ten years of experience developing long-term financial models and utility rates based on a cost of service approach. Michael has worked with many regional agencies. *Michael will serve as will serve as the primary contact person and manage the day-to-day project work. He will be involved in all aspects of the project from kickoff to implementation.*

**Analytical Support**  
**Additional BWA Staff**  
**Available as Needed**

## RESUMES

---

### MICHAEL J. DEGROOT

#### Vice President

Michael DeGroot is a Vice President and registered Municipal Advisor with Bartle Wells Associates. He specializes in developing long-term financial plans, water and sewer rates, and capacity fees for cities and special districts. Mr. DeGroot has over ten years of experience working with a wide range of California public agencies. He works closely with City staff, engineers, lawyers, and other consultants to develop financial projections and rate and fee recommendations including equitable rate structures for water and sewer enterprises.

#### Education

B.S., Business Administration – U.C. Berkeley Walter A. Haas School of Business, Berkeley, CA

#### Representative Projects

- **Casitas Municipal Water District:** Water rate study.
- **Santa Clarita Valley Water Agency:** Water capacity fee study.
- **South Feather Water and Power Agency:** Water rate study.
- **City of Placerville:** Water and sewer rate study.
- **City of Patterson:** Water rate study and water, sewer, and stormwater capacity fee studies.
- **Thermalito Water and Sewer District:** Water and sewer rate study.
- **Idyllwild Water District:** Water and sewer rate study.
- **City of Santa Barbara:** Water rate study and water and sewer capacity fees.
- **City of Foster City:** Water and sewer rate study and analysis of alternative rate structures.
- **Marina Coast Water District:** Water and sewer capacity fee study.
- **San Dieguito Water District:** Water capacity fee study.
- **Palmdale Water District:** Water rate study.
- **City of California City:** Water and sewer rates, impact fees, and miscellaneous charges.
- **City of Fresno:** Water capacity fees.
- **Town of Yountville:** Water and sewer rate study.
- **Malaga County Water District:** Water and sewer rate study and capacity fees.
- **Pinedale County Water District:** Water rate study.
- **Mariposa County:** Water and sewer financial plans for six utilities and funding plan for roads.
- **Irish Beach Water District:** Assessment for water infrastructure funding.
- **City of Angels Camp:** Water and sewer rate study.
- **City of Hemet:** Water rate study, including water budget rate structure recommendation.
- **Paradise Irrigation District:** Water enterprise financial plan and capacity fee.
- **Browns Valley Irrigation District:** Water rate study
- **City of Milpitas:** Water rate study.

#### Certifications

MSRB -Registered Municipal Advisor Principal – Series 50

# PROJECT SCOPE

## PROJECT APPROACH

Our general project approach is to work closely with staff and other members of the project team, identify objectives, set milestones, have frequent communication, and remain flexible to resolve unanticipated issues. The key components of our approach are:

- *Knowledge of the District and Similar Entities:* BWA specializes in water and wastewater rates and finance and has worked for over 600 agencies, including Casitas Municipal Water District. BWA extensive experience in California developing inclining block rate structures with fixed and individualized tiers. BWA consultants are very familiar with the requirements of Propositions 26 and 218 as well as AB 1668 and SB 606.
- *Cost-Effectiveness:* Effective project management and cost control are critical to the success of any project. BWA emphasizes careful cost management and regular tracking of hours billed to avoid exceeding the budget.
- *Timeliness:* BWA has the in-house resources and expertise to meet the District’s scheduling needs. We take deadlines seriously. We have extensive experience successfully completing projects and addressing unexpected issues while meeting tight deadlines.

BWA’s approach to each project is based on a comprehensive analysis of each agency’s unique financial situation, customer base, consumption patterns, and demands. We do not have a “one-size-fits-all” rate model. We tailor each study to fit the distinct requisites of each agency to ensure that all recommendations reflect local needs and objectives.

## METHODOLOGY

This section presents our methodology and proposed scope of services that we believe form a sound basis for completing this assignment. We will work with the District to finalize a scope of services that meets the District’s objectives and schedule. At the end of the study, BWA will produce a defensible document that outlines a comprehensive, reasonable financial plan attainable through sound, industry-standard recommendations.

## TASK A. PROJECT INITIATION & DATA COLLECTION

### 1. Project Team Orientation

To initiate our work, hold a conference call or meeting with District staff and others as appropriate, to accomplish the following:

- Identify members of District staff, Board of Directors, engineering consultants, and other consultants/advisors who will participate in the project.
- Determine the roles and responsibilities of all project participants.
- Identify other parties that may have a significant interest in the project, such as community groups, business organizations, and large customers.
- Establish project schedule and key milestone dates.
- Confirm the key goals and expectations of the project team.

*BWA recommends holding the kickoff meeting after we have reviewed preliminary information. This will enable the kickoff meeting to be more substantive and facilitate more in-depth discussion of key issues and preliminary observations and potential alternatives.*

### 2. Investigation and Data Collection

Assemble the information necessary to understand finances, customers and usage, rate and fee structures, and legal agreements with other agencies. Assistance and cooperation of District staff will be needed to assemble the relevant background information. The objectives of investigation and data collection are to develop a complete understanding of the enterprises and their finances, and to reach an agreement on basic assumptions to be used in the study.

#### Task A – Project Initiation Deliverables Include:

- Project kickoff meeting
- Identification of project goals and objectives
- Revised project schedule and budget
- Project team contact list
- Identification of key assumptions and alternatives for evaluation

## TASK B. LONG-RANGE FINANCIAL PLANS

### 1. Develop Forecasts and Projections

Based on evaluation of the data assembled and input provided by staff and other members of the project team, prepare forecasts and projections to be used in the development of financial projections. Develop projections for the following areas (and others as appropriate):

**Water Demand, Supply, & Cost:** With staff input, forecast demand, future conservation projections, sources of supply, and the cost of water supply. Evaluate alternative water supply and cost scenarios as warranted.

### 2. Review and Update Fund Reserve Targets

Evaluate the adequacy of the District's current fund reserves. As warranted, identify alternatives, and update minimum fund reserve targets based on operating and capital funding projections and loss of reserves due to conservation. Develop an implementation plan for achieving and maintaining the recommended reserve fund levels.

### 3. Update Long-Range Cash Flow Projections

BWA recommends updating ten-year financial plans. BWA will develop cash flow projections showing the financial position over the next ten years. The cash flows will project fund balances, revenues, expenses, and debt service coverage. BWA typically recommends that rate increases be phased in over time to minimize the annual impact on ratepayers.

### 4. Evaluate Financial Scenarios & Rate Increase Options

Based on the cash flow projections, determine the annual revenue requirements and project the additional revenue requirement for a new stabilization rate and updated adjudication surcharge. Evaluate the financial impact of various financial and rate adjustment alternatives, such as phasing in required rate increases over a number of years. If appropriate, develop a reduced rate alternative.

### 5. Meet with District to Discuss Findings & Gain Input

Coordinate a meeting with District staff to discuss findings, alternatives, and preliminary recommendations. Receive input and revise alternatives and recommendations as appropriate.

*The 10-year financial plans will serve as financial roadmaps for funding future operating and capital programs while supporting long-term financial stability.*

#### Task B - 10-Year Financial Plan Deliverables Include:

- Recommendation for updated fund reserve targets
- Updated financial projections
- Identification of alternative rate / surcharge scenarios for District evaluation
- Meet with District to discuss findings and alternatives, and gain input

## TASK C. COST-OF-SERVICE ANALYSIS & RATE DESIGN

### 1. Analyze Historical Utility Consumption & Billing Data

Evaluate historical demand and utility billing data, and production data, to determine reasonable and conservative estimates of demand to use in developing rates and/or alternatives. Demand can fluctuate from year to year depending on various factors such as weather and local and regional conservation efforts.

### 2. Identify Rate Structure Modifications & Alternatives

Identify rate structures designed to better achieve District objectives. Discuss pros and cons of different rate structure options and their general impacts on different types of customers. *Rate options will be refined as the study progresses based on input from the District's project team*

### 3. Cost Allocation

Ensure equity in revenue recovery. Work with District staff to identify direct and indirect benefits to different types of customers from current District operations and projected operation with implementation of the District's long-range financial plan. As appropriate, identify changes in methodology to improve fairness and/or better reflect District objectives for revenue recovery.

### 4. Cost-of-Service Rate Derivation

Develop new rates based on a reasonable and defensible cost-of-service methodology. As part of this process, BWA will develop tables documenting how costs are allocated for recovery from various rate components and how rates are derived. The goal is to develop rates that support District objectives and policy preferences and reflect the cost of providing service.

### 5. Develop Preliminary & Final Rate Recommendations

Based on the cost of service allocations and rate structure analysis, develop draft rate recommendations designed to achieve the revenue targets identified in the financial plan. The recommendations can include a multi-year phase in of both overall rate increases and proposed rate as appropriate. Review preliminary recommendations and key alternatives with the District's project team for input and refinement of recommendations. Final rate recommendations will be designed to:

- a) fund the cost of providing service including adjudication costs,
- b) achieve debt service coverage requirements and fund reserve targets,
- c) provide a prudent balance of revenue stability and conservation incentive,
- d) be fair and equitable to all customers, and
- e) be easy to implement and administer

### 6. Evaluate Rate Impacts on District Customers

Calculate the rate impacts of rate alternative on a range of District customers (e.g. different customer classes, customers with different levels of use, etc.) Work with the project team to identify customer and usage profiles to use for calculating the rate impacts. Discuss additional rate structure adjustments that may reduce the impact on certain customers if warranted and/or requested by the project team.

*Rates will be developed based on a cost-of-service approach designed to equitably recover the cost of providing service to all customers.*

**7. Draft a Report Summarizing Findings & Recommendations**

Submit a draft summary report summarizing objectives, findings and recommendations. Receive input on draft report from the District’s project team. Prepare final reports incorporating input received.

**8. Meet with District to Discuss Findings & Gain Input**

Coordinate a meeting with District staff to discuss findings, alternatives, and preliminary recommendations. Receive input and revise alternatives and recommendations as appropriate.

**Task C – Rate Study Deliverables Include:**

- Analysis of utility billing data
- Identification of rate alternatives and their impacts on District customers
- Cost-of-service allocations supporting the proposed rates
- Preliminary and final rate recommendations
- Draft and final reports
- Meet with District to discuss findings and alternatives, and gain input

## TASK D. PRESENTATIONS & PUBLIC OUTREACH

### 1. Meetings/Presentations

Meet with the District's project team to present and present findings, discuss alternatives and their impacts, gain ongoing input, and develop and hone recommendations. Present findings to Board of Directors. The final number of meetings will be determined with input from the District's project team. A preliminary schedule could include: virtual progress meetings with the project team as needed, four meetings with the finance subcommittee or Board to present preliminary and final recommendations, and a presentation at the public hearing.

Presentations will provide brief background and study objectives, make a clear case why rate increases are needed, describe the rate structure (and potentially key alternatives) approved by the project team, show rate impacts on various customer profiles, present findings of the rate survey, and discuss related financial and policy recommendations. We have substantial experience in presenting our findings to both technical and governing boards and to audiences without a background in water rates or finances.

### 2. Prepare Draft & Final Reports & Present Findings

Submit a draft summary report for District review and feedback. The report will summarize key findings and recommendations and discuss key alternatives when applicable. Receive input on draft report from the District's project team and Board of Directors. Prepare final reports incorporating feedback received. We will provide copies of both the draft and final reports and electronic versions to the District as needed.

### 3. Develop a User-Friendly Rate Model

Develop a simple and straightforward Excel-based financial and rate model to enable the District to evaluate financial scenarios and project future utility rates. The model will enable District staff to update financial information and key assumptions and evaluate the impacts of various rate increase alternatives on fund reserves, debt service coverage ratios, and customer bills. BWA has developed numerous rate and financial models for utility enterprises. We have found that keeping a model as straightforward as possible, without unnecessary complexity, can increase the model's usability and improve effectiveness as an in-house planning tool. BWA will be available to train District staff or provide assistance as needed.

### 4. Public Education and Consensus-Building

Rate and fee adjustments are often controversial. BWA has extensive experience developing clear presentations that facilitate public understanding of the need for rate increases. We understand the importance of building consensus and public acceptance for our recommendations and can assist the District in developing public education materials.

#### Task D – Board Presentations & Public Outreach Deliverables Include:

- Presentations at up to 5 virtual meetings including 4 Board/subcommittee meetings plus the public hearing
- PowerPoint presentation summarizing key findings, alternatives, and recommendation, including a summary presentation at the rate hearing
- Draft and final reports summarizing key findings, alternatives, and recommendations

# PROPOSED PROJECT SCHEDULE

Provided below is a draft timeframe for completion of the Project. BWA will work with the District to develop a final schedule designed to meet the District’s objectives. The preliminary schedule is based on adopting rates effective April 1<sup>st</sup>, 2025.

PROJECT TASK	OCT/NOV			DEC/JAN			FEB/MAR		
Research									
Financial Plan									
Cost Allocation and Rate Design									
Draft, Revised, & Final Reports									
Board Meetings and 218 Hearing									

*Note: Individual project milestones will be established based on consultation with the project team.*

# Cost Proposal

Provided below is a draft breakdown of our budget by task. We remain available to work with the District to refine the scope and budget to meet the District’s objectives and expectations.

TASK	Estimated M. DeGroot		Total Cost
	Hours	@ \$270/hr	
<b>PROJECT INITIATION &amp; DATA ANALYSIS</b>	<b>20</b>	20	<b>\$5,400</b>
<b>FINANCIAL PLAN</b>	<b>20</b>	20	<b>\$5,400</b>
<b>COST ALLOCATION</b>	<b>35</b>	35	<b>\$9,450</b>
<b>RATE DESIGN</b>	<b>35</b>	35	<b>\$9,450</b>
<b>MEETINGS, PRESENTATIONS, REPORT &amp; 218 ASSISTANCE</b>	<b>35</b>	35	<b>\$9,450</b>
<b>SUBTOTAL HOURS</b>	<b>145</b>	145	<b>\$39,150</b>
<b>TOTAL PROJECT COSTS</b>			<b>\$39,150</b>

## AVAILABILITY & FEES

1. Bartle Wells Associates is prepared to begin work upon authorization to proceed.
2. During the project development period, Bartle Wells Associates will be available at all reasonable times and on reasonable notice for meetings and for consultation with staff, attorneys, consulting engineers, and others as necessary.
3. Bartle Wells Associates will perform all work related to the assignment. Michael DeGroot, a firm Vice President, will serve as the Project Manager and lead contact person, BWA and will be involved with the project a day-to-day basis. This project team may be assisted by other BWA analysts as needed.
4. The fees for services outlined in this proposal will not exceed \$39,150 for the Water Rate Study Update. The fee is based on the following assumptions:
  - a. All necessary information will be provided by the client agency in a timely manner.
  - b. Development of a draft, final draft, and final version of tables, presentations, and reports. Time and expenses involved in revising tables and assumptions or developing additional versions of documents may constitute additional services if not achievable within the budget.
  - c. Up to five (5) virtual meetings/presentations with the District Board/subcommittee. Additional meetings or presentations may constitute additional services if not achievable within the budget.
5. Progress payments and direct expenses are payable on a time and materials basis as the work proceeds as provided in our Billing Rate Schedule 2024, which will remain in effect through the duration of this assignment.
6. Bartle Wells Associates will maintain in force, during the full term of the assignment, insurance as provided in the Certificate of Insurance attached.
7. If the project is terminated for any reason, Bartle Wells Associates is to be reimbursed for professional services and direct expenses incurred up to the time we receive notification of such termination.
8. This proposal may be withdrawn or amended if not accepted within 120 days of its date.
9. We will not require a formal contract of employment and will consider a letter or e-mail from an appropriate official as sufficient authority to proceed.

**BARTLE WELLS ASSOCIATES**  
**BILLING RATE SCHEDULE 2024**  
 Rates Effective 1/1/2024

**Professional Services**

Financial Analyst I .....	\$120 per hour
Financial Analyst II .....	\$140 per hour
Associate Consultant.....	\$160 per hour
Consultant .....	\$180 per hour
Senior Consultant.....	\$210 per hour
Project Manager .....	\$240 per hour
Principal Consultant .....	\$270 per hour

The hourly rates for professional services include all overhead and indirect expenses. Bartle Wells Associates does not charge for administrative support services. Expert witness, legal testimony, or other special limited assignments will be billed at one and one-half times the consultant’s hourly rate.

The above rates will remain in effect through December 31, 2024, at which point they will be subject to adjustment.

**Direct Expenses**

Subconsultants will be billed at cost plus ten percent. Other reimbursable direct expenses incurred on behalf of the agency will be billed at cost plus ten percent. These reimbursable costs include, but are not limited to:

- Travel, meals, lodging
- Printing and photocopying
- Special statistical analysis
- Outside computer services
- Bond ratings
- Automobile mileage
- Messenger services and mailing costs
- Graphic design and photography
- Special legal services
- Legal advertisements

**Insurance**

Bartle Wells Associates maintains insurance in the amounts and coverage as provided in the attached schedule of insurance. Additional or special insurance, licensing, or permit requirements beyond what is shown on the schedule of insurance are billed in addition to the contract amount.

**Payment**

Fees are typically billed monthly or bi-monthly for the preceding work period and are due and payable within 30 days of the date of the invoice. A late charge of 1.0 percent per month may be applied to balances unpaid after 60 days.

## MUNICIPAL ADVISOR DISCLOSURES

This section provides certain disclosures required by the Municipal Securities Rulemaking Board (MSRB) regarding our duties as a Municipal Advisor to the extent any such duties apply to this assignment.

\* Bartle Wells Associates will provide advice and conduct activities with a “duty of care” and a “fiduciary duty” to the District. Our role and responsibilities during this engagement will continue through the completion of the project.

\* Bartle Wells Associates is a registered Municipal Advisor with the Securities and Exchange Commission (SEC Registration No. 867-00740) and the Municipal Securities Rulemaking Board (MSRB ID K0414).

\* Bartle Wells Associates has never been cited for any legal or disciplinary action regarding municipal advisory activities.

\* Bartle Wells Associates has not and will not receive any compensation from any third party seeking to provide services, municipal securities transactions, or municipal financial products related to this transaction. BWA or any of its employees will not engage in any activities that would produce a direct or indirect financial gain for the firm other than compensation for our services identified in this proposal.

\* Bartle Wells Associates is not aware of any conflicts of interest that would affect our ability to provide independent and objective advice and Municipal Advisory services in a manner consistent with the requirements of MSRB Rule G-42.

\* The website address for the Municipal Securities Rulemaking Board (MSRB) is [www.MSRB.org](http://www.MSRB.org). The MSRB’s website provides a municipal advisory client brochure that describes the protections that may be provided by the MSRB rules and how to file a complaint with an appropriate regulatory authority. The municipal advisory client brochure is accessible via a link on [www.MSRB.org](http://www.MSRB.org) or can be downloaded from <http://www.msrb.org/~media/Files/Resources/MSRB-MA-Clients-Brochure>.

# SCHEDULE OF INSURANCE

## SCHEDULE OF INSURANCE

Insured: BARTLE WELLS ASSOCIATES

*Bartle Wells Associates will maintain in force, during the full term of the assignment, insurance in the amounts and coverage as provided in this schedule. If additional insurance is required, and the insurer increases the premium as a result, then the amount of the increase will be added to the contract price.*

---

---

**CASITAS MUNICIPAL WATER DISTRICT  
MEMORANDUM**

---

---

**TO:** BOARD OF DIRECTORS  
**FROM:** MICHAEL L. FLOOD, GENERAL MANAGER  
**SUBJECT:** APPROVE TWO SALARY RANGE CHANGES AND AN  
UNBUDGETED ITEM EXPENSE IN THE AMOUNT OF \$18,935.61  
**DATE:** 11/08/24

---

---

**RECOMMENDATION:**

Approve the salary range changes and unbudgeted item expense as presented.

**BACKGROUND:**

The Park Services Manager and Fisheries Biologist positions are fairly unique to Casitas and represent management of two important areas of the District's ongoing operations.

Given the evolving nature of the District's planning and operational needs, these positions are currently out of salary range parity with other management positions within the District.

**DISCUSSION:**

The Park Services Manager is responsible for the ongoing planning and operations of the Lake Casitas Recreation Area and includes supervision of two directly-reporting full-time employees and an additional nine full-time employees in the Recreation Department. This department has a Fiscal Year 2025 budget of \$5.8M. This position's current salary range is M23.

The Fisheries Biologist position is responsible for the ongoing planning and operation of the District's Fisheries Department and includes supervision of three directly-reporting full-time employees. This department has a Fiscal Year 2025 budget of \$745K. This position's current salary range is M19.

As a comparison, the Public Relations and Conservation Manager position has two directly-reporting full-time employees and a Fiscal Year 2025 budget of \$673K. This position's current salary range is M25.

It is proposed that the Park Services Manager position salary range be changed to M26 (+5.2% change) and that the Fisheries Biologist position salary range be changed to M23 (+10.38% change).

**BUDGETARY IMPACT:**

This action will result in a change to the Fiscal Year 2025 budget of \$18,935.61

---

---

**CASITAS MUNICIPAL WATER DISTRICT  
MEMORANDUM**

---

---

**TO:** BOARD OF DIRECTORS  
**FROM:** MICHAEL L. FLOOD, GENERAL MANAGER  
**SUBJECT:** APPROVE ONE NEW JOB DESCRIPTION AND ONE POSITION IN THE OPERATIONS AND MAINTENANCE DEPARTMENT, ELIMINATE ONE POSITION IN THE OPERATIONS AND MAINTENANCE DEPARTMENT, AND APPROVE AN UNBUDGETED ITEM EXPENSE OF \$40,389.92.  
**DATE:** 11/08/24

---

**RECOMMENDATIONS:**

- a. Approve the New Job Description of Plant Maintenance Technician I-II
- b. Approve the Additional Position of Plant Maintenance Technician I-II for the District's Operations and Maintenance Department
- c. Eliminate One Position of Water Treatment Operator in the Operations and Maintenance Department
- d. Approve a Fiscal Year 2025 unbudgeted item expense of \$40,389.92

**BACKGROUND:**

The Water Treatment Section of the Operations and Maintenance Department is in need of a position that can take care of many of the typical maintenance tasks at the Marion Walker Water Treatment Plant.

A resignation earlier this year of a Water Treatment Operator at the plant has provided the ability to consider this need and the possibility of creating a new position rather than filling the Water Treatment Operator position.

**DISCUSSION:**

Many of the tasks at the Marion Walker Water Treatment Plant involve routine repair and maintenance of plant equipment such as pumps, motors, valves, piping, etc. as well as routine cleaning of the plant grounds and treatment facilities. These tasks don't require the experience and licenses needed for the Water Treatment Operator position.

The proposed position would include two different levels with Level I being the entry-level position and Level II being the journey-level position. The main difference between the two levels are that the Level II position would assist with more skilled tasks related to treatment and dam facilities and have the licensing and certificates necessary to perform these tasks while under the supervision of a Water Treatment Operator.

If approved, this position would be filled at the entry-level of Level I and the open Water Treatment Operator position would be eliminated.

With the resignation of a Water Treatment Operator earlier this year and consideration of making this change to the treatment plant staffing, the existing Water Treatment Operator position was not included in the approved Fiscal Year 2024-2025 budget.

If approved, the position would be expected to be filled in February 2025.

**BUDGETARY IMPACT:**

This action will result in a change to the Fiscal Year 2025 budget of \$40,389.92.

## CASITAS MUNICIPAL WATER DISTRICT

JOB TITLE: Plant Maintenance Technician I-II  
REPORTS TO: Water Treatment Supervisor  
SALARY LEVEL: E-18 (Level I) and E-22 (Level II)  
DATE: October 2024

### **Definition:**

Under general supervision, provides semi-skilled and skilled maintenance support for the Marion Walker Treatment Plant, Ojai Water System, and Casitas Dam locations. Assists with the installation, maintenance and repair of equipment including, pumps, motors, compressors, piping, regulators, valve actuators, control valves, and appurtenant equipment. Participates in predictive and preventive maintenance routines and maintains maintenance records. Performs landscaping and housekeeping duties at treatment and dam facilities and ensures grounds are maintained to a high standard. Assists the damtender and treatment operators with routine operational and maintenance duties as needed. This position will not assume shift or standby operations.

Level 1: is the entry-level classification in this series and is supervised by the Treatment Supervisor. Individuals in this class work under the immediate supervision of either the Treatment Supervisor or his designees. This classification level is responsible for directly assisting the treatment and damtender staff, completing a wide variety of work routines including cleaning, painting, landscaping, and preventative maintenance.

Level 2: is the journey level classification in the series. In addition to performing the duties and responsibilities of Level I, this classification is distinguished in that the employee is required to have a broader range of experience and knowledge to maintain the Casitas dam, treatment facilities and wellfield pumping grounds. Additionally, secondary duties related to plant and dam operations will be assumed such as assisting with inspections, chemical deliveries, instrument calibrations, meter reads, and water quality field tests.

### **Essential Functions:**

*The duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to this class.*

#### Level 1

- Perform general plant facility maintenance; inspect, service and repair components of the water treatment plant including pumps, valves, motors, meters, intakes, pipes, pressure filters, water storage vessels, chemical tanks, and other related infrastructure and/or equipment.

- Perform regular maintenance routines; maintain equipment records and logs.
- Complete landscaping functions; cut weeds, vegetation, and brush.
- Ensure worksites are maintained in a clean, orderly, and safe condition by performing housekeeping duties at treatment and dam facilities.
- Perform general clean up and maintenance of roads, drains, ditches, and culverts.
- Perform interior and exterior painting for plant related facilities and structures.
- Operate a variety of tools and equipment such as welding and cutting tools, backhoe, forklift, mobile crane, skip loader, motorboats, and valve operators.
- Perform a wide variety of general grounds and facility maintenance work including cleaning walkways, removing debris, and cleaning restrooms.
- Assist with routine operational and maintenance duties for Casitas dam, reservoir, and aeration systems.
- Perform basic lockout/tagout (LOTO) functions as necessary when servicing equipment.
- Perform semi-skilled carpentry work; measure, cut, and shape materials.
- May be required to assist other district sectional departments as needed.

## Level 2

- Performs primary duties of Level 1 Plant Maintenance Technician as listed above.
- Under direct supervision assist with tasks related to the operation of groundwater and/or surface water treatment facilities including chemical deliveries, instrument calibrations, meter reads and water quality field tests.
- Assist with maintenance, repair, and troubleshooting routines for the treatment section pressure reducing and pressure relief valves (CLA-VAL's).
- Perform special project work as assigned; gather data and perform spreadsheet entries.
- Assist alternate O&M sections in emergencies and special circumstance events.

## Knowledge, Skills, and Abilities:

Knowledge of the methods, materials, tools, and equipment used in the operation and maintenance of water utilities and earthen dam structures; basic maintenance methods, tools and equipment used in facility maintenance repair work; weed abatement techniques and related equipment. Knowledge of modern office procedures, methods and computer equipment, including applicable software applications such as word processing and spreadsheets. Knowledge of OSHA requirements for mandated safety programs including principles and practices of work safety. Demonstrated safety knowledge for working around 480 volt systems or smaller; using isolation switches, circuit breakers and associated electrical and mechanical equipment to properly "lock out/tag out" for the isolation of control, electrical, hydraulic, and mechanical systems.

Ability to demonstrate initiative, operate independently and follow instructions; communicate effectively, verbally and in writing; interact effectively with peers and external personnel to establish and maintain effective working relationships; apply

common sense in carrying out verbal or written instructions; evaluate alternatives, recommend and/or implement effective courses of action; interpret and apply

departmental policies and procedures. Ability to keep accurate and up to maintenance logs and records; work with hand tools, and various power tools; identify and use proper personnel protective equipment; verify safety using test equipment to ensure all conditions are safe; read and interpret technical manuals, blueprints, drawings, schematics and diagrams; operate and maintain a variety of hand and power tools required for day-to-day operations.

### **Education, Experience, Certificates, and Licenses:**

A combination of experience and education that has led to the acquisition of the knowledge, skills, and abilities as indicated above. A typical way to obtain the knowledge, skills and abilities would be:

#### **Plant Maintenance Technician 1**

- Equivalent to graduation from high school and one year of experience as a maintenance worker including grounds maintenance or mechanical service work: experience is desirable but not required.
- Possession of a valid California Class C California driver's license.
- CPR/First Aid certificate

#### **Plant Maintenance Technician 2**

- Equivalent to graduation from high school and three years of progressive experience in maintenance work at the Casitas dam and treatment facilities as a Plant Maintenance Technician I.
- Possession of a valid California Class C California driver's license.
- CPR/First Aid certificate.
- Clean Water Environment Association Mechanical Technologist Grade 1 Certificate
- Possession of a valid Grade I Water Treatment Operator certificate issued by the California State Water Resources Control Board

### **Work Environment or Environmental Elements:**

Will work indoors and outdoors, and may be exposed to cold and hot temperatures, inclement weather conditions, loud noise levels, vibration, confining workspace, chemicals, mechanical and/or electrical hazards, and hazardous physical substances and fumes. Performs permit required confined space entries. May interact with upset staff and/or public and private representatives, and contractors in interpreting and enforcing departmental policies and procedures.

**Physical Requirements:**

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. Must possess mobility to work in the field, in District buildings and facilities; strength, stamina and mobility to perform light to medium physical work, to work in confined spaces, around machines, to walk on uneven terrain, and to climb and descend ladders, and operate varied hand and power tools and construction equipment. Specific vision abilities required by this job include close vision, distance vision, depth perception and color vision. Ability to communicate in person and over the telephone or radio. The job involves fieldwork requiring frequent walking in operational areas to identify problems or hazards. The employee is required to have manual dexterity sufficient to operate District vehicles, computers and standard office machines such as computers, tablets, smartphones, telephones, copiers, fax, etc. Positions in this classification bend, stoop, kneel, reach and climb to perform work and inspect work sites. Employees must possess the ability to lift, carry, push, and pull materials and objects weighing up to 50 pounds without assistance.

**Other Requirements:**

- United States citizenship or legal eligibility to work in the United States.
- Medical evaluation and pre-employment physical and drug screening to determine physical fitness for the job.
- Acceptable driving record consistent with the standards established by the district.
- Participation in job training or professional development programs.

**Working Conditions:**

Incumbents must be willing to work as needed during non-routine or emergency conditions, which may include after hour, weekend, or holiday work. The specific statements shown in each section of this description are not intended to be all-inclusive. They represent the essential functions and minimum qualifications necessary to successfully perform the assigned tasks and functions.

**CASITAS MUNICIPAL WATER DISTRICT  
MEMORANDUM**

---

---

**TO:** BOARD OF DIRECTORS  
**FROM:** MICHAEL FLOOD- GENERAL MANAGER  
**SUBJECT:** SET CASITAS MUNICIPAL WATER DISTRICT RESERVE AMOUNTS FOR THE 2024/2025 FISCAL YEAR  
**DATE:** 11/13/2024

---

**RECOMMENDATION:**

Recommend the Board of Directors set reserves for the 2024/2025 fiscal year as recommended.

**DISCUSSION:**

Reserves for the fiscal-year-end 2023/2024 are calculated as follows:

***Restricted:***

**Capital Facilities** - Has been increased from \$324,412 to **\$433,297** a total of \$108,885.

**CFD 2013-1Improvement Fund-** Has been reduced from \$2,296,697 to **\$133,776** a total of \$2,162,921.

**Adjudication Fund-** Has been increased from \$488,688 to **\$966,914** a total of \$478,226.

**OPEB-** Has been reduced from \$1,465,130 to **\$1,255,474** a total of \$209,656.

***Un-Restricted:***

**Operating Reserve (Cash Flow)** – Has been increased from \$4,586,431 to **\$4,634,281** a total of \$47,850.

**Storm Damage** - Has had no change and remains at **\$0**.

**Variation in Water Sales** - Has been reduced from \$3,065,506 to **\$2,083,406** a total of \$982,100.

**Capital Replacement** - Has had no change and remains at **\$1,985,040**.

**Conservation Penalty** – Has been reduced from \$4,310,141 to **\$3,610,069** a total of \$700,072.

**Alternate Water Supply** – Has been increased from \$0 to **\$974,523** a total of \$974,523.

**The net change** - The net change for restricted reserves from Fiscal Year End 2022 / 2023 to Fiscal Year End 2023 / 2024 is \$1,785,466 decrease. The net change for unrestricted reserves from Fiscal Year End 2022 / 2023 to Fiscal Year End 2023 / 2024 is \$659,800 decrease.

Staff recommends that the Board of Directors sets the District's Fiscal Year 2024/2025 reserve account amounts as listed above.

Casitas Municipal Water District  
1055 Ventura Avenue  
Oak View, CA 93022

### **RE: Ballot for Election of a Special District Regular Member to the Ventura LAFCo**

Dear President/Chair of the Board:

Enclosed please find your Official Ballot for the election of a special district regular member to the Ventura LAFCo for a new, four-year term beginning January 1, 2025, and ending December 31, 2028. This election is being conducted by mail pursuant to California Government Code Section 56332 (or by email, if consent has been provided by your District - see enclosed list of those districts which have consented to email). A total of four candidates have been nominated for the regular member position. The candidates are listed alphabetically on the Official Ballot and a copy of each candidate's statement (if submitted) is enclosed.

#### **INSTRUCTIONS**

- **Use the enclosed Official Ballot to vote for only one candidate.**
- **The ballot must be signed and dated by the district president/chair or presiding officer.**
- **All ballots being returned via US Mail must be returned to the Ventura LAFCo at the address listed above. Districts that have previously consented to conduct elections via email can email a copy of the signed ballot to: [kai.luoma@ventura.org](mailto:kai.luoma@ventura.org).**
- **BALLOTS MUST BE RECEIVED BY 5:00 p.m. FRIDAY, DECEMBER 6, 2024. (Ballots received after 5:00 p.m. Friday, December 6, 2024, will not be counted.)**

There are 29 independent special districts eligible to vote in this election. At least 15 districts must return completed/signed ballots to achieve a quorum. If a quorum is achieved, the candidate receiving the most votes will be considered elected. In the event of a tie for the most votes, the outcome will be determined by lot. The election results will be mailed to each district no later than Friday, December 20, 2024. Please let us know if you have questions.

Sincerely,

Kai Luoma  
Executive Officer

Enclosures  
c: General Manager

## CANDIDATE STATEMENT

**Ventura LAFCo**  
**Special District Regular Member**

**Mohammed A. Hasan, P.E.**

Thank you for considering me for the Special District Regular Member of Ventura LAFCo. I have served as the Alternate Special District Member on Ventura LAFCo since 2022. As a 50-year resident of Ventura County where my wife and I raised our children, long ago I came to value the role that LAFCo has played in making our county such a beautiful and thriving place. A place where agriculture and open space are highly valued and protected, where urban sprawl is kept at bay, and where our local governments strive to provide quality and efficient services to our residents.

I have served on the board of directors of United Water Conservation District since 2020 and have an extensive background in water, wastewater, and the environment. I am a civil engineer and surveyor, with a couple of graduate degrees from the University of Iowa. I am the owner and principal engineer of Hasan Consultants, which I founded in 1984. Hasan Consultants, located in Ventura, is a civil/environmental engineering and planning firm. Prior to that, I was head of utilities at the City of Oxnard, and a civil engineer with the Ventura Regional Sanitation District. In these roles, I have had the opportunity to work with Ventura LAFCo in different capacities for over 35 years.

I am a co-founder of Ocean Foresters, which assists local coastal communities establish floating reefs for erosion control; vice president of El Concilio Family Services; a Fellow of two national professional societies; a community college instructor and lecturer; and a Paul Harris fellow of Rotary International. In addition, I have been recognized locally and nationally as a leader in water and wastewater, and authored the water book, *Drought is Not a Four-Letter Word*.

I believe my background and expertise in water and wastewater, the environment, and regional planning gives me a good perspective on the mission and role of LAFCo. That perspective is enhanced by my experience working as a private consultant in land use matters, as well as working for cities and special districts. I believe that I can bring a unique perspective to the Ventura LAFCo and would use that perspective to further the mission of Ventura LAFCO to benefit the entire Ventura County.

It would be a tremendous honor to serve on the Ventura LAFCo as a regular member of the commission, and I would greatly appreciate your support.

**Stephen H. Huber**

1701 N. Lombard Street, Suite 200  
Oxnard, CA 93030  
(805) 525-4431  
SteveH@unitedwater.org

**Subj: Ventura LAFCo Special District Regular Member Candidate Statement**

Name: **Steve Huber**

Occupation: Director, United Water Conservation District, Division 5

As the United Water Conservation District representative for LAFCo I will be a transparent member, asking questions, and making suggestions to ensure that we best manage our resources for the present and future.

I have strong relationships with local elected officials, Navy leaders, and business leaders in Oxnard and Ventura County, as well as at the state and national level. As past chair of both the City Planning Commission and the Downtown Oxnard Improvement Association, I understand California Code regarding boundaries, spheres of influence, incorporations, annexations, reorganizations, and other changes of organization. I know the importance of running an efficient, productive meeting within the rules of the Brown Act. I understand the role of a Board member in creating policy that best serves our residents. As a former commanding officer of both a Naval Destroyer and the Naval Surface Warfare Center at Port Hueneme, I have experience in dealing with water issues. My successful 30-year Navy career and membership on several community boards have provided me with the experience for this position.

I would be honored to earn your vote.

Steve Huber

Director, Division 5

United Water Conservation District

## CHRIS STEPHENS

Nominated by the Ventura Port District Board of Port Commissioners to be a candidate to serve as Special District's regular member on Ventura County LAFCo.

Chris Stephens was appointed to the Ventura Port District Board effective July 1, 2017. He served as Board Chair from 2019 through 2022. Previously, Chris served on the County Planning Commission, the City of Ventura General Plan Visioning Committee and later its Charter Committee

Stephens served 35 years in a number of local government positions. He served as Ventura County's Planning Director and later as the head of its Resource Management Agency. Prior to that he served as the Deputy Executive Director of the Ventura County Transportation Commission. He has been involved with many community organizations and programs and has served as a member of the Hansen Agricultural Trust Advisory Board, the Ag Futures Alliance, Foothill Little League Board, Ventura YMCA Program Committee, and *House Farm Workers!* Board of Directors.

# OFFICIAL BALLOT - 2024

## INDEPENDENT SPECIAL DISTRICTS SELECTION COMMITTEE Regular Special District Member to the Ventura LAFCo

### Casitas Municipal Water District

This is the Official Ballot for the Independent Special Districts Selection Committee for the purpose of electing the following position to the Ventura LAFCo:

One special district regular member for a four-year term beginning January 1, 2025, and ending December 31, 2028.

The election involves four candidates for the special district regular member (listed below in alphabetical order). Please vote for only one candidate. A minimum of 15 qualified ballots must be returned by the deadline to establish a quorum of the independent special districts, pursuant to Government Code Section 56332. The candidate receiving the most votes of the quorum shall be elected. In the event of a tie vote, the outcome will be determined by lot.

**PLEASE SIGN AND RETURN THIS BALLOT to the Ventura LAFCo, 801 S. Victoria Avenue, Suite 301, Ventura, CA 93003, or if previous consent has been given to conduct elections via e-mail, send your signed ballot to [kai.luoma@ventura.org](mailto:kai.luoma@ventura.org). All ballots MUST be signed and dated by the district president/chair or presiding officer of the board and received by LAFCo by 5 P.M. Friday, December 6, 2024, to be counted.**

As the District President, Chair or Presiding Officer, I duly certify that the Casitas Municipal Water District does hereby cast its ballot as follows:

REGULAR LAFCo SPECIAL DISTRICT MEMBER FOR A FOUR-YEAR TERM BEGINNING JANUARY 1, 2025		
✓	(vote for one)	
	Mohammed Hasan	United Water Conservation District
	Steve Huber	United Water Conservation District
	Chris Stephens	Ventura Port District
	William Ulrich	Ojai Valley Sanitary District

\* Special Districts that have provided written consent to conduct the election via email as of October 22, 2024.

**CASITAS MUNICIPAL WATER DISTRICT**

**MINUTES**

**Finance Committee**

**(this meeting was held telephonically and in-person)**

DATE: October 24, 2024  
TO: Board of Directors  
FROM: General Manager, Michael Flood  
Re: Finance Committee Meeting of October 18, 2024 at 1000 hours.

**RECOMMENDATION:**

It is recommended that the Board of Directors receive and file this report.

**BACKGROUND AND OVERVIEW:**

1. **Roll Call.**  
Director Neil Cole  
Director Richard Hajas  
General Manager, Michael Flood  
Assistant General Manager, Kelley Dyer  
Chief Financial Officer, Janyne Brown  
Executive Administrator, Rebekah Vieira
2. **Public Comments.**  
None
3. **Board/Management comments.**  
None
4. **Casitas MWD Fiscal Year 2024 and 2023 Audit Report Draft.**  
CFO Brown presented the results of the Draft Audit Report to the Committee.

Director Cole asked questions about the Recreation Department's improved revenue and expense results.

The Committee requested that the Draft Audit Report be forwarded to the Board of Directors for consideration.

5. **Review Staff Recommendations to Set Casitas MWD Reserve Account Amounts for the 2024/2025 Fiscal Year.**  
CFO Brown went over the recommendations with the Committee.

The Committee requested that this item be forwarded to the Board for consideration.

6. **Review Fiscal Year 2025 Water Rate Study Proposal from Bartle Wells.**  
GM Flood covered the staff report for this item with the Committee

Director Hajas asked questions about the timeframe for the current rate schedule related to last year's study.

Director Cole expressed concerns with the consultant's ability to understand the District's needs and design a comprehensive rate model.

The Committee directed that this item be forwarded to the Board for consideration.

7. **Review of Financial Statements for May 2024 and the Non-Budgeted Items Log.**  
CFO Brown presented the results to the Committee
8. **Review of Financial Statements for June 2024 and the Non-Budgeted Items Log.**  
CFO Brown presented the results to the Committee
9. **Review of Financial Statements for July 2024 and the Non-Budgeted Items Log.**  
CFO Brown presented the results to the Committee.
10. **Review of Financial Statements for August 2024 and the Non-Budgeted Items Log**  
CFO Brown presented the results to the Committee.

Director Hajas asked questions about the bank balance forecast included in the packet.

GM Flood indicated that the forecast was based on a very conservative estimate but there would likely need to be some additional pull from District reserves if the forecast were to be realized.

11. **Review of FY 2023/2024 Consumption Report.**  
GM Flood reviewed the report with the Committee
12. **Review of Consumption Report for July & August 2024.**  
GM Flood reviewed the report with the Committee and noted that consumption had doubled from the same two months during the previous year.

May Summary
-Received property tax deposits totaling almost \$3 million of which \$1.2million is for CFD 2013-1 assessment, \$1.3 million is related to 1% allocation, and \$473k relates to State Water Project.
- Grant revenue includes \$324k related to the intertie project (IRWN grant) and \$46k related to January Storm reimbursement from FEMA
-SWP is showing a credit due to refund notices that were received that relate to prior periods.
-Admin department trending high mainly due to unbudgeted rate study expenses and LCRA admin overhead not being booked.

as of 9.11.2024

August Summary

- Water consumption nearly doubled compared to prior year and the increase is mainly attributable to resale. Agriculture and residential have also increased and is reflected in the increased in revenue.
- LCRA general and water park revenue is about 22% higher or \$425k than prior year.
- Capital expenses include \$73k Rincon generators, \$49K intertie project, and DBP reduction \$27k.
- Engineering encumbered funds include \$1.2M for the Ventura-Santa Barbara County Intertie project, \$1.1M for the Rincon
